

THE SWARTHMORE REAR

BARNSTORMERS PRESENT COMEDY

"Adam and Eva" Pleases Players' Club Audience at Woman's Clubhouse

ESTHER ALLEN DIRECTOR

The Barnstormers of Ridley Park provided several evenings of entertainment for the Players' Club of Swarthmore this week in presenting "Adam and Eva," a modern comedy by Guy Bolton and George Middleton directed by Esther Howard Allen. The play was presented on Monday, Tuesday, and Wednesday evening to large audiences. For many years Swarthmore and Ridley Park have exchanged productions once during each winter season. This year's offering by the people from the neighboring borough was one of the most polished productions ever brought here.

Esther Howard Allen, who was a member of the class of '27 at Swarthmore College and very active in dramatics during her college career, deserves praise for the sustained interest in a play which is almost devoid of action. The second act in particular was well presented in spite of the preponderance of rather obvious conversation.

In George M. Wallace Jr., as a wealthy father of several indulgent children, Mrs. Howard had an actor who demanded attention whenever he was on the stage. Mr. Wallace has appeared in several of the Barnstormers' productions in Swarthmore and after this week's performance his name should be sufficient to attract an audience regardless of the production or the balance of the cast. He has few rivals in the Swarthmore Club for effective characterization.

Suzanne Ferris Sweeney as the youngest daughter in the family gave a very charming and captivating performance. In the second act in particular when dearth of action and hesitancy in the other characters was marked by restlessness in the audience, Mrs. Sweeney's entrance was always the signal for revived interest.

Other honors belong to Frank S. Given as an English nobleman and Julitta E. Powers as a maid. Mr. Given added a great deal of humor to the production while Miss Powers will be remembered by Swarthmoreans as one of the best maids ever to grace the stage of the Woman's Clubhouse.

Others in the cast, Oscar A. Gray, Patricia V. Brown, Helen V. Pine, John Armstrong, Jr., Frank H. Olden and F. Leroy Gilbert all did sincere work of a creditable nature. Mr. Gilbert as Mrs. Sweeney's misunderstood admirer gave his best efforts to the part which in our opinion he was not particularly suited for.

Next week the play will be presented by the Barnstormers before their own members which marks a reversal of the procedure in Swarthmore where the exchange play is first practiced upon the home folks and then taken visiting.

HEALTH SOCIETY PUBLIC MEETING

The second annual meeting of the Community Health Society of Central Delaware County with headquarters in Borough hall will be held Wednesday March 18th at the Springfield Community Church, Springfield and Saxon avenue, Springfield, Pa. Kenneth M. Pray, head of the Pennsylvania School of Social and Health Work, 311 South Juniper street, will be the speaker.

Mrs. Martin B. Young, president will preside. Reports of various committees will be made. The Unemployment committees of the different communities will report on the work being done. The public is cordially invited to attend.

SOMERVILLE FORUM PROGRAM THURSDAY

On Thursday evening, March 12, at 8:15 P. M., the Somerville Forum will present its second program of the year in Clothier Memorial. Miss Helene Diedrichs will give a pianoforte recital, the program to be announced later. Miss Diedrichs, an Englishwoman, spent one year in the conservatory at Leipzig, Germany, studied six years with Myra Hess in London, and was with Tobias Matthay for ten years in London. She has given recitals both in Europe and in the United States. She has had orchestral engagements under Sir Henry Wood at Queen's Hall, London, and under Lyell Taylor of Brighton, England.

LIBBY TO SPEAK AT MEETING HOUSE

Frederick J. Libby, of Washington, D. C., will talk on the subject "World Affairs as Mirrored at Washington" in the Friends' Meeting House, at 7:30 o'clock Sunday evening, March 8th.

Mr. Libby spent last summer in Europe studying and observing conditions. During the winter he is in Washington or going out on one of his many speaking tours. Twenty-six organizations are affiliated with the National Council to Prevent War, of which organization he is secretary. Mr. Libby to an unusual degree knows the facts about world affairs, and is a most interesting speaker.

DR. WILLITS TO SPEAK ON UNEMPLOYMENT

Dr. Joseph H. Willits, one of the best informed men in the country on unemployment, will speak at Friends' Meeting House at 9:45 this Sunday morning. All those interested are invited to be present.

The Unemployment Committee of Swarthmore wishes to invite residents of the borough to stop at borough hall and inspect the new room which has been turned into a supply room for unemployed families. These supplies have been given largely by Swarthmore people and are neatly arranged making it easy for the community nurses to furnish relief quickly and efficiently.

Miss Margaret Michener, who is in charge of the unemployment bureau at Borough hall, will be glad to talk with anyone and make suggestions of work that can be done now to provide employment for men or women listed with the bureau.

COUNTY WOMEN VOTERS TO MEET

The Delaware County League of Women Voters will hold a legislative meeting at its headquarters, The Woman's Clubhouse, Media, Pa., Thursday March 12th, at two o'clock.

The meeting will be in charge of Mrs. J. Prentice Murphy, chairman of the Child Welfare Committees of both the County and State Leagues. Mrs. Murphy will present her subject in the light of the present and the proposed legislation dealing with child labor.

Mrs. William Osgood, Chairman of the committee on Women in Industry of the State League, will outline the bill providing a 44 hour week for women in certain occupations.

Both Mrs. Osgood and Mrs. Yarnall will present the latest developments concerning the Election Code, both ladies having attended the public hearing on the Code which was held in the Senate Chamber at Harrisburg on March 3rd.

At one o'clock, luncheon will be served at moderate cost, for which reservations should be made to Mrs. George E. Linn, Bowling Green, Media, phone Media. All who are interested are cordially invited to attend both the luncheon and the meeting which follows it.

On the same date, at the same place, the Executive Board of the County League will meet at eleven o'clock a. m.

HISTORIAN TELLS OF FINANCIAL LEADERS

Great financial leaders in Philadelphia formed the topic of an address given Tuesday night before the Genealogical Society of Pennsylvania by Burton Alva Konkle, of Swarthmore, historian, at the Historical Society of Pennsylvania, 13th and Locust streets.

While names of heroes of American finance from Samuel Carpenter onward to Robert Morris, Thomas Willing and Stephen Girard were brought out in Mr. Konkle's talk, his emphasis was on the career of Nicholas Biddle and his dominance of the national financial system while president of the second Bank of the United States. Biddle, he showed, wanted to be a literary man, although at 18 he had demonstrated his gift for finance.

The speaker told of the growth of the period, Biddle's part in the Louisiana purchase and the rapid deterioration of the bank after Biddle resigned. Renewal of its Federal charter had then been refused. After the panic of 1837, he said, Biddle restored the financial balance of the country by organization of the cotton trade. Before the panic, in the speculation in railroads and canals, Biddle kept the currency good and forced irresponsible banks to make their currency good.

Mrs. Neil Currie, Jr., of North Chester road has as her house guest Mrs. Wilson Bump of Springfield, Mass.

URGES ALL TO BE "PEACE MINDED"

Mrs. William I. Hull Speaks on Disarmament at Woman's Club

PEACE PLAY GIVEN

Mrs. E. A. Jenkins, chairman of Foreign Relations had charge of the program at the Woman's Club Tuesday afternoon. In introducing the speaker for the afternoon she spoke for a few minutes of the idea of teaching children to be "peace minded". The speaker, Mrs. William I. Hull gave a summary of the conference on "The Cause and Cure of War", saying it was partly for the education of its own members, studying the motives and excuses for war. This was followed by a talk about "The Disarmament Conference" by Miss Mabel Vernon of Baltimore.

The afternoon's program was concluded by a skit by Barbara Abel, called "Mother Earth and her Children", directed by Mrs. Henry F. James. "Mother Earth", Mrs. Robert Powell had two daughters, "Pacifia, Evelyn Wilhelm and "Militaria" Mrs. Robert Reed. Militarism seemed the most popular although Peace was the most desirable, both had three suitors, "Americus", Mrs. Phelps Soule, "Britannicus", Mrs. Hazel Taylor and "Orientus", Miss Hannah Kirk, all of whom seemed to prefer war, "Militaria", but a fourth character was introduced, "Utopus," Miss Jade Hendrickson, depicting the world without war and of course he won the prize, "Pacifia."

Mrs. George M. Hughes, Chairman of Motion Pictures for Delaware County, called a conference for ten o'clock Friday morning at Strath Haven Inn to see what could be done toward controlling the selection of motion pictures shown in the county.

FORTNIGHTLY TO MEET ON MONDAY

The Fortnightly will meet with Mrs. James Laws on Monday, March 9th, at 2:30 o'clock.

Priestley's "The Good Companions", will be reviewed by Mrs. Leonard Ashton. This is one of the most appealing English novels we have had for years. It is a most desirable book to have in the home so that one may "dip" into it and find exhilaration and rollicking humor and romance. It is really a most refreshing book for it deals with people who are full of life and the enjoyment of life.

Mrs. George McCracken will read some literary criticisms and Mrs. J. Horace Avery will describe the working of the new kind of football at our University.

Unemployment Luncheon

The Woman's Association of the Swarthmore Presbyterian church, will hold a unique luncheon on Friday, the 13, at 12:30 o'clock. Distressed by the suffering caused by the present lack of employment, a unique plan for the luncheon has been adopted.

After the morning of sewing for the Presbyterian Orphanage, the luncheon at 12:30 will be a "box luncheon", each woman bringing her own box of food. Tables will be laid, coffee furnished and the usual price paid, or as much more as anyone wishes to give; but all the money received will be given to the committee working to relieve suffering here in our community and vicinity. All members who have sympathy for those in distress are urged to come. The usual programme will follow the luncheon.

County Tax Unchanged

The county tax of three and one-quarter mills for 1931 will remain unchanged from last year, according to announcement made by the County Commissioners.

The general poor tax has been slightly lowered to .0008605 mills, or .08605 per hundred dollars. The special poor tax, which last year was .00018, has been eliminated and only the general poor tax remains. The general tax last year was .0009.

Auxiliary Card Party

The Auxiliary of the American Legion will hold a card party on Wednesday afternoon at the Strath Haven Inn. The proceeds will be used for hospital and war orphan work.

RECEIVING BIDS FOR RAILROAD UNDERPASS

The property committee of the college board of managers is seriously considering moving back the row of trees on the front college campus, which are now in the path of the underpass.

Fourteen trees have been designated by the college for possible replanting fifteen feet west on the campus. The Pennsylvania R. R. is securing estimates with tree moving concerns as to the cost.

The R. R. is now receiving bids on part of the work for the underpass with every indication that the work will be started before the end of this month. The present agreement with borough council calls for bids to be advertised by February 15 and work begun by March 15.

SANDBURG TO LECTURE IN CLOTHIER MEMORIAL

Carl Sandburg, American poet, will visit Swarthmore on March 19, when he will give a talk on modern poetry in the Clothier Memorial. He will also read some of his own poetry. The opportunity to hear Mr. Sandburg has been secured through the English Club, undergraduate women's society of English majors. The lecture has been scheduled to begin at 8.15.

Sandburg, who has been called the voice of industrial America, was born in Galesburg, Illinois, in 1878. He attended Lombard College, at Galesburg, and after a varied career of all kinds of jobs, became a newspaper man. He produced his first volume of poetry in 1904, but it was not until 1914, when the now famous "Chicago" was first published, that his work was accorded widespread recognition. "Chicago Poems", "Cornhuskers", "Smoke and Steel", and "Slabs of the Sunburn West", are poems which express the great middle west, and its steel mills and slaughter houses, cornfields and prairies. "Abraham Lincoln: the Prairie Years; and his anthology of folk-songs, the "American Songbag" are more recent publications. He reaches extremes of violence and tenderness in his poetry, but all his work is powerful in feeling and musical in its cadences.

MICHAEL DORIZAS TO SPEAK HERE TUESDAY

The Woman's Club will start their afternoon meeting a half hour earlier on Tuesday afternoon when a stated meeting will precede the talk by Dr. Michael Dorizas. Nominations for officers, four directors and the members of the Admissions Committee are to be received.

The afternoon's program will be one of the best of the year. Dr. Dorizas, assistant professor of Economic Geography at the University of Pennsylvania, is one of the most colorful persons in our country. A Greek by parentage, yet born in Constantinople, educated in Turkey, and at the University of Pennsylvania. While a student he was a member of the Olympic Team three different times, as a javelin thrower and as a weight man; went to Paris with the group who accompanied President Wilson. As he speaks eight languages he was a valuable man for that group. Was in the ambulance corps during the war where he became one of the most popular men. He was the intercollegiate wrestling champion for three years, and has never been beaten in that division of college athletics. Among other things he has been around the world three times so is well qualified to speak on "A View of World Events", the subject of the afternoon.

BUSINESS MEN'S ASSN. RESTRICTS MEMBERSHIP

The Swarthmore Business Men's Association will in the future hold meetings for the entire Association only at noon on the second Tuesday of each month and in the evening the fourth Tuesday of each month. Meeting of the Board of Directors however will be held every Tuesday at noon.

In addition to this change in the constitution made last Tuesday at the regular meeting, it was decided that in view of the growing strength of the Association, members should be strictly limited to those having their place of business within the corporate limits of the Borough.

A membership contest in which all of the members have been assigned either to a team headed by Harold Ogram or one headed by Clarence Hannum is now underway. Plans for promoting spring buying in Swarthmore will be discussed at the meeting next Tuesday noon at the Strath Haven Inn.

COUNCIL MAY REDUCE TAXES

Mrs. Joseph Seal Named Assistant Health Officer to Succeed Mrs. Brice

DISCUSS GAS LINE PERMIT

Swarthmore's tax rate for the operation of the borough was discussed at the meeting of council Thursday evening with some members favoring a curtailment in committee appropriations to make possible a one mill cut in the general fund tax and other councilmen favoring the same rate of eleven mills. No change in the one mill tax for sinking fund is contemplated. Final action on the tax rate will probably be taken at the next meeting.

Leonard C. Ashton chairman of the finance committee, which is responsible for preparing the annual budget, said that he would recommend a tax reduction of one mill. He declared that he thought the increase in assessable property and other receipts would provide sufficient funds for each department with a tax rate of ten mills. He also declared that conditions being as they are the average tax payer would greatly appreciate even as slight a reduction as one mill.

Councilmen favoring the same tax rate for 1931 pointed out that there was a balance of over \$15,000 on hand at the beginning of this year and that with a tax cut of one mill this balance could probably not exist at the beginning of next year thereby necessitating the return to an eleven mill tax rate. It was also pointed out that a reduction of only one mill amounted to only \$10 on a \$10,000 assessment and would mean a very little to the average individual tax payer.

On the basis of an eleven mill tax rate as at present Mr. Ashton presented the following table of actual expenditures for the past year and committee estimates for 1931.

GENERAL FUND—11 Mills Basis		
Expenditures:	Comit's Estimates	Actual Expend. in 1930
Accounts	\$ 5,225.52	\$ 5,225.48 (net)
Highways	26,547.50	14,443.59 (net)
Public Property	4,454.60	3,553.24
Public Safety	31,118.40	28,413.37
Sewers	5,350.00	1,685.00
	\$ 72,996.02	\$ 53,321.00

If the tax cut of one mill is approved it will mean that appropriations in one committee or another will have to be cut about \$5,000. This cut could probably be made easiest in the Public Safety Department where \$7200 is allowed for improving the present street lighting and in the highway department where a considerable amount is allowed for paving unimproved streets.

The resignation of Mrs. Anna M. Brice as health officer was accepted and Mrs. Joseph S. Seal was appointed to the position as assistant to Dr. Franklin A. Gillespie, newly chosen chief health officer.

A group of residents on Park avenue between Harvard and Yale avenues were present at the meeting and protested against the Philadelphia Electric Company relaying gas pipes inside the curb line in front of their homes. They declared that in spite of the Electric company's proposal to push the pipe through the roots of the trees with as little damage as possible they preferred that the pipes be replaced in the street beyond the curb.

Council passed a resolution so ordering the Electric Company but expressed the opinion that more damage would be done by digging straight down into the street than by pushing the pipe through the roots of the trees behind the curb line.

The Police Department turned over to the Department of Public Safety a list of properties the sidewalks on which are in need of repair. The list contains about seventy-five percent of the properties south of the railroad and fifty percent of the properties north of the railroad. The Borough Secretary Albert N. Garrett, Jr., was instructed to send out letters notifying property owners whose sidewalks did not pass inspection. A second letter will be sent the first of April giving property owners thirty days to do the work before council has it done at the property owner's expense.

W. C. T. U. to Meet

The Swarthmore W. C. T. U. will meet on Thursday afternoon, March 12, at 3 o'clock at the home of Mrs. A. M. Daniels, 233 South Chester road. A cordial invitation to be present is extended to all friends of the cause.

Local News

Frederick J. Libby will be the house guest over Sunday of Dr. and Mrs. J. Russell Smith, of Elm avenue.

Dr. Michael Dorizas who is to be the speaker at the Woman's Clubhouse next Tuesday will be the guest of Dr. E. LeRoy Mercer and Mrs. Mercer of North Chester road at dinner that evening.

Philip Spug Price, son of Mr. and Mrs. F. Don Price of Yale avenue, who has been critically ill at the Hahnemann Hospital, Philadelphia, following a serious mastoid operation, has made marked improvement during the past week.

Mr. and Mrs. Samuel Dyer Clyde, of Swarthmore, returned on Saturday from a three weeks' trip to Florida. They spent the greater part of the time at Naples, Fla.

Mr. and Mrs. J. Archer Turner, of Harvard avenue, left Wednesday by motor for a stay in Florida.

Daniel Johnson, son of Mr. and Mrs. Albert S. Johnson, sailed for Europe on Saturday.

Samuel Boyer, of Swarthmore avenue, is spending several days in Washington, D. C.

Miss Helen Thompson, of the Kent Place School, Summit, N. J., spent Sunday with Mrs. Oscar J. Gilcrest, of Swarthmore avenue.

Mrs. Joseph Geer, of Harvard avenue, entertained the Duplicate Contract Club on Monday. Among the other members of this club are: Mrs. Wesley N. Clifford, Mrs. Sargent Walter, Mrs. Harold Barnes, Mrs. H. N. Studle, Mrs. J. V. S. Bishop, Mrs. Morris Smith.

Mrs. Charles N. Dravo, of Westdale avenue, was hostess to the Monday Club.

tract Luncheon Club this week.

Mrs. Harry B. Harper, of Swarthmore Crest, who is the guest of her sister, Mrs. George Kelly, of Detroit, Mich., has returned to her home in Swarthmore. Mr. and Mrs. Harper entertained at dinner and bridge on Thursday evening.

Mrs. Howard Judge and her son and daughter of 411 North Chester road, Swarthmore, are making a six weeks' motor trip through Florida.

Mr. and Mrs. Thomas Rutherford, of 815 Westdale avenue, Swarthmore, entertained their bridge club at their home last evening.

Mr. and Mrs. George C. Barber, 3d, of Ogdan avenue, Swarthmore, are in Winter Park, Fla., where they are visiting their sons, George C. Barber, 4th, and Robert Barber, who are attending Rollins College.

Mrs. Roland C. E. Ullman, of 213 Harvard avenue, Swarthmore, entertained at a luncheon, for the members of the cast of "The Fan and Two Candlesticks" and "The Birthday Ball," which were given recently at the Women's Club of Swarthmore, and repeated on Friday evening following the dinner given at Whittier House for the young married people of the Friends' Meeting of Swarthmore.

Those entertained were Mrs. Roland Eaton, Mrs. E. C. Lange, Mrs. Ralph Hays, Mrs. Stanley L. MacMullen, Mrs. Roy Delaplane, Mrs. William H. Huey and Mrs. Henry Hoot.

Mission Study Class

The first meeting of the spring Mission Study Class was held at the residence of Mrs. Joseph L. Geer of Harvard avenue, on Wednesday afternoon of this week. The book studied was "India Looks to Her Future" by Oscar Buck, a particularly timely selection of a subject.

The devotional period was led by Mrs. James I. Laws, and was followed by "A Bird's Eye View of India," conducted by Mrs. H. M. Crist, "The Country," Mrs. Martin B. Young, "The People," Mrs. M. E. H. Bonnell, "The Political Conditions." Current topics on India were presented by Mrs. Henry Smith of Wallingford. Thus a most interesting and comprehensive view of past and present day conditions in India was given.

There was a very large attendance for this opening meeting of the series, forty-nine members being present. The lesson was followed by a delightful tea served by the hostess, Mrs. Geer.

The next meeting will be held on Wednesday, March 11, at the house of Mrs. E. M. Basset, 315 No. Chester road. By vote of Wednesday's meeting, the time was changed from 3 to 2:30.

TELEPHONE

beauty and effectiveness of the stage setting and the sincerity and ease of the actors.

The costumes worn in the production were of the Colonial period and those worn by the girls had all been made by students under the direction of Miss Esther Cherry the sewing teacher. The full organdie skirts of the girls and the romantic sailor costumes of the boys made a colorful setting against the background of the houses and the old wall which had been designed by a committee headed by Elizabeth Channell.

The performance moved along briskly with honors well distributed for intelligent casting and expressive reading of lines. Schuyler Simmons and Samuel Butler in two of the leading male roles supplied the romance which the story needed with the assistance of Lydia Ballard and Lucy Black. These two couples were outstanding not only because of the splendor of their parts but because of the splendid way they were interpreted.

William Kurtzhalz as the Eysore made a great deal of a small speechless role and added humor throughout the production. Robert A. Detweiler as the Admiral of Pomander Walk gave an entertaining and exacting interpretation of a retired naval officer and Walter Werner in another character role also added humor to the production.

Katherine Wood, a middle aged spinster, and Eleanor Whitmore, as a designing widow, did well in two character roles. There were twenty players in the cast while the entire class of 56 assisted in various capacities. Miss Hanna E. Kirk, English teacher in the High school, was the general faculty director.

Presbyterian Church Notes

Thursday, Dr. John Ellery Tuttle went to York, to officiate at the funeral service of one of his former parishioners. The Westminster Guild has charge of the Young People's meeting the coming Sunday evening at seven o'clock.

Dr. Tuttle is the speaker at the union tent service of young people at Trinity Episcopal Church next Wednesday morning at 8:05 o'clock. Jack Mitchell is the leader.

Rehearsals of the junior choir of young people in preparation for Easter Day are held on Wednesday afternoons at 3:15 o'clock.

The Westminster Guild meets at the home of Katherine Starr, Dartmouth avenue on Thursday evening of next week. Miss Store, director of junior and intermediate work of the Board of Christian Education is the guest speaker of the evening.

A week from today, the Westminster Guild will hold a spring tea at the parish building with a musical programme.

Next Thursday, the fourth district of the Women's foreign and home missionary societies of this Presbytery will hold their spring meeting with the Presbyterian Church.

HOME AND SCHOOL MEETING FRIDAY

The March meeting of the Home and School Association will be held next Friday evening in the auditorium of the High School. Dr. E. L. Terman will be in charge of the program, which will consist of a demonstration of Boy Scout, Girl Scout, Cub Pack, Knight-hood of Youth, activities. About three hundred children are expected to take part.

News Notes

A clay model of the proposed new church building and parish house for the Trinity Episcopal Church will be on display tomorrow at the congregational meeting which will follow the morning service. The Rev. J. J. Guenther will give the third of a series of Lenten sermons. His subject will be "I believe in the Church."

Mrs. Lotta Baird, of 16 Oberlin avenue, and her sister, Lottie J. Drayton, and Mrs. George Kurtz, of Springfield,

have returned from a sojourn in Florida. They motored over 4000 miles thru St. Petersburg, to Miami, up the east coast to Palm Beach and Daytona, stopping for a visit at Raleigh, where Mrs. Baird visited her son, Thomas, at Duke University and saw several other Swarthmore boys.

Mr. and Mrs. A. B. Chapin went to York, Pa., yesterday where they will spend the week-end with the Fergusons, formerly of Swarthmore.

Mrs. Howard Smith of Yale avenue was called to Hudson, New York, by the death of her father, on Wednesday.

Mrs. E. M. Boyd has returned from several days stay at Atlantic City. Mrs. J. Warren Passon entertained her friends with a tea on Friday afternoon.

Mrs. Edgar U. Reynolds, of 227 Swarthmore avenue, Swarthmore entertained twelve guests at luncheon at the Strath Haven Inn, Wednesday. Following the luncheon they returned to the home of Mrs. Reynolds for bridge.

Mr. and Mrs. John E. Fricke, of 603 Hillborn avenue, Swarthmore, who are spending the winter with Mrs. Sargent Walter, of North Chester road, motored to Baltimore to spend the week-end with

THE SWARTHMOREAN

Published Every Friday at Swarthmore, Pa. Robert E. Sharples, Editor and Publisher

Phone Swarthmore 900

Entered as Second Class Matter, January 24, 1929, at the Post Office at Swarthmore, Pa., under the Act of March 3, 1879.

SATURDAY, MARCH 7, 1931

The Editor of The Swarthmorean: Dear Sir: I am one of those "four others" to ask you to copy out and post our real-estate assessments.

Stabler, Mrs. Jesse Holmes, Mrs. Harold Goodwin, Mrs. Franklin Gillespie, and Mrs. Robert Reed.

On account of the prevailing epidemic for the past two months, the programs have been postponed.

William Graham of Philadelphia, formerly operating in the Old York Road section, has taken the position of sales manager with Gillespie and Co., old Bank Building.

Editor of The Swarthmorean: Dear Sir: Recently, as I was passing Boro Hall, I heard the fire alarm whistle and at the same time heard the bell ring its alarm.

Immediately I saw men running from almost every direction to the fire house. I was so interested that I looked at my watch and noted the time it required for the firemen to get into action.

On Saturday, February 28, the following women interested in the Story Hour of Swarthmore met at the home of Mrs. Oscar Gilcrest, chairman, for a buffet luncheon and business meeting.

Income Tax Returns can be filed with the Deputy Collector who has been assigned at this Bank to assist the public in all matters relating to income taxes.

NEW SALESMANAGER FOR ELECTRIC COMPANY

GEORGE E. WHITWELL

George E. Whitwell has been elected Vice President in charge of Sales of The Philadelphia Electric Company. Mr. Whitwell, who is Vice President in Charge of Sales and Service of the Philadelphia Company and affiliated corporations of Pittsburgh, will assume his new duties on April 1.

Mr. Whitwell was born in Washington, D. C., in 1892, where he was educated, later graduating from the Massachusetts Institute of Technology in 1915. He worked as research engineer for the Anaconda Copper Company until the World War when he entered the service as an aviator in the photographic section of the Aviation Corps in France. After the war he taught for three years in the University of Washington, Seattle, jointly serving as consulting engineer for the Tacoma Gas & Fuel Company. With D. J. Young, manager of the Tacoma Company, he developed a new back run carburetted water gas process, which is now used by 300 manufactured gas concerns in this country and Europe. In 1924 he became general superintendent and manager of new business for the Tacoma Gas Company. In 1926 he went to Pittsburgh as general manager of the Equitable Gas Company.

On March 31, 1927 he was appointed General Sales Manager of the Philadelphia Company and on September 11, 1929 he was elected Vice President in Charge of Sales and Service. He is a member of the National Electric Light Association, American Gas Association, Natural Gas Men's Association, Pennsylvania Electric Association, Electric League of Pittsburgh and a number of Pittsburgh clubs and associations.

Let us show you
with pencil and paper that
it costs no more to own a
PACKARD

We are offering a new type of demonstration this Spring.

We are demonstrating that you—if you are driving a car of like size, whatever its price—can own a Packard Standard Eight at no increase in cost.

It is really quite simple. You will learn that it costs as much to maintain and operate your present car as it would the Packard. That leaves only depreciation to consider. And that is no greater when you drive the Packard proportionately longer—as most Packard owners do.

Of course these are general statements. What we would like to do is make them specific. If you will come in and give us the figures on your present motoring costs, we will set down Packard costs in a parallel column—and let you be the sole judge.

The Packard Standard Eight is priced from \$2385

to \$2885 at the factory. If you prefer a larger model, the Packard DeLuxe Eight is available at factory prices ranging from \$3490 to \$4285—and Individual Custom creations up to \$10,000.

The Packard Standard Eight is the most popular Packard car—the largest selling fine car in the world. If you buy one you will probably keep it nearly twice as long as the car you traded in on it. Many take delivery of one of these fine cars with little or no cash outlay, taking advantage of our Payment Plan and of our allowance for the used car against the down payment.

Why not come in and let us demonstrate Packard ownership costs—then let us appraise your present car at its full cash value? You are actually paying for a Packard—why not own one?

Vol. III, No. 10

Swarthmore, Pa., March 14, 1931

\$2.50 Per Year

TREE PLANTING COMMITTEE BUSY

Hope to Bring About Planting of 500 Trees This Spring

COST TO BE LOW

Aiming to place between four and five hundred new trees throughout Swarthmore during the next two months, the Tree Commission of the Business and Civic Association, headed by Ellwood B. Chapman, is ready to begin a survey of the borough next week.

Not only is the commission going into action in an effort to beautify the streets of the community, but also to provide employment for unemployed men who will work under the supervision of Arthur Collins and Fred Harris, experienced nurserymen.

By canvassing every property owner in the borough, the commission hopes to get enough trees ordered that the cost will be no more than \$2.50 per tree. Norway maples and sycamore trees will be the variety encouraged since these grow rapidly, make excellent shade trees and can be secured very reasonably.

The survey of homes will be made largely by Mr. Collins and Mr. Harris with the assistance of members of the commission. These men will endeavor to see every property owner, will make recommendations of where the trees should be set out and how many can be used. The exact price will depend on the number ordered. Consequently no trees will be ordered planted until the entire borough has been surveyed and a large quantity can be ordered at one time.

An intensive planting campaign will then be started with Mr. Collins and Mr. Harris personally supervising the work of unemployed men who have been receiving assistance this winter through the unemployment

The tree commission consists of the following residents of Swarthmore: Irvin Scott, Harry B. Cookman, Dr. Arthur E. Bassett, Miss Alice Lukens, Clayton Walton, Louis Cole Emmons, Dr. William Johnson, Samuel M. Dodd, Louis King, Arthur Collins, Paul Brown, Donald Gibson, Rodman Shoemaker, Charles Andes, and Charles Smith.

Ellwood B. Chapman, Joseph Haines, Ray Farringer, Joseph Seal, Victor D. Shirer, Miss Muriel Mann, Charles Fisher, Arthur Tomlinson, Louis Servais, Robert L. Coates, Bucher Ayres, Mrs. George Zimmer, Wallace McCurdy, George J. Watson, and William B. Bullock.

C. D. Durnell, Wendell H. Walker, Maurice E. Smith, Mrs. Julia Yarnall, S. Narberth, Wahl Olmes, W. W. Mitchell, John H. Pitman, George Casey, Miss Marr, Dr. Thomas C. Park, Harvey R. Pierce, William J. Cresson, William C. Starr, and William D. Wermouth.

NEW TRINITY CHURCH PLANS ANNOUNCED

Plans for the new Trinity Episcopal Church to be built on the site of the present church building at North Chester road and College avenue are now completed and are being received with a great deal of enthusiasm.

A model of the improved church was displayed at the services last Sunday and shows an entire new church unit facing on College avenue and replacing the present Parish house. The new Parish house will be built at a later date after the new church building is completed and will stand where the present church building is. The present church building will not be destroyed to make way for the new building but will serve as a Parish house until the new Parish house can be built.

The new buildings will be of gray stone with heavy slate roofs and will be very like the Worth Dormitory building on the opposite corner in design and appearance.

The Rev. J. J. Guenther is very anxious to proceed with the building at once so that the work may give employment to a number of workmen and also provide an outlet for a quantity of building material.

The first unit of the improvement consisting of the new church building will cost about \$40,000. Part of this sum has already been raised and the balance will be solicited at once.

Gymnasium And Cafeteria Approved By School Board

New Building Adjoining West Side of College Avenue Building Will Be Started At Once; No Bond Issue Necessary; Tax Cut Is Assured

Specifications are to be prepared at once and bids solicited for a new gymnasium building with a cafeteria in the basement to be built adjoining the west side of the present College avenue building. This course of action was decided upon at the March meeting of the school board Thursday evening.

Since the cafeteria is as badly needed as the new gym and will occupy the entire basement of the gymnasium building, the shower and locker rooms for the boys and girls will be built at once in the basement section of another building unit just north of the gymnasium. Only the basement of this building will be completed at this time, the ground and second floors to be added at a later date when funds are available.

No bond issue will be sought this year the board has decided. The gymnasium building will cost less than \$70,000 with an additional \$10,000 necessary for equipment. To meet this expenditure the board will use the \$43,000 remaining from last year's bond issue and as much of the remaining borrowing capacity of the school district (about \$45,000) as is necessary.

Specifications for the work will be as complete as possible including outside work such as grading, planting, roadways, etc. so that the amount for which the contract is awarded will as nearly as possible represent the entire expenditure necessary.

In deciding on the gym and the basement section for the locker and shower rooms, the amount of money available for the project limited the board's consideration to three plans.

The building of a gymnasium with a

cafeteria in the basement but no new showers or locker rooms; cost to be in the neighborhood of \$50,000. This plan would mean that in order to enlarge the heating plant in the present College avenue building to take care of the new gymnasium, the present locker rooms and showers of the boys would have to be removed. The board felt that a gymnasium without showers and lockers was no better than the present gym.

The second plan was to postpone the building of the gymnasium for a few years and build the front units of the building first. This procedure would cost less than \$60,000, it is the logical procedure for development of the site, it would result in the finished appearance of the building from College avenue at once, and it would provide two new classrooms that are greatly needed, new domestic science and sewing quarters for the girls, new offices for the administration which would leave the present offices for a classroom, and several other needed improvements. Strongly inclined towards approving this as the next step in the building program, the board in view of the greater need for a gymnasium turned it down and approved the third plan calling for a gymnasium, a basement cafeteria and kitchen, and an unfinished unit consisting of a basement for locker and shower rooms.

Both the board members and Mr. Shay of Ritter and Shay architects agreed that the approved building would be anything but an improvement in the appearance of the College avenue building.

Both the north wall facing on College avenue and the south wall will be of un-

HEALTH SOCIETY FEBRUARY REPORT

School Classroom Inspections Keep Community Nurses Busy

648 VISITS REPORTED

A total of 648 visits were made by the nurses during February. 311 were nursing calls, 176 social service, 138 school visits and 23 general activities.

In the schools, there were 230 rapid classroom inspections owing to outbreaks of communicable disease. 468 children were weighed and measured by the nurses. 40 Schick tests were given and 73 given injections of Toxin-Antitoxin for diphtheria prevention.

On account of the prevalence of communicable diseases, all baby health centers were closed for February, as well as January.

Mrs. Wm. Jaquette was present at the Board meeting, and talked to the members. Mrs. Jaquette is president of the Delaware County Welfare Council.

The nurses attended meetings of the Milmont and Ridley Park Relief Committees at which time discussions took place relative to several social service cases being carried by the Community Nurses.

Seven children were taken to T. B. Dispensary for examination, and one adult was taken to the same clinic. Mrs. A. F. Jackson and Mrs. Thomas M. Jackson assisted with volunteer transportation during the month.

One patient was taken to Delaware County Hospital Clinic by the nurses. Several interviews with Morton Health Officer were reported important matters to be adjusted on one of our welfare cases. Also several cases reported to Springfield Board of Health.

Owing to the fact that Fire Company wished to use their room in the cellar of the Borough Hall, it was necessary for us to remove all clothing, food, and other articles stored there, and place them in a room on the first floor of the building. This room has been placed in order by the Social Service Committee.

Mrs. Thomas S. Safford, one of the Directors, has been elected to the Board of Taylor Hospital.

MADRIGALS TO GIVE CONCERT ON TUESDAY

The Madrigals, a chorus of forty mixed voices, will give a concert at the High School auditorium next Tuesday evening under the auspices of the Ladies Aid of the Methodist Episcopal Church of Swarthmore. Tickets may be secured from any of the women of the Methodist Church.

The Madrigals is one of the best known choruses of Philadelphia. It is directed by Henry Hotz prominent teacher of voice. A number of Delaware County people are members of the chorus including Mrs. Grace Green of Swarthmore.

The program on Tuesday will consist of groups of popular numbers, operatic numbers and sacred numbers. A violinist will accompany several of the solos. There will also be numbers by a double quartette.

For several reasons, it has been decided that the second public annual meeting of the Community Health Society be postponed for this year. There will be no meeting Wednesday, March 18th at the Springfield Community Church, as announced in a previous issue of this paper.

Library Open Every Evening Next Week

The Swarthmore Public library will be open every evening next week from 7:30 until 9 o'clock to give those who are busy during the day an opportunity to inspect the rooms and the books on the shelves.

A member of the board of directors of the Association will be on hand each evening to show how the books are arranged and describe the work being done by the librarian of special interest to the children.

An exhibit of drawings and paintings by Swarthmore artists will still be on the walls while clippings of pictures and articles from newspapers will show the way the library is stimulating the interest of children in current literary and historical events.

TALK ON RUSSIA AT WOMAN'S CLUB

Dr. Michael Dorizas, of U. of P., Reviews Soviet Five Year Plan

URGE GARDEN WORK

Dr. Michael Dorizas of the University of Pennsylvania, gave an illuminating address on Russia and India at the meeting of the Swarthmore Woman's Club Tuesday afternoon. The address was preceded by the stated meeting of the club, at which reports of committees were heard and new business discussed.

The speaker prefaced his remarks by saying he would tell only what happened to him in Russia. First he was examined by two guards as he entered the country. Apparently the present government doesn't trust its officers, he declared.

An interesting visit described was one made to an asylum for babies. He had to don a white smock, wash his hands in antiseptic water, then when he did enter the room there were no screens and flies were everywhere. Dr. Dorizas touched on the church problem, explaining that formerly one-third of the land of Russia was church-owned, non-taxable property, now the people own it. Most of the trials for all sorts of crime are in secret and without a jury. He also touched on the divorce problem, which is easy, but each man is taxed 30% of his income for minors. Another item of interest was the fact that Russia has the largest broadcasting system in the world. All moving pictures belong to the government.

At the stated meeting Mrs. George W. Zimmer, chairman of the Garden Committee, told of her group working for more shade trees for the borough and asked all who wanted trees for their parkways to get in touch with her. Mrs. Arthur Bye announced a trip to see the Widener collection of Art on Monday the 6th, limited to fifteen. Mrs. Robert C. Spencer told of the coming concert by the chorus of the club, to be held at the Clothier Memorial in April. One new member was announced, Mrs. W. J. Calvert of 909 Westdale avenue.

LIBRARY WEEK MARCH 16 TO 21

Committees Organized To Visit Every Home In The Borough

SEEK PETITION SIGNERS

The third annual library membership drive begins Monday with more than a score of workers soliciting renewals and new memberships. The entire week of March 16 to March 21 will be devoted to the campaign.

Roland L. Eaton again heads the committee and is being assisted by the directors who are acting as captains of the different teams which have been assigned certain sections in which to work. Each team captain has selected a crew of several assistants. The captains are Mrs. Jesse H. Holmes, Mrs. Sewell Hodge, Mrs. Harold Griffin, Harold Barnes, and Claude C. Smith.

In addition to seeking new memberships and the renewal of old memberships the workers will carry petitions asking that Council place the question of raising the tax rate one-half mill for the support of the library after this year before the people at the primary election in September. Signers of this petition will also be solicited.

In asking support of the library, Harold Barnes, president of the Association points out the increasing number of books now available as well as the steadily increasing number of people borrowing books.

"During the year ending December 31, 1930, there has been an accession of 720 adult books and 274 juvenile books, making a total of 994 books added during the year 1930," says Mr. Barnes.

There are now a total of 3682 volumes in the library.

"The total circulation of books during 1930 was 13,927, of which 10,356 were adult and 3571 juvenile. The total circulation of books for 1929 was 8005, showing an increase during 1930 of 5922 over that of 1929.

"There are 581 adult readers cards and 404 juvenile readers cards, making a total of 725 readers cards were issued in 1929. 591 members contributed to the library funds in 1930.

"There is one shelf in the library which contains only volumes written and published by Swarthmore authors. This shelf contains 77 volumes at the present time. It is a well established fact that Swarthmore, in proportion to her population, contains more names in "Who's Who" than any other community in the country."

EMMONS REELECTED TO PRISON BOARD

Louis Cole Emmons was during the past week reappointed to the Board of Prison Inspectors of Delaware County for the year 1931. His appointment is one of the three made by the County Commissioners.

C. Edwin Hunter, of Lansdowne, chairman of the Republican County Committee, was appointed to the board to succeed John Dick the former president. In the reorganization, Dr. J. P. Van Kuren of Chester was elected president succeeding Mr. Dick, and William W. McKim of Oakmont was reelected secretary. The three members to be appointed or renamed by the Court have not yet been announced.

Mr. Emmons was first appointed by the County Commissioners five years ago and has served ever since. His appointment came about through Thomas Feeley then the Democratic member of the board of County Commissioners and has been carried on by the present Democratic commissioner James F. Desmond.

During Mr. Emmons' term of office the new prison farm for women has been built and work begun on the prison farm for men. Also many improvements have been made in the jail at Media. Mr. Emmons' activity on the board has been centered chiefly on the prison farm at Broadmeadows. He has helped work out many of the building problems in connection with the project and recently has helped organize the farm work to put it on a profitable basis.

A successful card party, cake and candy sale, was given by the American Legion Auxiliary at the Strath Haven Inn on Wednesday afternoon. The proceeds will be used for Hospital and War Orphan work.

Swarthmore, Pa., March 14, 1931

\$2.50 Per Year

TREE PLANTING COMMITTEE BUSY

Hope to Bring About Planting of 500 Trees This Spring

COST TO BE LOW

Aiming to place between four and five hundred new trees throughout Swarthmore during the next two months, the Tree Commission of the Business and Civic Association, headed by Ellwood B. Chapman, is ready to begin a survey of the borough next week.

Not only is the commission going into action in an effort to beautify the streets of the community, but also to provide employment for unemployed men who will work under the supervision of Arthur Collins and Fred Harris, experienced nurserymen.

By canvassing every property owner in the borough, the commission hopes to get enough trees ordered that the cost will be no more than \$2.50 per tree. Norway maples and sycamore trees will be the variety encouraged since these grow rapidly, make excellent shade trees and can be secured very reasonably.

The survey of homes will be made largely by Mr. Collins and Mr. Harris with the assistance of members of the commission. These men will endeavor to see every property owner, will make recommendations of where the trees should be set out and how many can be used. The exact price will depend on the number ordered. Consequently no trees will be ordered planted until the entire borough has been surveyed and a large quantity can be ordered at one time.

An intensive planting campaign will then be started with Mr. Collins and Mr. Harris personally supervising the work of unemployed men who have been receiving assistance this winter through the unemployment

The tree commission consists of the following residents of Swarthmore: Irvin Scott, Harry B. Cookman, Dr. Arthur E. Bassett, Miss Alice Lukens, Clayton Walton, Louis Cole Emmons, Dr. William Johnson, Samuel M. Dodd, Louis King, Arthur Collins, Paul Brown, Donald Gibson, Rodman Shoemaker, Charles Andes, and Charles Smith.

Ellwood B. Chapman, Joseph Haines, Ray Farringer, Joseph Seal, Victor D. Shirer, Miss Muriel Mann, Charles Fisher, Arthur Tomlinson, Louis Servais, Robert L. Coates, Bucher Ayres, Mrs. George Zimmer, Wallace McCurdy, George J. Watson, and William B. Bullock.

C. D. Durnell, Wendell H. Walker, Maurice E. Smith, Mrs. Julia Yarnall, S. Narberth, Wahl Olmes, W. W. Mitchell, John H. Pitman, George Casey, Miss Marr, Dr. Thomas C. Park, Harvey R. Pierce, William J. Cresson, William C. Starr, and William D. Wer-mouth.

NEW TRINITY CHURCH PLANS ANNOUNCED

Plans for the new Trinity Episcopal Church to be built on the site of the present Church building at North Chester road and College avenue are now completed and are being received with a great deal of enthusiasm.

A model of the improved church was displayed at the services last Sunday and shows an entire new church unit facing on College avenue and replacing the present Parish house. The new Parish house will be built at a later date after the new church building is completed and will stand where the present church building is. The present church building will not be destroyed to make way for the new building but will serve as a Parish house until the new Parish house can be built.

The new buildings will be of gray stone with heavy slate roofs and will be very like the Worth Dormitory building on the opposite corner in design and appearance.

The Rev. J. J. Guenther is very anxious to proceed with the building at once so that the work may give employment to a number of workmen and also provide an outlet for a quantity of building material.

The first unit of the improvement consisting of the new church building will cost about \$40,000. Part of this sum has already been raised and the balance will be solicited at once.

Gymnasium And Cafeteria Approved By School Board

New Building Adjoining West Side of College Avenue Building Will Be Started At Once; No Bond Issue Necessary; Tax Cut Is Assured

Specifications are to be prepared at once and bids solicited for a new gymnasium building with a cafeteria in the basement to be built adjoining the west side of the present College avenue building. This course of action was decided upon at the March meeting of the school board Thursday evening.

Since the cafeteria is as badly needed as the new gym and will occupy the entire basement of the gymnasium building, the shower and locker rooms for the boys and girls will be built at once in the basement section of another building unit just north of the gymnasium. Only the basement of this building will be completed at this time, the ground and second floors to be added at a later date when funds are available.

No bond issue will be sought this year the board has decided. The gymnasium building will cost less than \$70,000 with an additional \$10,000 necessary for equipment. To meet this expenditure the board will use the \$43,000 remaining from last year's bond issue and as much of the remaining borrowing capacity of the school district (about \$45,000) as is necessary.

Specifications for the work will be as complete as possible including outside work such as grading, planting, roadways, etc. so that the amount for which the contract is awarded will as nearly as possible represent the entire expenditure necessary.

In deciding on the gym and the basement section for the locker and shower rooms, the amount of money available for the project limited the board's consideration to three plans.

The building of a gymnasium with a

cafeteria in the basement but no new showers or locker rooms; cost to be in the neighborhood of \$50,000. This plan would mean that in order to enlarge the heating plant in the present College avenue building to take care of the new gymnasium, the present locker rooms and showers of the boys would have to be removed. The board felt that a gymnasium without showers and lockers was no better than the present gym.

APRIL STOCK ISSUE OF PHILA. ELECTRIC

Advance notice of an April sale of an issue of 50,000 shares of Philadelphia Electric \$5 Dividend Preferred (no par value) stock is contained in a printed folder now being mailed to the Company's customer group.

The campaign will open April 1st and continue for thirty days thereafter. The stock will be sold for \$100 per share, upon a cash basis or on an installment plan calling for \$10 down and \$10 per month for nine months.

Philadelphia Electric Company, incorporated in Pennsylvania October 31, 1929, was formed by merger and consolidation of The Philadelphia Electric Company, Philadelphia Suburban Counties Gas and Electric Company and several smaller companies.

The electric properties of Philadelphia Electric Company include electric generating stations with a total generating capacity of 661,300 kilowatts, gas plants with a rated daily generating capacity of 32,450,000 cubic feet, over 1765 miles of gas mains and over 34,500 circuit miles of electric transmission lines.

Local History

A few weeks ago a communication was read at the meeting of the Swarthmore school board inquiring whether or not the board would be interested in securing copies of a history of Delaware County, publication of which was contemplated for use in the American History courses of the county schools.

We were somewhat disappointed at the board's failure to encourage such a publication yet we cannot but admit their wisdom in asking for a more complete report and an estimate as to the cost.

The single objection of one member of the school board to the idea was that children would do better to study truly significant facts of American history rather than spend their time studying a glorified account of local traditions intended to make them boosters of the part of the country in which they live at the time.

SLIP COVERS DRAPERIES ANNA SCHALLES Phone, Su. 1225 Muhlenberg Ave. Rutledge

interest in the vicinity of Swarthmore late in April. Beginning with the Benjamin West House on the College campus, the itinerary will be north to points near the Baltimore pike, then through the borough to the old Leiper House and the Leiper railroad.

Our own personal reaction is very much in favor of the study of local history not only for the national and state significance which many places near Swarthmore have but for the interest in the general subject of history which it engenders.

Our own school days were in a town made famous by a council between the Lewis and Clarke Expedition and the Indians. It was supposed to have taken place on a bluff near the city thereby forming the basis of the name Council Bluffs.

Upon investigation we believe that those who are not interested in Delaware County history are those who know nothing about it. For their partial enlightenment let me recommend a 23 page booklet published several years ago by the Delaware County Historical Society.

It is a historical study of only the City of Chester and its immediate vicinity yet it contains a list with brief descriptions of 109 places of real historical interest in that restricted area. How many more

places there are out towards Rador and Wayne and down the Chester pike to Darby can only be guessed.

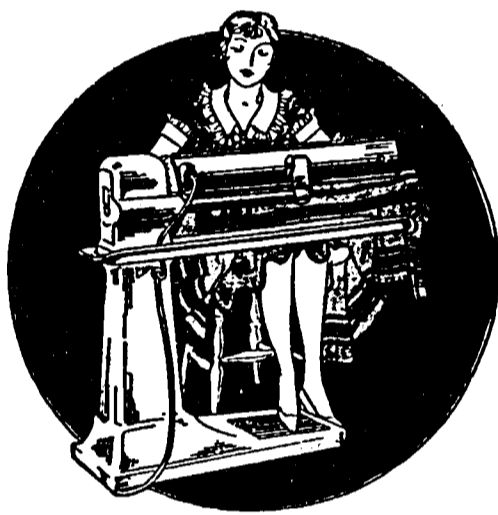

It is inconceivable to us that any child could fail to have a more accurate and more realistic conception of the Revolutionary War and the settling of this country after a study of the historical places of interest that may be seen in the neighborhood of Swarthmore.

more realistic conception of the Revolutionary War and the settling of this country after a study of the historical places of interest that may be seen in the neighborhood of Swarthmore.

and strengthening sides of life, and are to continue as long as they are sufficiently valuable to Swarthmore college and its friends," said Mr. Malin. "The present committee feels that a vesper period may be used in any number of ways, or offer a combination of elements. It may consist of musical selections, prose and poetry, appropriate bits of drama, or talks," he continued. "The ten or eleven evenings between now and the end of the year are to be used experimentally, and the plans for next year will be largely provided for according to the reactions to the various samples of programs offered."

Following this brief talk, Mr. Malin read Edwin Markham's "The Man With the Hoe," and Professor Lucius R. Shero gave two organ selections, Ritz's "Cavatina," and a group of Mendelssohn's "Songs Without Words." The services closed with an evening hymn played on the chimes, after which Professor Shero gave an organ recital.

On Sunday, March 15, Professor Shero will play organ selections and Mr. Malin will speak on "What the appreciative side of life means to some of us who

are normally regarded as rather activist and intellectual by temperament."

The Library—a Substantial Item in Our Community

Few communities have more numerous civic and social activities than Swarthmore. Nearly everyone participates in one or two clubs, societies or movements and nearly everyone has their own favorite interest in which they supply a certain amount of leadership. But for the most unanimous interest and contact throughout the entire year between nearly every home in the borough and one individual organization, the Swarthmore Public Library is far in the lead. So naturally, so smoothly and so consistently has been the development of the library in borough hall and so efficiently has it been conducted by a small board of directors that few people are conscious of its problems and its need for financial support save once a year when memberships are solicited to provide funds for another twelve month period.

Once again this campaign for renewed memberships in the Library Association is at hand and the directors of the organization present an inspiring report showing an increased circulation of books in 1930 amounting to nearly 6,000 volumes more than in 1929. The continued activity of the library this year is reflected in the fact that last Saturday 112 books were borrowed from the adult department alone during the four hours that the library room was open.

The report of Harold Barnes president of the Association states that during 1930, 720 adult books and 274 juvenile books were added to the library during the year. Besides her daughter, with whom she made her home, she is survived by another daughter, Mrs. K. P. Greim, 25 Waverly avenue. She was 79 years old.

Besides her daughter, with whom she made her home, she is survived by another daughter, Mrs. K. P. Greim, 25 Waverly avenue. She was 79 years old.

There is every indication that the library drive will bring in more funds this year than in either 1929 or 1930 by reason of the increased number of homes in which one or two members of the family have become borrowers of books during the past twelve months.

Many people have expressed the wish that the library should remain open a part of every day and this course is the goal of the Association just as soon as sufficient funds are available for keeping the librarian on duty a greater length of time.

Swarthmore's need for a public library was evidenced in the success of the Woman's Club Library, the Children's Library and other enterprises which have now all been merged into one big project.

That this institution once definitely established is being used is proven by the report that 13,927 books were borrowed in 1930 by 987 individual users as compared to 8,005 books loaned to 725 holders of library cards during 1929.

As for the operation of the library, Swarthmoreans are indeed fortunate in having a group of public spirited citizens who devote inestimable thought and prayer. Residents of the enterprise also are appreciative of the enterprise and ingenuity of Miss Grace Lindale, librarian, who exhibits the collection of new items by the children, her exacting knowledge of every book, and her courteous interest in serving every borrower, has played a major part in the library's success.

The library honestly merits the support of every resident of Swarthmore who takes any pride in the cultural and recreational facilities of this community.

Worth Community Support

Every Swarthmorean regardless of religious affiliation will be pleased to hear of the ambitious plans of the Trinity Church to build a new place of worship on the site of the present building. This project should not be limited to members of Trinity Church but should receive the support of every Swarthmorean.

What a splendid ideal it would be if the members of each Swarthmore Church would offer their cooperation in activities of the other churches. This spirit is already apparent in the attendance of members of one church in social affairs sponsored by members of another church.

While a single interdenominational church will probably not be realized in Swarthmore, if such a church is desirable, the interdenominational spirit should be cultivated and should take form at times like this when one church is making a great effort to create something which will be a distinct asset to the entire Community.

Taking the "Rah Rah" Out of the Rara

Someone, presumably the present editors, has taken the "Rah Rah" out of the Rara Avis and this week have presented to the student body of the Swarthmore High School a publication which is more representative of the type of high school we like to think ours is, than any previous publication by the students.

There is still plenty of the "Rah Rah" spirit with numerous exclamations and quotation marks which seem to have previously marked the Rara as a literary paper but as a whole it contains about five hundred percent more news than any previous edition presented in an intelligent straight forward style which encourages the reader to scan every column.

We believe that the Rara has turned the corner and is headed towards the position it deserves not only in the esteem of the students at the school but the parents as well. Confirmed in its present direct newsy style with articles attractively arranged in accordance with importance, and headlines carefully counted to fit the column width, we prophesy an eventful result for the Rara in spite of its name.

Ruth E. Ottey

Mrs. Ruth E. Ottey, widow of Peter S. Ottey, a well known resident of Morton, died Thursday morning at the home of her daughter, Mrs. R. P. Greim, 25 Waverly avenue. She was 79 years old.

Besides her daughter, with whom she made her home, she is survived by another daughter, Mrs. K. P. Greim, 25 Waverly avenue. She was 79 years old.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS WILL MEET HERE SOON

Engineers representing eight leading universities and colleges of this vicinity will assemble for the seventh annual Student Branch Convention of the American Institute of Electrical Engineers, at Swarthmore college Monday, March 16, when a program arranged in their honor will last throughout the day.

Representatives will attend from Delaware, Drexel, Haverford, Lafayette, Lehigh, Pennsylvania, and Princeton. Registration will take place on the third floor of the engineering building at nine-thirty. The proceedings will open with an address of welcome by President Ayletote, after which three technical papers will be read by undergraduates of some of the institutions represented.

The delegates will be the guests of Swarthmore college at a luncheon in the college dining room at one-thirty, following which an inspection tour will leave the college for various places of interest in the neighborhood. It is planned to visit the Deepwater Generating Station, Deepwater, N. J., which is a 1200-pound steam pressure station; Lamokin Sub-station of the Pennsylvania Railroad at Chester, a 60 to 25 cycle rotary converter station, and the General Electric Co. in Darby.

The convention will reassemble at the college at five o'clock for an inspection of the laboratories in Hicks Hall. There will be interesting exhibits of the work that is being conducted at Swarthmore. The members of the convention will also have the unusual opportunity of visiting the Bartol Laboratory of the Franklin Institute.

A banquet will be held in Whittier house at six o'clock, after which the convention will move to the new Clothier Memorial where a program of organ music and popular entertainment will be presented. Two short talks will be given on Henry and Faraday. The first time the new tower of the Clothier Memorial will be illuminated by flood lights.

More than 73,000 miles in a New Ford

The substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan has driven more than seventy-three thousand miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure — to serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS \$430 to \$630

Features of the New Ford: Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triple-shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition, you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

The Blackbird

Of all our birds I love the blackbird well; The blackbird is my joy; When I was but a boy I came beneath the blackbird's fairy spell,— Oh, can you wonder that I love him well;

Beside the Brandywine I heard his song, In morns of early March; He fluted from the larch In magic tones that held me long and long. In those wild morns of March.

It seemed no mortal music that I heard In those sweet mornings wild; I was a spell-bound child, Rapt by the rapture of a simple bird,— A fairy-haunted child!

Oh, can you wonder that I love him well,— That each returning Spring I yearn to hear him sing And thrill me with his heart-remembered spell. With his old magic that I love so well! J. Russell Hayes

PRESBYTERIAN CHURCH NOTES

The Every Member Canvass of the congregation for pledges for the support of the church and its missionary and benevolent work will be made by mail today and will be followed by personal calls. The total budget of the church for the church year beginning April 1st is, in round numbers, \$30,000.00.

Thursday, next week, the 4th District of the Women's Home and Foreign Missionary Society of the Presbyterian of Chester, covering Delaware County, meets with the Swarthmore

Church, the Woman's Association being the hostess. The sessions will be from 10:30 through the day, with a luncheon at noon. There will be interesting speakers—Mrs. Adams, Director of Christian Education of the Sharon Hill Church, Mrs. Mather of the West Indies, and Dr. Huffman, formerly of Santo Domingo. The two latter will speak on China and Confucianism.

The monthly dinner and meeting of the Session will be held on Friday evening, next week, with Elder Simons at his home in Bowling Green, Media.

Dr. Tuttle is the school speaker at the service of the Mary Lyon School tomorrow evening.

The special preacher for the services of the Passion Week will be the Rev. James P. McNaughton, D.D., who will preach on Tuesday and Wednesday evenings, March 31st and April 1st. Holy communion will be celebrated on Thursday evening and a special service of passion tide music on Good Friday evening.

Oh, can you wonder that I love him well,— That each returning Spring I yearn to hear him sing And thrill me with his heart-remembered spell. With his old magic that I love so well! J. Russell Hayes

Oh, can you wonder that I love him well,— That each returning Spring I yearn to hear him sing And thrill me with his heart-remembered spell. With his old magic that I love so well! J. Russell Hayes

LANDSWONE WOMEN ENTERTAIN JUNIORS
The Swarthmore Junior Club held its regular meeting on Tuesday evening at the Woman's Clubhouse. Mrs. Jean Doctor, vice president, presided in the absence of the President, Mildred Bond. Various reports were given. Catherine Bronson, chairman of Welfare Committee, gave a brief outline of the work accomplished. Arline Snyder gave final report of the Junior Dance. Doris Narbeth reported that her committee were making final preparations for the Candlelight Supper to be held on March 19. At this time, the Juniors will entertain the Senior Executive Board. A program has been arranged by Miss Caroline Robeson. Mrs. Elmer E. Melick, President of the Delaware County Federation of Women's Clubs, presented a report from the Junior Club of Delaware County. The Junior Section of the Twentieth Century Club of Lansdowne entertained with the following program:

WHITTIER HOUSE TO HAVE ADDITION
Work will begin soon on an addition to Whittier House adjoining the Friend's Meeting on the College Campus. The addition will contain five new classrooms for the pupils of the First Day School and also an enlarged new kitchen. The present kitchen near the entrance to Whittier House will be used to make a larger entrance hall. Chester Roberts is in charge of the building committee and final plans for the improvement will be submitted for approval at the next monthly meeting March 24th.

ROSE TREE HUNT ANNOUNCES RACES
Rose Tree will ring down the curtain on a brilliant series of hunt meetings this spring when they hold their annual spring meeting on Saturday, May 16, Wednesday, May 20, and Saturday, May 23. White Marsh will as usual give the first meeting on May 2. This will be followed on May 9 by the Radnor Hunt Races, which will probably be held for the last time at Chesterbrook Park.

The Rose Tree Meeting will, as in times past, be a three day meeting and it should be very successful as there will be two Saturdays and the intervening Wednesday as the race days. Nothing shows the increasing popularity of these spring hunt meetings better than the experience at Rose Tree. Only two years ago they held their first spring meeting for many years. So many horses turned up that two of the races had to be split. Last year, with in addition, large crowds attended not only the Rose Tree meetings but also the White Marsh and Radnor Hunt

Thomas Wilson Martin, 4th on March Mrs. Martin will be remembered as Miss Helen K. Bitter daughter of Mrs. Henry H. Bitter of Rutledge.

Mr. and Mrs. William Evans, of Cedar lane, have gone to Florida for a few weeks stay.

The Fortnightly met on Monday with Mrs. James Laws, on Park avenue. Priestley's "The Good Companion," was reviewed by Mrs. Leonard Ashton. Mrs. George McCracken read literary criticisms and Mrs. J. Horace Avery spoke.

Mr. and Mrs. Walter Rodman Shoemaker, of Riverview avenue, entertained at dinner and bridge on Thursday evening.

A speaking contest was held at senior assembly of the high school last Friday. Among those giving extemporaneous speeches were: Ellen Pearson, Michael Paulson, W. Aidan Jones, William Hichman, Christine Robinson, Alice Robinson, John Detlefson, Elizabeth Stavers, Harry Johnson, Ethel McNeil and Frank Williams. The judges were: Miss Margaret Hamel, Mrs. Hanna Kirk and Charles Brinton. Frank Williams was the winner.

Mr. and Mrs. H. A. Starbuck, of Swarthmore avenue, entertained a group of friends Saturday evening.

FLOWER SHOW IN PHILA. NEXT WEEK
Intense interest is being universally evidenced in this year's Philadelphia Flower Show which opens Monday next, March 16th, at the Commercial Museum, 34th & Spruce Sts., Philadelphia. It is predicted that the 1931 show will be the greatest horticultural exhibition ever presented, the magnitude and costliness of the exhibits far surpassing anything ever previously attempted.

Rare orchids will be one of the features of the show—one exhibit alone having been appraised at a value in excess of \$50,000. Roses, axaleas and rhododendrons will occupy thousands of feet of exhibit space, and over 200 specially constructed rock gardens will be on display.

Mrs. Herbert Hoover and Mrs. Henry Ford are among the notables expected to attend the show during the early part of the week.

Governor and Mrs. Pinchot have set aside Wednesday, March 18th, for the sole purpose of attending the exhibition. They will be guests of the Pennsylvania Horticultural Society at luncheon at the Commercial Museum on that day.

SPECIAL OFFERING FOR UNEMPLOYED
It is the custom of the Swarthmore Presbyterian Church to signalize its Easter-Day service by a special offering for some necessary feature in the work of the church, as a freewill offering to meet some pressing need. This year, the Session and the Trustees are unanimous in the feeling that the church should make special self-denial for the sake of those in need. Therefore, the congregation will be asked to make the offering for the work of the Unemployment Committee of our own community. Yesterday, the Woman's Association, at its regular March meeting, had an unemployment luncheon. Instead of the usual luncheon prepared by a committee for

meetings. It was for this reason, that the Rose Tree Committee decided to hold a three days' meeting this spring.

Those who attend the Rose Tree meetings this year will see a very handsome clubhouse as the old house which was built in 1831 has been modernized and the interior furnished in a special room for the only real addition is a special room for lunches, thus relieving the main dining room for small parties.

MISSION STUDY CLASS TO DISCUSS INDIA
The Mission Study Class of the Woman's Association of the Swarthmore Presbyterian Church will be held on March 18 at the home of Mrs. Elric Sprout, Ogden avenue, at 2.30. Devotions will be conducted by Mrs. Winthrop R. Wright. Current Events will be in charge of Mrs. Burton A. Kozlik. The subject for discussion is the "Religious Divisions in India": Brahmins—Mrs. C. E. Bronson; Moslems—Mrs. J. P. McNaughton; Hindus—Mrs. J. A. Perry; Outcasts—Miss Jean Doctor.

the month, each woman brought a box luncheon and paid the usual luncheon price of fifty cents, and as much more as she might be able to give, the entire proceeds being devoted to the relief of the unemployed through our local organization. Much interest was shown by the women in this effort to relieve those who are suffering.

THE DIRECTORS OF THE SWARTHMORE BUILDING ASSOCIATION
feel well repaid for serving as trustees of the funds under their care when they hear voluntary remarks like the following: "ONLY BY SYSTEMATIC MONTHLY SAVING THROUGH YOUR ASSOCIATION HAS A COLLEGE EDUCATION BEEN MADE POSSIBLE FOR MY CHILDREN"

Semi-annual distribution next month will total \$162,000.00. Also a new series of shares will be issued early in April.

March 16 to 21, 1931

13,927 Books Loaned to 985 Individual Users of Swarthmore's Public Library In 1930

With an increase of more than one-third as many books borrowed in 1930 as in the previous year and nearly a third again as many individuals borrowing books as in 1929, the Public Library celebrates another birthday, and announces a campaign for funds for the current year. The third annual library week will be held from March 16 to March 21.

1930 has been a year of marked growth and service for the Library. 720 adult and 274 children's books have been added to the shelves in the quarters in borough hall. 581 adults borrowed 10,356 books and 404 children borrowed 3,571 books during 1930. The reading room, Reference Library, Swarthmore Author's shelf and frequent exhibits have proven popular.

During the year the following representatives of Swarthmore families contributed funds to its support:

MORE WORK NEEDED FOR UNEMPLOYED

The work of the Unemployment Committee with headquarters in borough hall has been going forward steadily during the past week. More men have been employed by the college to work in the Crum woods and a new supply room has been opened at Borough hall where people are urged to bring old clothes, shoes, food etc. Children will also be permitted to bring staple foods to school for unemployed relief.

The room now presents a cheerful appearance to those in need with long racks of suits and coats on one side and bins of food and supplies on the other. These supplies are being called on every day by the Unemployment Committee and the Community Nurses.

To help the unemployed work, baskets have been placed in all of the retail stores where people may place a few parcels of food whenever they make purchases for their own table. The first day this plan was tried more than \$25 worth of food was collected.

The following women are serving as volunteer workers in the office of the Hall: Mrs. L. P. Wray, Mrs. Elliot Richardson, Mrs. Daniel Donnelly, Mrs. Thomas Jackson, Mrs. Willis Jones, Mrs. Wallace Gilcrest, Mrs. J. D. Bishop and Mrs. Harry Cookman.

The following letter and contribution was received this week by Mrs. Tom Johnson head of the Unemployment Committee:

Dear Mrs. Johnson: March 8, 1931
Each year we collect money for some purpose. Last year we gave it to a mission. The year before we gave it to a colored school.

This year we have heard so much about the unemployed and their great need. So we want to give it to them. We have \$6.03.

We would be glad if you would take it to them for us. Will you let us know if we can do anything else?
Yours very truly,
Bobby Clay, Secretary
for the Curiosity Club, Friends First Day School.

Members of the club are:
Arthur Collins, Pres.; David Ullman, V. P.; Bobby Clay, sec.; George Collins, treas.; Dean W. Willets, Robert Delaplaine, Carter Smith, Tommy Marshall, Herbert Fraser, Rex Jones, Louis Detlof, and Jimmy Brown.

CARTER FOUNDATION
SPEAKERS NAMED
With the addition of a number of men of national prominence to the list of speakers, the University of Pennsylvania has completed arrangements for the final group of five lecture-conferences on child helping in the series which the University is conducting on Wednesday afternoons for the benefit of parents and children interested in the upbringing of children.

The lecture-conferences which are being held by the University's Department of Child Helping, under the sponsorship of the William T. Carter Foundation, are conducted on Wednesday afternoons from 2 until 4 o'clock in Room 18 of Woodland avenue, and are offered without fee.

"The Supreme Obligation—the Spiritual Development of the Child" will be the subject for discussion on March 25 when Dr. Arthur Holmes, Professor of Psychology at the University of Pennsylvania, and Rev. Dr. Floyd W. Tomkins.

THE SWARTHMOREAN

rector of Holy Trinity Protestant Episcopal Church, this city, will be the speaker.

The concluding lecture of the entire series of twenty will be offered on April 1, with Dr. James S. Heberling as the lecturer. Dr. Heberling, who is professor of child-holding under the William T. Carter Foundation at Pennsylvania, will take as his subject "Crucial Hours—Meeting the Challenge of Youth to the Home, School, Church and the Community."

The weekly lecture-conferences at the University are assigned to meet the practical needs of parents as these needs have been revealed in the contacts which the Carter Foundation has had with parents and children in the course of its counseling and lecture service. Each lecture is followed by informal conference and questions submitted in advance of each session are brought before the conference for discussion.

In addition the library of the Carter Foundation is available for the use of those attending the lecture-conferences, and the privilege of making appointments for personal consultation concerning their children's problems is given to parents desiring such service.

Clark R. Allison of Hill school, Pottstown, was a week-end visitor at the home of his parents Mr. and Mrs. A. A. Allison, on Vassar avenue.

Effing has been named secretary of the Pennsylvania Unemployment Committee for Delaware County appointed by Governor Pinchot to check employment and establish at least a minimum of existing conditions and seeking a remedy for them. Joseph N. Pew, Jr., is chairman of the committee which endeavor to cooperate with existing relief organizations in all parts of Delaware county. Mrs. Warren Marshall of Swarthmore and Yale avenue is also a member of the committee.

William H. Brearley, Jr., of Swarthmore is one of the Pennsylvania boys to whom has been assigned a letter of conditional appointment with a view to entering West Point July 1.

MacDADE BOOMED FOR SUPREME COURT
Among the names presented to Governor Pinchot for his consideration in filling the vacancy on the State Supreme Court is that of the late Justice Sylvester B. MacDade.

Board Approves Gym
(Continued from Page One)
The gymnasium provided for in the plans approved Thursday night will be 74 by 74 feet which will allow for a playing floor 70 by 70 slightly larger than the prep school gym which is 50 by 72. The gym will be of the most modern design with two exits and windows on the east and west sides.

Beneath the gym the cafeteria will occupy most of the space. A large modern kitchen will be located along the east side of the room while the faculty dining room will be located in the southwest corner.

The basement building will contain an office for the physical directors, fourteen showers for girls and 232 locker compartments for the boys, as well as storage rooms, toilet facilities, etc. The showers for the boys will be of the latest design to accommodate any number of boys and there will be 302 locker compartments as well as other facilities.

According to Dr. Arthur E. Bassett, president of the board, whatever bids are accepted and work undertaken this year, the tax cut of either one or one and one-half mills will still be possible. Specifications for the project will be drawn up at once so that the contracts can be awarded and work begun as early as possible this spring.

Swarthmore College will donate 75 spruce trees as well as some other shrubbery this year for replanting around the College avenue building and the new Rutgers avenue building, it was announced Thursday evening. The only expense attached to the improvement will be that of moving the trees from the College nurseries to the school grounds. This work will be done by men from the

THE SWARTHMOREAN

Unemployed Bureau in Borough Hall under the supervision of two experienced nurserymen according to the decision of the board Thursday evening.

The purchase of thirty North China elms for planting around the borders of the Rutgers avenue school property was also approved. This tree is said to be the fastest growing that can be secured.

The board approved the purchase of twelve new suits for the baseball team. Approval was also given to the plan for offering toxin and anti-toxin to all the pupils in the schools. This precaution against diphtheria will not be compulsory but each child will be given a slip to be taken home and signed by his parents if they wish him to receive the treatment. There will be a charge of 25c. The work will be done by nurses from the Community Health Center. It has been four years since the last toxin and anti-toxin treatments were provided.

SPRING
is just around the corner, but we are trying to evade that "Spring let-down" in appetites and have our friends feel fit and full of "pep," so that they can enjoy life and the many good things in food that Spring brings along.

We are changing with the season in all the offerings on our menus and we do take pride in the fact that "sameness" and monotony do not drive folks away from us—

RATHER—
folks do come to eat here because of the novelty and variety in foods that we offer.

We have had a wonderful Winter season and now we are getting ready for Spring.
Thank you,
The Patrons.

DEATH TAKES OLD RESIDENTS

Seven Swarthmore Women Die During Winter Months
LEAVE MANY FRIENDS

During the past few months, Swarthmore has suffered the loss of several of its oldest women residents. This week two more names of women who had lived here more than a score of years, Mrs. Charles A. Smith and Mrs. George E. Walker were added to the list as well as the name of Miss Julia A. Hartenstein, who had lived here nearly a score of years.

The entire list of long time residents who have died this winter includes: Mrs. Frederick M. Simons, who lived at Bowling Green near Media the last six years of her life, but prior to that lived in the borough for about forty-five years; Mrs. John Campion, Mrs. Rebecca P. Beistle, Mrs. Mary L. W. Kent and during the past week, Mrs. Smith, Mrs. Walker and Miss Hartenstein.

Mrs. Frederick Simons is remembered by the older residents of Swarthmore as one who worked with her husband in beginning the improvements which later grew to make Swarthmore the desirable home community it is today. Mr. and Mrs. Simons came to Swarthmore when the houses here could almost be numbered on the fingers of two hands. For many years they lived on Elm avenue east of Chester road and for 21 years they lived in what is now remembered as the Woolman house, at Cedar Lane and Elm avenue. Mrs. Simons was an active member of the Presbyterian Church, of which her husband is now an elder for life.

Mrs. Rebecca P. Beistle, of 112 Rutgers avenue, who died Dec. 16, had been a resident of Swarthmore since 1894. She was a charter member of the Women's Club and during her early years as a resident of the borough was active in community affairs and known to everyone. She was a member of the Society of Friends and was in her 84th year when she died. She is survived by her daughter, Mrs. Josephine Beistle, of Swarthmore, and a son, Charles T. Beistle, of Metuchen, N. J. Camilla Campion, (Mrs. John Campion) was another of Swarthmore's old residents. She was eighty-five at the time of her death and had lived here more than forty years. Even up to the time of her death though without her sight, she was keen and alert to current problems and retained her contact with her many friends in the borough.

For the last twelve years of her life she lived at The Harvard where she was dearly loved and greatly admired by all who came in contact with her. During her earlier life in Swarthmore she was active in the Women's Club and other activities. She is survived by one daughter, Mrs. Justice Garwood, of Detroit, Michigan.

In the recent passing of Mrs. Mary L. W. Kent of Harvard avenue, Swarthmore has lost one of its earliest citizens, writes a Swarthmorean who knew her well. Her well known figure walking from place to place in her town is greatly missed. Her cheerfulness and interested greetings always sent one on their way feeling the beauty of long, sincere friendship.

She was generous and sympathetic in everything she undertook and early in life began to participate in causes for the betterment of humanity. She became active in the W. C. T. U. also was a member of the Woman's Club and the Woman's Suffrage League. Her husband, John Simmons Kent, was also a Prohibitionist. In order to afford an opportunity for pedestrians on their way to the station and those driving vehicles on Chester road to get pure water, Mr. Kent had a well and a pump installed at the corner of Chester road and College avenue, and the Trinity church now stands. This property was then owned by Mr. and Mrs. Kent, as well as the home built in 1880 now occupied by Mr. and Mrs. Chester Roberts. Mr. and Mrs. Kent were closely united in all of their undertakings and they attended the Friends' Meeting. The children are Mrs. Arthur Hillman of Ardmore, Norcross, Homer and Ralph. Anderson, Arthur W. Kent, passed away last June.

Mrs. Charles A. Smith
Swarthmore lost one of its old residents this week in the death of Hannah Mary Smith, wife of Charles A. Smith, who died at her home 11 Park avenue Tuesday night after an illness of one week.

Mrs. Smith had been a resident of Swarthmore for thirty-eight years, coming here as a bride in 1893. She had been a member of the Swarthmore Methodist Episcopal Church since its organization and leaves a large number of friends who mourn her loss. She was also active in the work of Ocean City Sea Shore Home for Babies.

During her lifetime she served in numerous capacities in the church and expressed a sincere interest in all movements for individual and community betterment.

Mrs. Smith who was seventy years of age, is survived by a son Aubrey Y. Smith, wife of Charles A. Smith, and Mrs. Charlotte Wilson of Waverly, N. Y. She is also survived by a sister Miss Marian Steele who has made her home with the deceased.

Funeral services will be held this afternoon at 2 o'clock at the Swarthmore Methodist Church. The Rev. Lloyd S. Stevens, pastor, and the Rev. Revel Smith officiating. Interment will be private at the Media Cemetery.

Mrs. George E. Walker
Mrs. George E. Walker (Emmeline Walker) died on Saturday, March 14 at her home, 515 Elm avenue. She was an Englishwoman, daughter of a clergyman of the Church of England. Her devotion to her native country was unwavering and the experiences of the World War and the subsequent hard years told heavily on her.

For business reasons her husband came to this country in 1900 and Mrs. Walker and their children soon followed. Because her friends were Mr. and Mrs. Stephen Louie of Brooklyn and of Lake George, she soon became acquainted with their cousin Elizabeth Powell Bon who was then dean of Swarthmore College, and that friendship brought the Walker family to this neighborhood in 1905.

Her home was always a bit of England, the England we all know and revere. Mrs. Walker was a woman of rare literary ability. She was a keen student of the arts and sciences and she was a brilliant conversationalist. It was her clear thinking and spiritual understanding that gave her the power to help others. None went to her for help without receiving fresh courage and inspiration. She was truly a "radiant Christian."

She had a large circle of friends. Old and young loved her and found her

Swarthmore Woman Sponsors Launching at Sun Shipyard

The vessel is 497 feet long, 65 feet in breadth and 37 feet in depth. It has a capacity of 117,000 barrels, or 5,000,000 gallons of oil. Its power is supplied by Sun Duxford Diesel engines, which give it a speed of eleven knots per hour. It is of the two deck type of construction and both in appearance and equipment is representative of the most modern oil tankers afloat.

This vessel is the sixth of its kind built by the Sun Ship yards for the Motor Tank Ship Corporation in the past two years.

John G. Pew, president of the Sun Shipbuilding Company, is now in California and will be unable to attend the launching. Robert Haig, of Swarthmore, vice president of the company, and E. L. Burke of Ridley Park, vice president, will be present, as well as William Graemer, treasurer, who also makes his home in Swarthmore.

Guests will include officials of the Sun Oil Company, the Motor Tank Ship Company and the Shipbuilding Company. Other guests will include representatives of Lloyd's Register, the American Bureau of Shipping, the United States Steamboat Inspection Bureau and Richard Weglein, director of Wharves, Docks and Ferries of Philadelphia. Judge Albert Dutton MacDade, of Delaware county, and Judge Robert E. Lambertson, of Philadelphia will also be present.

Among those who will witness the launching will be the Girl Scouts of Swarthmore and one of the Cub Packs of Swarthmore.

Swarthmore Makes Good

A Bit Of Swarthmore History Told For The First Time

To the Editor—
In the Winter of 1923-24 the writer discussed with Mr. Wm. H. Wilson, former President of the Philadelphia Real Estate Board, the advisability of continuing business in the Swarthmore district. Swarthmore was then considered a "dead corner" by Philadelphia-suburban realtors, "hardly worth bothering with; certainly not worth the expense of advertising." No other realtor of Philadelphia at that time considered Swarthmore worth more than the cost of an occasional "for sale" sign—the cheapest form of free advertising. Welded to their own home communities, these agents did not realize the strength of the appeal of Swarthmore for a certain class of people intelligent enough to discount the superficial prestige of other better known suburbs.

EASTER APPAREL for Well Dressed Men

When everything symbolic of Mother Nature asserts itself—you know it is Spring—and time to replenish your wardrobe.

See our new spring furnishings. You will find all that is new, fashionable and reasonable in price, in shirts, ties, hosiery, pajamas, golf hose, knickers and accessories.

CONFERENCE SERVICE AT M. E. CHURCH

Conference Sunday will be observed in the Methodist Episcopal Church tomorrow with services at eleven and eight o'clock. The morning service will be the Thank Offering Service of the Woman's Home Missionary Society of the local church. Miss Hannah Miller, National Secretary of Young Peoples' Work of the Woman's Home Missionary Society of the Methodist Episcopal Church will be the speaker. Mrs. C. W. McDowell of Ridley Park, Pa., will conduct the service.

Trinity Church Notes

Mr. Guenther's sermon-topic tomorrow morning will be, "I Believe in Prayer." On Wednesday morning he will address the Young Peoples' Service at 8:05 a.m.

The Rt. Rev. Frank DuMoulin, D.D., LL.D., former Bishop-Coadjutor of Ohio and rector of the Church of the Saviour, Philadelphia, will be the Special Preacher on next Friday evening. The Annual Parish Meeting will be held on Monday evening, April 6th, at 8:00 o'clock, following which an informal Parish reception will be given by the Woman's Guild.

Holy Week Services

Holy Week will be observed in the Swarthmore Methodist Episcopal Church by special services Wednesday, Thursday and Friday of that week. On Wednesday, April 1st, the pastor will bring a message appropriate to the week. The sacrament of Holy Communion will be administered on Thursday evening at eight o'clock. Maunder's Cantata "Olivet to Calvary" will be sung by the choir on Good Friday evening.

HULL SPEAKS ON WORLD DISARMAMENT

Total disarmament is the only way to world peace, is the view of Dr. William I. Hull, professor of history at Swarthmore College, who spoke Sunday night in the Friends' Meeting House, Fifteenth and Race streets, Philadelphia.

Canada and the United States have lived at peace with each other without a fort along their border, while attempts to fortify it might lead to war, he said, and pointed out that the Supreme Court is able to force its will on the States without an armed force. The desire of nations to try their armed forces and military equipment, the speaker blamed for the World War.

Story Hour

The story of the opera Lohengrin, by Wagner, will be told at the next children's story hour, March 26, at 3 o'clock, in the Women's Club House by Mrs. Lawrence Stabler. Mr. and Mrs. E. L. Hunt will assist with the music. The children will have an opportunity to interpret several dramatic scenes from the opera. All children are cordially invited to come.

Carolina, for the support of a girl from the mission fields. The income will be used this year for the education of a girl from Sunset Gap School under the direction of Miss Sara E. Cochran.

Auxiliary Entertained

The Ridley Park American Legion Auxiliary entertained members of the Swarthmore Legion Auxiliary on Wednesday at the home of Mrs. Charles P. Shaw, 25 West Ward avenue, Ridley Park.

Monthly Piano Recital

Mrs. George T. Ashton gave another of her monthly piano recitals last Wednesday. She played numbers by Debussy and MacDowell. The program also included numbers played by Cynthia Wickham, Jane Richardson, Irma Zimmerman, Doreen Mitchell, Betty Johnson, Barbara Bassett, Peggy James and Louise Isfort. The invited guests were: Mrs. Arthur Bassett and Mrs. George Zimmerman.

FORTNIGHTLY TO MEET ON MONDAY

Mrs. Frank Warren will entertain the Fortnightly at her home on Walnut Lane on Monday March 23 at 2:30 o'clock.

NEW BOOKS AT PUBLIC LIBRARY

New books at the Swarthmore Public Library include the following: "Story of San Michele", by Axel Munthe, "Since Then", by Sir Philip Gibbs, "Water Gypsies", by A. P. Herbert, "Over the Hills", by Jeffery Farnal, "Atmosphere of Love", by André Maurois, "Back Street", by Fannie Hurst, "Up the Ladder of Gold", by E. P. Oppenheim, "Mirthful Haven", by Booth Tarkington, "Myron T. Herrick", by T. B. Mott, "Paris Salons, Cafes, Studios", by Sibley Huddleston, "Wings on my Feet", by H. M. Odum, "Poison in a Garden Suburb", by A. D. Cole, "Rising Tide of Color", by L. Stoddard, "Christianity, Past and Present", by C. G. Loring, "Motives of Men", by A. A. Coe, "Problems of Childhood", by Angelo Latri, "Children's Reading", by L. M. Terneau, "We", by Eugene Zamiatin, "Stone Blunt Scissors", by A. Fairlie, and "Backwoodsmen", by C. G. D. Roberts.

A CORRECTION

In the compiling of a list as large as the list of cash subscribers to the Swarthmore Public Library it is almost inevitable that some mistakes occur. It has been brought to the attention of the directors that the names of a few of the contributors for the year 1930 were inadvertently omitted from the list published last week. The directors wish to express their deep regret that these omissions have occurred, and to publish herewith the names of these supporters of the Public Library movement herewith.

Mrs. J. Passmore Cheyney

Mrs. George A. Marr

Mr. P. L. Whitaker

Mrs. Walter C. Crouch

Mr. Joseph J. Gould

Mrs. W. E. Kistler

Mrs. Ralph V. Little

Mr. E. M. Buchner

Rev. Lloyd P. Stevens

James S. Heberling

We also publish the names of the following who have subscribed to the Library fund since January 1, 1931, and prior to the opening of the annual drive of the current week.

Mrs. R. B. Armor

Mrs. W. C. Ryan

Mrs. Ella Roberts Young

Mrs. Janet Smalley

JURY CONDEMNNS ELWYN BRIDGE

Report of Grand Jury Will Go to District Attorney and Pub. Ser. Commission

CONDEMNED BEFORE

In its report, submitted to Judges John M. Broomall, 3d, and Albert Dutton MacDade, Saturday afternoon, the March Grand Jury condemned the condition of the Elwyn Bridge on the Elwyn road, in Middletown township, where there have been frequent accidents.

Judge Broomall said that some years ago a similar report was made and the matter was referred to the Pennsylvania Railroad Company, which tracks the bridge cover. The report will be referred to the district attorney, Judge MacDade said that it may be found that the matter should also be referred to the Public Service Commission.

The jury of ten women and eleven men, with William Klingelhofner, of Collingdale, acting as foreman, reported finding 201 true bills and ignoring seventy-one indictments.

The Grand Jury recommended a new room for meetings of the Grand Jury, and more private rooms for the district attorney.

It also recommended that the alterations on the windows at the county jail be completed and that a new door be constructed for greater safety.

They recommended also that the county commissioners proceed with plans to build a new bridge over Chesapeake Creek at Crozerville, in Aston township. This is the bridge where a girl and two boys lost their lives recently when a truck crashed through the sidewalk.

90 FRESHMEN WOMEN TO ENTER SWARTHMORE COLLEGE IN SEPTEMBER

The women members of the class of 1935 will number about ninety, according to the announcement of the 1931 entrance list from the office of the dean of women yesterday. This group was chosen from a list of over 450 applicants, many of whom were exceptionally well qualified. The task of Dean Blanshard, Dean Walters, and President Aydelotte, who constitute the Committee on Admissions, was unusually hard this year as many excellent candidates had to be rejected because of a lack of accommodations.

Eighty-one of the applicants represent eighteen states, the District of Columbia, Switzerland, China and India. Forty per cent come from Pennsylvania, and about twenty per cent from New York. Of the remainder, nine per cent are from Maryland, seven per cent from Illinois, seven per cent from Ohio and six per cent from New Jersey. The others come from the District of Columbia, Wisconsin, Michigan, Connecticut, Switzerland, Delaware, Indiana, Massachusetts, Virginia, Kentucky, China, California, India, Iowa, Oklahoma, and North Carolina.

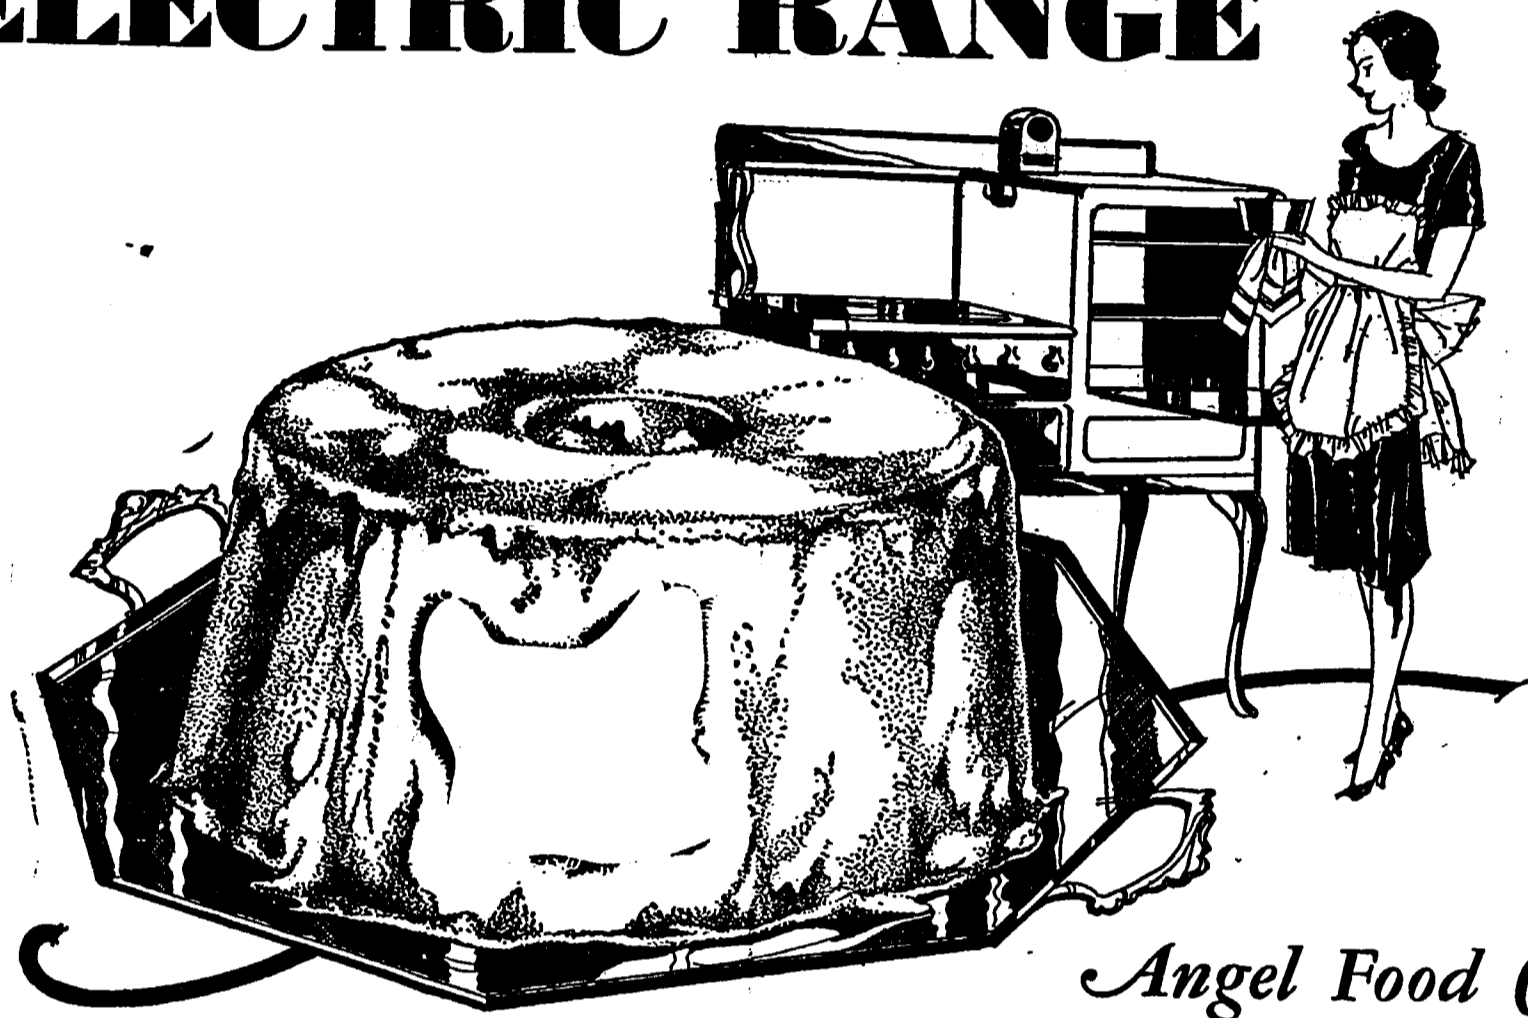

Think of Your Garden

It is difficult to keep one's thoughts from straying toward a garden at this time of the year. Even the children are anxious to get outdoors, to plant and tend a seed bed, and it is well to humor them in this, even though their efforts are sometimes not markedly successful. For this comradeship with Mother Earth and her wonders of the soil is a big influence in developing their fine human traits, which explains, we think, the fact that so many of the country's leaders, both past and present, were sons of humble tillers of the soil.

No vegetables seem to have half the satisfaction of those gathered from one's own garden; starting with the earliest and continuing to those stored for winter use. Around them is a halo of personal achievement and we would gladly pay more for these fresher, tastier, home-grown vegetables—the cost of which is a mere fraction of the price of bought vegetables. Seed costs so little, and the slight amount of care is really the most healthful of out-door recreations.

Property owners in this community take great pride in the appearance of their homes, even from the viewpoint of the casual passer-by. Around almost every home there is enough ground to provide not only a good-sized vegetable garden, but also interesting, colorful flower-beds, set off against a smooth, green lawn. Such plantings are just as important, and often more important than the familiar mechanical conveniences in increasing the value of a property. Often even the disadvantages of a poor location can be largely overcome by this beautifying of the immediate surroundings.

Your Angel Food Cake is Always a Success when baked in an ELECTRIC RANGE

Angel Food Cake RECIPE

SNOWY, moist, fit for the angels, that's the way angel food cake comes from an electric oven every time you bake it. There are no air currents in an electric oven. This keeps a cake from getting dry. It makes a moister cake... more deliciously tender... and one, of course, that will keep fresh longer. Then... there's no such thing as luck one day and failure the next. Whether you bake, broil, roast or fry... the exact time and temperature controls of an electric range enable you to be an expert cook.

EASY TO OWN

NEVER before has it been possible to secure an electric range at so low a price! In addition, the down payment and monthly payments are so modest that it is easy, indeed, for almost any family to enjoy the marvelous advantages of electric cooking. There's an allowance as well for your old range. You are most cordially invited to come in and inspect our big display of the new electric ranges (five famous makes), without obligation!

Electric Cooking costs little, if any, more than any other type of cooking with our very low Third Step Rate of 3 cents a kilowatt-hour!

COUNTY UNION LEAGUE MEETS

Praise of Republican Party and Work in County, Sounded

SENATOR McCURE SPEAKER

Praise for the Republican party and bids for its continued success in Delaware county, were enthusiastically sounded by the county leaders Tuesday night before 800 men and women at the fifth annual banquet of the Union League and Ladies' Auxiliary of Delaware county. All available space of the spacious Pierre roof, on South Sixty-ninth street, Upper Darby, was filled.

Call Sw. 1441 or Sw. 1839-J Anytime—Anywhere Shop—Main St. Morton

throughout Delaware county," said State Senator John J. McClure. Referring to St. Patrick's snake annihilation, Senator McClure declared, "We have no place in the Republican party of Delaware county for snakes and toads. I am proud of our party and I know you are. In a little more than a year the national elections will be upon us and we shall want to present a strongly organized front."

Referring to his work at Harrisburg, Senator McClure exclaimed, "There is a great responsibility in representing such a constituency as this." The speaker launched into an explanation of the work of the Earnest committee, of which he is a member. "There are 3200 public utility companies in Pennsylvania," he said, "representing in value about \$5,000,000,000. About 250 complaints are filed each year with the Public Service Commission, most of them dealing with engineering or accounting problems. The force of only 60 employes on the commission's staff is inadequate to handle these complaints properly. For instance, there are over 600 water companies in the state and only one engineer of the Public Service Commission to supervise them."

The three classes of service in which the Senate committee is interested were named by Senator McClure. "The first is the man or woman who pays for service," he said. "The rate payer must be assured that his rate is fair. The Personal Counsel Bill will aid in this. The second class to be considered are

EASTER EGG HUNT FOR SWARTHMORE CHILDREN NEXT SATURDAY

The Swarthmorean Will Sponsor Hunt for Hundreds of Eggs To Be Hidden in Designated Area; Limited To Children Ten Years Old and Under

Swarthmore's first community-wide Easter egg hunt will take place next Saturday morning at eleven o'clock.

Only children ten years old or younger will be allowed to participate in the hunt to take place in a designated area the location of which will be announced from the west steps of Borough hall at eleven o'clock next Saturday morning.

Parents are asked to accompany the smaller children and help them hunt for the eggs. Enough prizes will be hidden so that it will be almost impossible for any child not to find at least one bag of candy eggs or a prize of some sort.

CULVERT BENEATH R.R. TO BE ENLARGED A new culvert capable of taking care of four times the amount of water which the present one will accommodate will be installed beneath the tracks of the Pennsylvania R. R. at Princeton avenue during the next few weeks.

UNDERPASS CONTRACTS TO BE AWARDED SOON Bids for Chester road underpass have practically all been received and the contracts will probably be awarded next week, Edward B. Temple, chief engineer of the Eastern Division of the Pennsylvania R. R. stated yesterday.

PAINTINGS MENTIONED IN WOMAN'S WILL In the will of Mrs. Emmaline Walker, who died on March 14, at 315 Elm avenue, Swarthmore, probated at Media Wednesday, it is directed that two paintings be given to her daughters, Mrs. Jean Hamilton Creighton and Miss Violet U. M. Walker.

SERVICE OF MUSIC GOOD FRIDAY EVENING The choir of the Swarthmore Presbyterian Church under the direction of Mr. Kneveler has prepared a beautiful service of music for Good Friday at 8 o'clock.

WILL BUILD WALK TO NEW SCHOOL A concrete walk on the east side of Rutgers avenue between Yale avenue and the new Rutgers avenue school will be started early in April for completion about the middle of the month, Frank N. Smith head of the syndicate responsible for the improvement stated yesterday.

Civil Service Exam There will be a civil service examination for a clerk-carrier for the Post Office in Swarthmore. The receipt of applications will close on April 3rd, 1931. Applications may be made on a special form to E. E. McDonnell at the Swarthmore Post Office.

GOOD PROGRESS ON SIDEWALK REPAIRS

Nearly a month after notices about sidewalk repairs were sent out finds about twenty-five per cent of those notified either with the work completed or underway.

Thus far council is making no apparent move towards easing up on their order that all walks in the borough be put in good condition by May 1.

THREE HURT AS CAR IS STRUCK Three Swarthmore men, E. C. Walton, real estate agent whose home is at Ogden and River streets, W. Harold Tomlinson, nationally known mineralogist of 144 Yale avenue, and Albert Ingle of Spruce road, figured in an automobile accident last Saturday afternoon at the intersection of State road and Spruce road just north of Swarthmore.

ALL ARE RECOVERING The three Swarthmore men were on their way to attend a girl's basketball game at Bryn Mawr College when their car was struck at the intersection by a machine driven by Albert J. Hennessy of Guilford road, Upper Darby.

"SOUTHERN SUN" IS LAUNCHED AT CHESTER The two million dollar oil tanker, Southern Sun, sixth of a series of oil carriers constructed for the Motor Tankship Corporation is being fitted for actual service this week after its launch on last Saturday afternoon from the ways of the Sun Shipbuilding and Drydock Company, in Chester.

ASSIST IN SPONSORING NEW SHIP Another tanker of the same series will be completed by the local and out-of-town guests in attendance at the launching on last Saturday afternoon from the ways of the Sun Shipbuilding and Drydock Company, in Chester.

WILL LANDSCAPE SCHOOL GROUNDS

Planting of Trees Monday Marks Beginning of Extensive Program

Bids for the new gymnasium and cafeteria unit and the basement of a second unit to house shower and locker rooms just west of and adjoining the present College avenue building will be sought within a few weeks, Arthur E. Basset president of the Swarthmore school board announced yesterday.

Monday morning will mark the beginning of a program of beautification of the grounds around both of Swarthmore's public school buildings. The improvement will probably be noted since the structure has been the object of criticism because of the absence of planting of almost any sort.

Considerable seeding of the athletic fields at the new Rutgers avenue school and the College avenue building as well as the grounds in front of the buildings will also be carried out next week during spring vacation.

Considerable seeding of the athletic fields at the new Rutgers avenue school and the College avenue building as well as the grounds in front of the buildings will also be carried out next week during spring vacation.

WOMEN VOTERS TO MEET NEXT TUESDAY

The meeting of the Swarthmore League of Women Voters will be held next Tuesday afternoon at 2:30 in the Woman's Club House. The subject for discussion will be "The Legal Status of Women". The meeting will be in the nature of a forum with a study of questions and answers on this subject and will be participated in by Miss Florence Wolverson, Mrs. Harold Barnes, Mrs. W. H. Elsbree, and Mrs. Philip Jewett. Mrs. A. B. Gary, the County Chairman for the Committee on the Legal Status of Women, expects to attend the meeting.

This meeting is open to the public, and all who are interested are most cordially invited to attend.

Leiperville To Be Visited On Historical Pilgrimage April 18

As Leiperville with its historical places of interest including the old quarry, the railroad, and the canal, will occupy an important place on the itinerary of the Historical Pilgrimage planned by the Home Service Committee of the Home and School Association, the following article should prove of interest to those looking forward to the occasion.

One of the most interesting spots in the vicinity of Swarthmore is the section known as Leiperville. The quarry was opened about the time of the Revolution by Thomas Leiper, a Scotchman by birth, who had come to make his home in Philadelphia. The stone from the quarry was used for curbs in the sidewalks of Philadelphia, and also for building many of the early government buildings. There are records which show that Stephen Girard ordered some of this stone.

There was difficulty in transporting the heavy blocks to the city, as Crum Creek was not suitable for this work. In 1809 the first permanent railway in the United States was built to carry the stone to Ridley Creek. The wooden rails have long ago disappeared, but there are places where the site of the stone roadbed may still be seen. Later a canal was built between the quarry and Ridley, and canal boats carried the stone down to tide-water in Ridley where it was loaded on sloops which plied up and down the Delaware. The remains of this canal may easily be seen. Especially interesting are the locks, where the water was the deepest.

Thomas Leiper also owned a snuff mill, the foundation of which is still clearly marked. This was operated by water-power from Crum Creek. An arch still remains in the foundation wall of one of the Avondale houses, which probably is the site of the mill-race. After the snuff mills were abandoned, textile mills were established, but these too were soon forgotten. The settlers in Avondale were Scotch and English first, then French, and Irish, and now largely Italian. In the old school house in the village are little French Testaments used by the daughter of Thomas Leiper when she held a little school there.

Historical Pilgrimage Planned for April 18

The Swarthmore Home and School Association is arranging for a Historic Pilgrimage of Swarthmore, on Saturday, April 18th. (In case of rain on the 18th). The places to be visited are: The site of Jane Lowmies Cave; the Blue Church; the Benjamin West House; the Leiper House, Leiper Quarry, and first railroad remains. The tour will be open to any member of the borough, and if there are any suggestions as to other places of historic interest in the neighborhood, the committee in charge will be glad to hear them. Please notify Mrs. E. H. Bonsall, Jr., Cornell avenue.

Swarthmore Churches Announce Activities For Easter Week

COMMUNITY SERVICE EASTER MORNING
An Easter Dawn Community Service will be held on Easter Sunday morning at seven o'clock on the steps in the walk leading up to Parrish Hall at the college. Rev. E. H. Bonsall of 222 Cornell avenue, will give an appropriate address. This service is an outgrowth of the Young People's meetings which have been held in the Trinity

Episcopal Church. Services began on Ash Wednesday at 8:05 A. M. and have been held regularly each Wednesday during Lent. The climax will occur on Easter. The committee arranging for meetings consists of Jane Michener, Betty Bonsall, Wendell Cleger, W. Alden Jones, Herbert Michener, Elsie Pitman, Betsy Soule, William Swan, Fred Vocum, William Maddox and John Mitchell.

Trinity Church Notes
The Choir will be assisted, tomorrow by Edna Mixsell, soprano, Florence Mixsell, alto, and Walter Studdiford, tenor. The program will include: Prelude, Choral (Suite Gothique) by Boellmann; "The Palms" by Faure; "Jerusalem", by Parker and "The Coronation March from 'Le Prophete'" by Meyerbeer.

Holy Week Services
Holy Week will be observed in the Methodist Episcopal Church by special services, Wednesday, Thursday and Friday evenings at eight o'clock. On Wednesday evening the pastor, Lloyd P. Stevens, will bring a Passion Week message. On Holy Thursday, the Sacrament of the Lord's Supper will be administered.

Candy ...for... Easter

With the end of Lent candy is quite in order. To supply the demand we have on sale some of the most popular varieties at very attractive prices. Candy eggs in vivid colorings, as well as chocolates and bonbons are included.

SHIRER'S DRUG STORE
SO. CHESTER ROAD

Library Exhibit
A number of beautiful pastel sketches by Miss Florence Tricker and illustrations by Mrs. Janet Smalley have been added to the work of Swarthmore artists now being exhibited at the Library.

ROUND-UP DOGS WITHOUT LICENSES
A roundup of dogs without 1931 licenses is being made in Delaware County by Charles E. Thompson, representative of the Bureau of Animal Husbandry of the State Department of Agriculture.

Presbyterian Church Notes
Tomorrow, the services of the church will be in keeping with Palm Sunday, with special music by the choir.

Monday evening, Dr. and Mrs. Tuttle will be at home, at the manse, to all students of the parish who have returned from school and college for their vacations.

Except Monday and Saturday, daily evening services will be held in the church in celebration of Passion Week. On Tuesday and Wednesday evenings at eight the preachers will be the Rev. Dr. McNaughton. Thursday evening the Holy Communion will be celebrated, with the communion address by the pastor. Good Friday evening, there will be a service of passiontide music by the choir, singing Dubois' "The Seven Last Words."

Easter-day, April 5th, there will be services all day in celebration of the resurrection of the Lord. The day will begin with an early dawn service for the young people of the community to be held at seven o'clock on the steps of the college walk. At ten, the entire Sunday Schools will hold an easter service in the church when the junior choir will sing. The regular Easter public worship will be at eleven and quarter before five o'clock.

OFFERING FOR THE UNEMPLOYED—At the morning service of Easter-Day, a special offering will be made for the relief of the unemployed, to be given the Swarthmore branch of the county relief organization.

During the past week, the builders of the church organ have been readjusting and revoicing the pedal notes of organ.

Swarthmore. The law provides that if a dog is not bearing a license after January 1 of each year, the owner is subject to a fine of from \$5 to \$100.

NEED FOR A TREE PLANTING COMMISSION

Many Swarthmoreans are looking forward to the work which it has been said will be done this spring towards planting young trees along the streets of the borough. This movement began at the suggestion of the Business and Civic Association and was originally to be carried on by the residents. Little was accomplished, however, so the committee heads decided that the work should be turned over to men who make tree planting their business. These men are to receive the cooperation of those interested in the project.

If this second attempt fails, and there is no reason to believe that it will at this early date, there is still the opportunity of turning the work over to a commission named by Borough Council. Such commissions, created by the government authorities, are doing much towards beautifying many communities along the Main Line not many miles from Swarthmore and no alternative should be overlooked towards making this ambitious program a success in Swarthmore.

PARENTS WARNED AGAINST MEASLES

Health Center Urges Precautions Against Disease Common at This Time

HAS DANGEROUS ASPECT

Every Spring brings its quota of measles. This disease, though not treated seriously, ranks high among the causes of death among children. The community nurses of Central Delaware County are always on guard for contagious diseases, but parents should keep young children from being exposed as far as possible.

Dr. D. N. Navarro, Director of the Pathological Dept. of the London Children's Hospital, has been trying an experiment of using serums taken from individuals recovering from measles. This serum is injected deep into the muscles.

586 children have been treated this way, with the result that in a majority of cases, it prevented the disease and when administered five days after exposure, practically all cases were mild. The earlier the injection of serum after exposure, the better the results. Perhaps new discoveries, coupled with determined watchfulness, will eliminate the troublesome disease in the next generation.

Measles is a dangerous and very contagious disease. The first signs of measles are sneezing, running at the nose and a slight cough. The eyes look red and watery, and light hurts them. It is during this period that others are most liable to catch the disease. The child may appear to have only a cold. But the mother who sends her child to school or allows him to play in the street at this time is helping to spread the disease to other children.

In the beginning there is little fever. In a day or two, the skin becomes hot, the tongue becomes covered by a furry coating, and the throat grows very red. About the fourth day, red spots begin to appear on the forehead and face, and soon spread down over the entire body. The spots collect in large red blotches and usually itch.

It is not necessary for your children to have measles if you will keep them away from children who have the disease. Children below school age should be carefully protected from measles. This will save you much worry and trouble and may even save your child's life.

But if your child shows signs of measles, you must: Keep him away from other children. Send for the doctor immediately, and obey his orders.

Mrs. Arthur W. Kent and her son, John C. Kent, returned to their home on Elm avenue Saturday. They have been spending the winter in Los Angeles and the week before leaving visited Sequoia and Yosemite Parks and San Francisco, covering five thousand miles by auto the past three weeks.

Mr. and Mrs. J. Archer Turner have been guests this week at Haddon Hall, Atlantic City.

Vesper Services In Clothier Memorial Attract Townspeople

Many residents of the borough have added a new activity to their Sunday schedule in the form of the vesper services now being held every Sunday evening at 6:30 in the Clothier Memorial. No services will be held this Sunday on account of the Easter holidays. The next service will take place on April 12 when an organ recital and a program of choral music will be presented.

Last Sunday the third of the weekly services was opened by an organ selection played by Edmund Daves of the Junior class. Dr. Brand Blanshard of the philosophy department, spoke to the large gathering on "The Aesthetics of Everyday Living."

He said that the Clothier Memorial "is dedicated to the imperishables of education, to those things that are essential to any cultivated mind, yet cannot be measured, weighed or even directly taught."

The speaker went on to say that character is perhaps the most important of all imperishables, but the will of a strong character must be set in a good direction.

Dr. Blanshard pointed out that knowledge, pleasure, and beauty are intrinsic goods and are ends we should seek. People often become lost and absorbed in the machinery of life and therefore cannot see the ends clearly.

"NEIGHBORLY NIGHT" PROGRAM APRIL 22

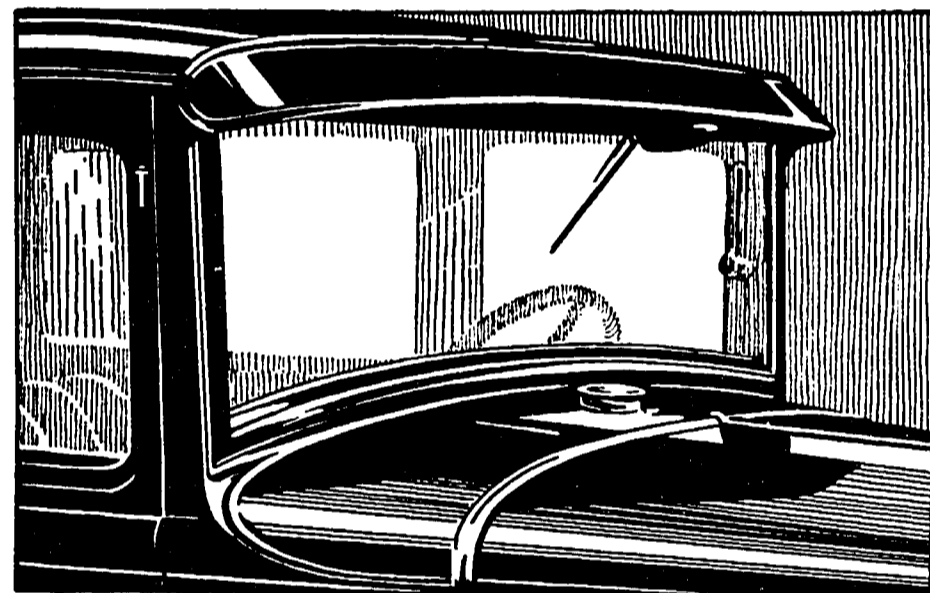

The "Neighborly Night" program which the Fortnightly is to give on April 22 for the benefit of the unemployed will consist of a number of attractions according to last reports. The feature of the evening will be the play by Mr. and Mrs. Charles D. Mitchell.

There will also be a number of selections by professional musicians. Another feature will be a spelling match in which a small number of Swarthmore women will spell against an equal number of Swarthmore men to decide

FORD SAFETY

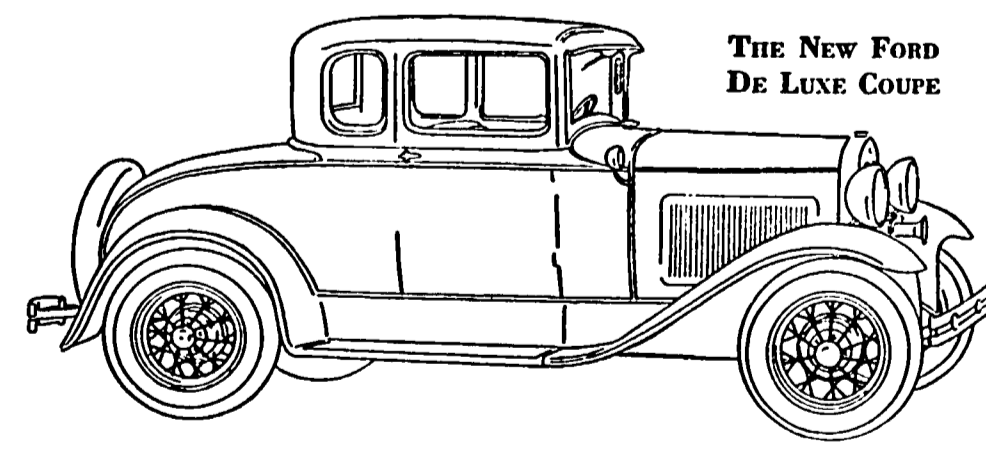

Triplex shatter-proof glass windshield has saved many lives in collisions

EVERY new Ford is equipped with a Triplex shatter-proof windshield. This is made so that the glass will not fly or splinter under the hardest impact. It has saved many lives and prevented injuries in many automobile collisions.

This shatter-proof glass windshield is just one of many features that make the new Ford a value far above the price. Others are the silent, fully enclosed four-wheel brakes, sturdy steel body construction, four Houdaille double-acting hydraulic shock absorbers, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, Rustless Steel, and unusual accuracy in manufacturing.

In addition, you save many dollars because of low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

LOW PRICES OF FORD CARS
\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

NEED FOR A TREE PLANTING COMMISSION
 Many Swarthmoreans are looking forward to the work which it has been said will be done this spring towards planting young trees along the streets of the borough. This movement began at the suggestion of the Business and Civic Association and was originally to be carried on by the residents. Little was accomplished, however, so the committee heads decided that the work should be turned over to men who make tree planting their business. These men are to receive the cooperation of those interested in the project.

If this second attempt fails, and there is no reason to believe that it will at this early date, there is still the opportunity of turning the work over to a council commission named by Borough Council. Such commissions, created by the government authorities, are doing much towards beautifying many communities along the Main Line not many miles from Swarthmore and no alternative should be overlooked towards making this ambitious program a success in Swarthmore.

PARENTS WARNED AGAINST MEASLES

Health Center Urges Precautions Against Disease Common at This Time

HAS DANGEROUS ASPECT

Every Spring brings its quota of measles. This disease, though not treated seriously, ranks high among the causes of death among children. The Community nurses of Central Delaware County are always on guard for contagious diseases, but parents should keep young children from being exposed as far as possible.

Dr. D. N. Navarro, Director of the Pathological Dept. of the London Children's Hospital, has been trying an experiment of using serum taken from individuals recovering from measles. This serum is injected deep into the muscles.

Some children have been treated this way, with the result that in a majority of cases, it prevented the disease and when administered five days after exposure, practically all cases were mild. The earlier the injection of serum after exposure, the better the results. Perhaps new discoveries, coupled with determined watchfulness, will eliminate the troublesome disease in the next generation.

Measles is a dangerous and very contagious disease. The first signs of measles are sneezing, running at the nose and a slight cough. The eyes look red and watery, and light hurts them. It is during this period that others are most liable to catch the disease. The child may appear to have only a cold, but the mother who sends her child to school or allows him to play in the street at this time is helping to spread the disease to other children.

In the beginning there is little fever. In a day or two, the skin becomes hot, the tongue becomes covered by a furry coating, and the throat grows very red. About the fourth day, red spots begin to appear on the forehead and face, and soon spread down over the entire body. The spots collect in large red blotches and usually itch.

It is not necessary for your children to have measles. You will keep them away from children who have the disease. Children below school age should be carefully protected from measles. This will save you much worry.

Vesper Services In Clothier Memorial Attract Townspeople

Many residents of the borough have not been measured, weighed or even didded a new activity to their Sunday schedule in the form of the vesper services now being held every Sunday evening at 9:30 in the Clothier Memorial. No services will be held this Sunday on account of the Easter holidays. The next service will take place on April 12 when an organ recital and a program of choral music will be presented.

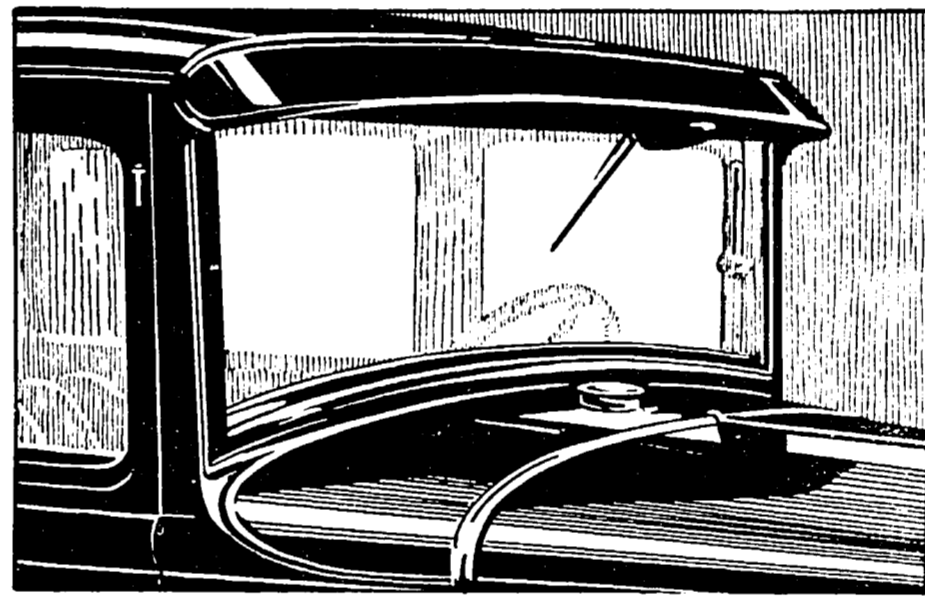

Last Sunday the third of the weekly services was opened by an organ selection played by Edmund Daves of the Junior class. Dr. Brand Blanshard of the philosophy department, spoke to the large gathering on "The Aesthetics of Everyday Living."

He said that the Clothier Memorial "is dedicated to the impudencies of education, to those things that are essential to any cultivated mind, yet casual."

NATIVE HINDU ADDRESSES WOMEN

Chinmal B. Shah, a native high caste Hindu, who is taking a pharmaceutical course in the Philadelphia College of Pharmacy, was the speaker at the Mission Study Class of the Woman's Association of the Presbyterian Church, which met Wednesday afternoon at the home of Mrs. Thomas E. Hessbruch.

Mr. Shah gave a very interesting survey of the development of India as a nation from its early periods to the present time, with its periodic accessions and absorptions of other peoples, and its final struggle for independence from British rule. He included a very complete history of the life of Ghandi, his evolution from being a loyal subject of Great Britain to the apostleship of freedom for India through the well-known principles of non-cooperation and non violence.

True religion, Mr. Shah thought, meant living up to the tenets of your religion whether you were a Mohammedan, Hindu or Christian. The origin of child marriage, he traced back to the middle ages, when India was subject to invasions from without, the invaders seizing their women as well as their lands. It was a method of self preservation, but the custom had in it as well inherent evils, which modern India recognizes, and from which it is gradually freeing itself.

He described the Hindu idea of marriage as a soul rather than a bodily union, a conception which has fostered the ideal of loyalty and morality.

Mr. Shah has a wife in India and a small daughter two years old. He is expecting to return to India upon the completion of his course at the College into the much needed field of pharmacy in India.

The next meeting of the class will be held Wednesday, April first, at the residence of Mrs. Henry L. Smith of Stratford Road, Wallingford, promptly at 2:30 P. M. Mrs. Kathryn Holzapple, for eight years a missionary in India, will speak on "The Indian Home Life". Mrs. George L. Van Alen will conduct the Devotional and Miss Margaret Tuttle will present Current Events. Those wishing transportation will be accommodated by applying to Mrs. Edwin A. Yarnall.

J. R. HELMS DEFENDS SECOND MORTGAGES

Among those who went to Harrisburg this week to voice opposition to proposed legislation which would practically prohibit the taking of second mortgages through building and loan associations was J. R. Helms of No. Princeton and Swarthmore avenues.

Mr. Helms attended the meeting and spoke in the capacity of representative of the Board of Directors of the Better Housing Building and Loan Ass'n. of Philadelphia.

He said: "As representative of the Board of Directors of The Better Housing Build-

ing and Loan Association of Phila., I wish to register our opposition to the passage of the proposed Bill prohibiting the acceptance of second mortgages by Building and Loan Associations.

"No State in the Union has been more progressive in the matter of home owning than Pennsylvania and this has been largely due to the activities of these associations in easing the financial difficulties to home building, especially by the granting of second mortgages.

"Any obstacle to the financing of home buying at this time would be a most backward step and would tend to further intensify the economic crisis our people are experiencing today.

"It has been the hope of us who have been laboring among the unemployed of Eastern Pennsylvania the past winter

that with the coming of spring, builders would begin to meet the demand for low cost resident construction and with this line of activity opened up, the jam log of industrial stagnation would have been broken.

"The financing of building construction is one of the fundamental problems of our country today, and any obstacle at this time will further increase the depression we are experiencing and prolong our economic recovery.

"The greatest field for the absorption of our unemployed is the immediate resumption of building activity and no act at this time should be contemplated that will contribute to the present emergency. I again wish to emphasize our opposition to the passage of the proposed Bill."

COUNTY PRISON FARM HIGHLY COMMENDED

Standing in the heart of the rolling, wooded section of Concord and Thornbury townships, in this county, is the nucleus of a modern experiment in penology, Broadmeadow Prison Farms.

There is no suggestion of the ancient feudal prison system, which has only lately been relegated as a horrible method of the past. Outlines of grey cold stone in the existing buildings do not mingle with the natural beauty of the country.

In fact, everything about the farm, which comprises 405 acres, is suggestive of any other farm in that section of the county. It is broad and rolling country,

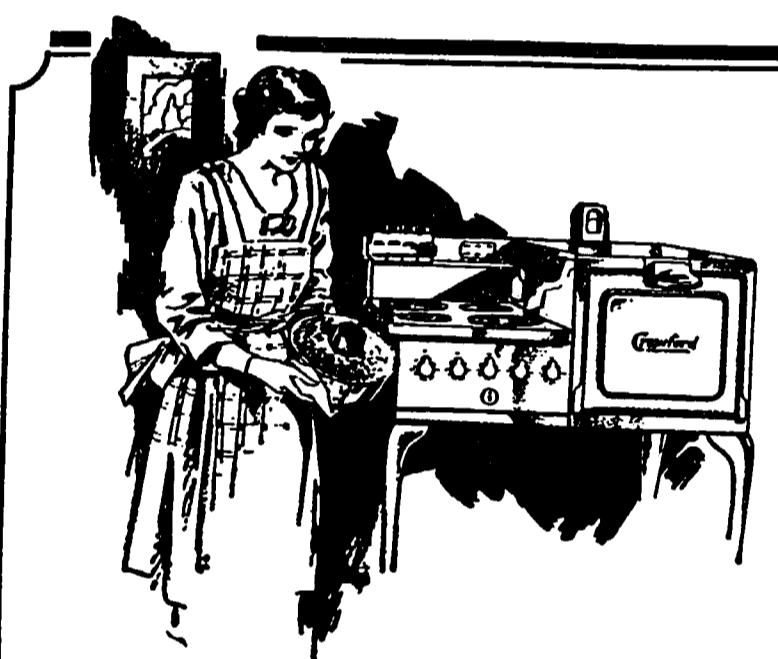

with several buildings, including a temporary barracks which holds forty-nine men, an ultra-modern building in which the female law-breakers are housed, and several barns containing farm equipment, cows, horses, steers, heifers and bulls.

A prison for men is now under construction, which, when finished, will have a capacity of 250 persons. The jail at Media will then be used only as a place of detention for those under trial, and new prisoners.

To the north of the farm is the site selected for the tuberculosis hospital. It will be located on a hill 444 feet above river level, its imposing facade facing a southern exposure.

Plans for the completion of the experiment, which, it is supposed, will revolutionize the idea of prison.

NATIVE HINDU ADDRESSES WOMEN

Chimantal B. Shah, a native Hindu, who is taking a pharmacological course in the Philadelphia College of Pharmacy, was the speaker at the Mission Study Class of the Woman's Association of the Presbyterian Church, which met Wednesday afternoon at the home of Mrs. Thomas E. Hesselbrun.

Mr. Shah gave a very interesting survey of the development of India as a nation from its early Aryan sources to the present time, with its periodic accessions and absorptions of other peoples, and its final struggle for independence from British rule.

True religion, Mr. Shah thought, meant living up to the tenets of your religion, whether you were a Mohammedan, a Hindu or a Christian. The origin of child marriage, he said, dated back to the middle ages, when India was subject to invasions from without, the invaders seizing their women as well as their lands.

Mr. Shah has a wife in India and a small daughter two years old. He is expecting to return to India upon the completion of his course at the College into the much needed field of pharmacy in India.

The next meeting of the class will be held Wednesday, April first, at the residence of Mrs. Henry L. Smith of Stratford Road, Warrington, promptly at 2:30 P. M.

Mr. Helms attended the meeting and spoke in the capacity of representative of the Board of Directors of the Better Housing Building and Loan Ass'n. of Philadelphia.

ing and Loan Association of Phila., I wish to register our opposition to the passage of the proposed Bill prohibiting the acceptance of second mortgages by Building and Loan Associations.

"No State in the Union has been more progressive in the matter of home owning than Pennsylvania and this has been largely due to the activities of these associations in easing the financial difficulties to home building, especially by the granting of second mortgages.

"Any obstacle to the financing of home buying at this time would be a most backward step and would tend to further intensify the economic crisis our people are experiencing today.

"It has been the hope of us who have been laboring among the unemployed of Eastern Pennsylvania the past winter with several buildings, including a temporary barracks which holds forty-nine men, an ultra-modern building in which the female law-breakers are housed, and several barns containing farm equipment, cows, horses, steers, heifers and bulls.

A prison for men is now under construction, which, when finished, will have a capacity of 250 persons. The jail at Media will then be used only as a place of detention for those under trial, and new prisoners.

To the north of the farm is the site selected for the tuberculosis hospital. It will be located on a hill 444 feet above river level, its imposing facade facing a southern exposure.

Plans for the completion of the experiment, which, it is supposed, will revolutionize the idea of prison.

COUNTY PRISON FARM HIGHLY COMMENDED

Standing in the heart of the rolling, wooded section of Concord and Thornbury townships, in this county, is the nucleus of a modern experiment in penology, Broadmeadow Prison Farms.

There is no suggestion of the ancient feudal prison system, which has only lately been relegated as a horrible method of the past.

In fact, everything about the farm, which comprises 405 acres, is suggestive of any other farm in that section of the county. It is broad and rolling country,

Swarthmore Fire Truck Drivers Selected and Trained With Care

Careful selection and training of drivers is Swarthmore's protection against such a catastrophe as visited Malvern this week when five members of the volunteer fire department were killed when a truck responding to a field fire crashed into a tree.

"The Swarthmore fire company has a splendid record which we are going to try to maintain," said Dr. John B. Rosby when asked about the drivers of the Swarthmore fire trucks.

"Frank Terrells, our chief engineer, supervises the drivers and never permits a truck to go out except under the guidance of a man who has been designated a driver by reason of experience and training.

"The speed limit for our trucks is the same as other vehicles in the borough and in training our drivers, Mr. Terrells insists that they drive no faster than 25 miles an hour in any emergency and usually about 18 miles an hour."

According to Dr. Rosby and John Conway, the chief of the company, the greatest danger both to the firemen and other citizens is in chasing the fire trucks in private machines.

PLAYHOUSE-IN-HILLS TO BE ESTABLISHED Swarthmore People Interested in Development of Progressive Education

OPEN DURING SUMMER Swarthmore people are reported as being among the group that is establishing a non-commercial creative and cultural art center in the Berkshires to be known as the Playhouse-in-the-Hills.

Dr. John B. Rosby, president of the Swarthmore Fire Company, tells of care taken in selecting drivers here.

KEYSTONE AUTO CLUB MEETING

Rural Road Program Endorsed at Annual Gathering of Members

SUGGEST TAX ECONOMIES

Governor Pinchot's 20,000 mile rural road program can be carried out by the use of one cent of the 3-cent gasoline tax, according to J. Borton Weeks, president of the Keystone Automobile Club, who urges upon the Legislature the importance of setting aside this part of the tax and restricting expenditures for rural roads to that revenue.

"First Class Shoe Shine Parlor"

Mr. Weeks, in the twenty-fifth annual report of the Club, also recommends to the Legislature that the practice of returning a portion of the gasoline tax to counties be discontinued, and that collection of the tax be made at the source, instead of through 25,000 or more retail dealers.

In support of his recommendations, he said:

"In order that it may be clear beyond question to the public that the Pinchot program will not interfere with the completion of the State highway system and much needed replacements and widenings on the major system, it is strongly urged that the Legislature set aside one-cent of the three-cent gas tax for the rural road program. If this policy is pursued there will be available from this source during the present biennial period approximately \$22,000,000, which, we understand, is about the amount the Governor anticipates will be necessary for the purposes of his program.

"We believe the practice of the State paying to each county one-half cent of the three-cent gas tax collected within such county be discontinued or materially reduced, because the rural road program will relieve the counties and townships of the burden of constructing and maintaining approximately 25 per cent of the local roads. A further reason is that the State has recently assumed the extensive burden of building and maintaining bridges on State highways, a duty which has heretofore been a legal obligation of the counties.

"With respect to the gas tax collection, we submit that there rests upon the present Legislature a very definite duty to provide for collection at the source, in the interest both of economy of collection and the certainty of receiving what is due."

PLAN TO CELEBRATE PENN ANNIVERSARY

Plans for a committee to assure the 250th anniversary celebration of the founding of Pennsylvania and of the first coming of William Penn to America, were definitely formed at a recent meeting of the Historical Society of Pennsylvania.

Mr. and Mrs. George F. Corse, 411 Yale avenue, Swarthmore, entertained their bridge club at dinner on Friday evening, at their home. There were sixteen guests.

Mrs. Thomas Downs, Jr., of Springfield, will entertain at a luncheon and bridge party at her home today.

HARRIS & CO. OPENS CHESTER ROAD STORE

A new branch store has been opened this week by Harris & Co. of 11 Park avenue in the Old Post Office building,

GEORGE H. KELLEY

ASK THE MAN WHO OWNS ONE

THE PACKARD DE LUXE EIGHT

Pre-eminent among fine cars throughout the entire world

Abroad, where motor car values are weighed more carefully and unhurriedly and where the American type of selling is almost unknown, Packard leadership and prestige are conclusively demonstrated year after year.

Of the cars sent overseas in 1930, Packard exported more than one-third of all the eighteen makes selling at the factory for \$2000 or more. Packard sold abroad nearly twice as many cars as any other one make listing in its price class.

While at home — where sales competition is active and keen — Packard for the sixth consecutive year in 1930 delivered more new cars than

any other manufacturer in the Packard price class.

Packard's masterpiece, of course, is the distinguished DeLuxe Eight, acclaimed throughout the capitals of the world as the finest of all fine motor cars. Individual Custom models, built on the superb DeLuxe chassis, offer the very utmost in luxurious transportation — transportation of which the royalty, nobility and men of affairs of every land are proud.

We cordially invite you to visit our show rooms and inspect at your leisure the Packard cars which are outstanding among both American and European makes in every quarter of the globe.

SPECIAL OPENING OFFER

Cash and Carry \$1.00
Dry Cleaning

Any garment—men's suits or coats, ladies' dresses, suits and coats. Same excellent workmanship as offered in our 11 Park avenue store.

A Store on Chester Road Again—

When, after eighteen years as a tailor in Swarthmore, we moved from our location on South Chester road, it was with a keen feeling of regret. We resolved that sooner or later, regardless of the advantages of our present Park avenue location, we would return to Chester road and open a branch store for the convenience of patrons who had become accustomed to finding us on Chester road.

This week we realized this ambition. Our new branch store in the Old Post Office building not only places us again on Chester road where our old patrons were accustomed to seeing us, but provides us with a store where deliveries and charge accounts are eliminated thereby making it possible for cheaper prices to prevail in this special opening offer.

It gives us a great deal of happiness to greet our customers once more from our new Chester road location where they were accustomed to bring us their business for nearly twenty years.
