SPECIAL TO THE INQUIRER.

CHESTER, Pa., Oct. 10.—A one-sided game of football was played between the P. M. A. and Swarthmore teams on the Academy campus this afternoon. The visitors had the game well in hand from the start and the home team had no show at all. The Swarthmore team is a much heavier team than the P. M. A. and before time was called had run up a score of 54 to 0. E. Hart met with an accident in a scrimmage in the first half and had to retire, G. Smith taking his place. Simmons for Swarthmore played a good game and made two good runs, for which he received loud applause. The teams were as follows:

| Swarthmore    | Positions    | P. M. A.   |
|---------------|--------------|------------|
| White         | Right end    | Aiken      |

INTERCOLLEGIATE STATE LEAGUE

Swarthmore Defeated by State College by a score of 44 to 0.

SWARTHMORE, Pa., Oct. 17 [SPECIAL].—The first game for the championship of the Intercollegiate State League was played on the Swarthmore grounds between the Swarthmore and State College teams, and resulted in a victory for the visitors by a score of 44 to 0. From the beginning it was plain to be seen that the State College men were greatly superior in team work, and that they owe their victory. For State College Auld, Cartwright, and Atherton played a strong game, while Carr, Cocks, and Walker did good work for Swarthmore. The teams lined up as follows:

| Swarthmore    | Positions    | State College |
|---------------|--------------|---------------|
| Carr          | left end     | Matter        |
| Walker        | left tackle  | Ellis         |

DISTRICT COUNCIL  
OF  
Phi Kappa Psi,  
Philadelphia.

April 6th, 1893.

Amici.

1. Our strong bands can ne'er be broken,  
Formed in old Phi Psi,  
Far surpassing wealth unspoken,  
Sealed by friendship's tie.

CHORUS:—Amici usque ad aras,  
Deep graven on each heart,  
Shall be found unwar'ring, true,  
When we from life shall part.

College life at best is passing,  
Gliding swiftly by;  
Then let us pledge in word and deed  
Our love for old Phi Psi.  
(Chorus.)

2. As Dwells Within Each Human Breast.

*Air—Auld Lang Syne.*

As dwells within each human breast  
A soul that cannot die;  
So deep within our bosom rests  
Our love for old Phi Psi.

CHORUS:—For old Phi Kappa Psi, my friends,  
For old Phi Kappa Psi;  
We'll take a drop before we stop  
For old Phi Kappa Psi.

Where'er we go in life's vast field  
To answer duty's cry,  
There is a thought we'll always shield,  
The thought of old Phi Psi.  
(Chorus.)

## BROTHERS ASSEMBLE IN RECORD ATTENDANCE AT 1931 ALUMNI BANQUET

Inspiring Addresses by National President Bassett and A. Mitchell Palmer

The forty-third annual Pennsylvania Kappa banquet was the crowning event of a big Phi Psi week. Eleven new brothers initiated on Wednesday enjoyed their first banquet which was no exception to its forty-two predecessors in Phi Psi hilarity, spirit and enthusiasm.

Brother Dave Rowlands called festivities to order in the Bellevue's Kappahallowed Clover Room the evening of January 10th. A close to the record attendance with about eighty alums and an active chapter of close to forty was remarkable considering the depression and the number of six dollars lost in the market tumble.

All six of the Bellevue's home cooked courses were thoroughly enjoyed after which the new brothers were initiated into the mysteries of their first banquet cigar. Ha-cha music was donated by a trio of Willard Burton Alexander's melodians and cheers and close and open harmony by the assembled brethren aided their respective digestions.

Brother Ben Moore took the annual ride as goat but succeeded in weathering the abuse. Brothers Dawes and Skinner, of Hamburg Show fame, introduced the chapter and various familiar alumni brothers with aid of a boop-boop-adoop ha-cha baby grand. Brother Clem Biddle, Chapter G. P. gave a resume of chapter activities and how Pennsylvania Kappa is

## BITTER BATTLE ENDS AS KAPPA BEGETS BEVY OF BIG, BOUNCING BABY BOYS

Year's Rushing Efforts Crowned by Successful Pledging of Large Class

This past rushing season has been rather reminiscent of that red-coated individual of the great northwest, the Canadian Northwest Mounted Policeman who always "gets his man." Yes, we got our men, and what a great bunch they are; a class of which the active chapter and alumni can be justly proud. Collectively, they're great but individually—well, individually they're just a lot of green freshmen behind whose ears one can still detect traces of moisture. And now on to the boys—

WALTER T. BAKER, JR.

"Tink" is one of those ill-fated individuals who start life all wrong by taking a slide rule course in engineering. He hails from East Aurora, N. Y., and is the son of Walter T. Baker, class of 1906. "Tink" is the Adonis of the freshman class, and it is said that his manly beauty would show up to more advantage in a fine arts classroom that it does in the workshop. Too—it is rumored, how-

## BROTHER ED BASSETT UNANIMOUSLY ELECTED NATIONAL PRESIDENT

Graduated in 1905; Served as National Treasurer Since 1926

Pennsylvania Kappa received one of the highest honors which has ever come to her, last June, at the 1930 G. A. C., held at White Sulphur Springs, Virginia, when Brother Edward Bassett was unanimously elected National President of Phi Kappa Psi.

Brother Bassett is a graduate of the class of 1905. His services to Pennsylvania Kappa have been of the highest order during these twenty-five years and have been highly appreciated by all the brothers of this chapter. His services

DOUBLE BORDERED REVERSIBLE

## Spring Bed

(PATENTED)

THE only Spring Bed made in four sections and which provides an even centre, at all times.

No Sagging! Absolutely Noiseless!  
Easily Adjusted!

Contains 140 best tempered steel japanned springs, which cannot rust and will wear a lifetime. The Empress Spring Bed is guaranteed, and if it breaks will be replaced with a new one without charge. As the greatest strain on a spring bed is in the centre, the advantage of the Empress Bed with four sections can be readily appreciated. If the centre sags, by reversing the sections a level surface is again obtained, and the sagged portion is removed to the head or foot, where there is no strain. A child can reverse it.
