Dear father

I was very glad to get thy letter in regard to Rufus Jones' book and much interested in what thee says about it. - I shall be glad to hear thy opinion when thee has read the whole of it. - We passed it our last meeting of the Book Committee and it is now in the library.

I enclose herewith a letter and description of a mortgage ^{William Dickens} ~~the~~ suggests we should take to close up the balance of uninvested principal we have on hand of the Book Fund. - The will notice that he offers to take it off our

hands if after inspection in the autumn
on our return home we do not think the
Security is satisfactory - He has been
unable to find a \$2000 mortgage before
this which he thought would satisfy
us -

We are very glad to hear good reports
from Carrie and Henry - We saw Anna
and Thos yesterday and Anna said she
had a nice letter from Carrie and it was
very bright and Cheery.

Our children are all at
Woodbourn today we suppose (except
Harold who is at a house party at
Eaglesmere) as I had a letter from Edward
this Am saying they expected to start
yesterday and spend the night at Wilkubarn
and proceed this Am.

With much love for thee and all the
family at North East I am thy affectionate
G. C.
