Dear Mother -

7/8/63

Can't locate my letter paper - thus this note paper.
Thanks for sending on Jack's letter which came today.

Last Saturday we took off for Stone Harbor to find a place to stay from 7/27 to 8/10. We were able to find a place - sort of a bungalow at 104-16 ^{2nd} Ave. There were very few places to choose between for these two weeks - so it was well we didn't postpone it longer. We had beautiful weather both on Sat. & Sunday and the visit to the beach was enjoyed by all.

We had a nice long letter from ~~her~~ ^{her} ~~mother~~ ^{mother} today and she seems to be enjoying camp. She sent us a schedule of her activities which include arts & craft, tennis, swimming, sailing, hobby. She found the water a bit cold after the warm weather ended. They caught her in cabin inspection with a corner of a towel sticking out her drawer. Maybe this will help improve the tidiness of her room when she gets home!

We tried to persuade Art to stay over the weekend & go down to the shore with us but he seemed to think he'd better be headed on - Squers Anne told them this when they called.

We were sorry we didn't call thee when we came home after the fireworks on the 4th.

Enclosed is an ad that perhaps thee saw in the Friend. I wondered if I should call but decided at last for thee to write if thee wanted to tell her of thy interest & inquire re references etc. If I can help at this point let me know & I'll try.

Joe is off this pm to N.Y. to see Jean & Ann off on the boat to France. Hope thee & Aunt Anne are fine. Much love to you both in which Anne joins.

by Cape Shore

P.S. Henry S. told me that Coy. Leary, Roger.

perhaps think. by plane to Europe. Betty etc were off
