

To Female Society of Phila.

Apr. 6, 1931

On Mar. 20 the Playground Association sent three unemployed people to entertain us and we all enjoyed it a lot. One man sang several songs beautifully, a lady played for us and accompanied on singing and another man, slight of hand performer was also very good and gave the women a good laugh and entertainment for an hour. The Kindergarten children were here to enjoy it too.

Budget Noone went in the Little Sisters of the Poor Home 53rd & Chester Ave March 6th.

I advised her to get her Priest and some friends to help her get admitted and she did and is very happy there. Mary Room that was here before was taken on in her place. Her brother helped her but his business is not good so he can not help her now and she was so glad to come to sew again.

Thru Miss Slovum the women each got a chocolate egg Thursday and will get ice cream this afternoon as an Easter treat. The women are so pleased with this treat and want to thank the Board of Managers for Good Friday Holiday.

We have quite a number of quilts to make

all handsome silk and more coming, enough
to last the rest of this season I think.

Bertha S. Cranmer
