PATIENTS ATTEND MORROW POOL

Polio Parents Club Activities Are Reviewed

Once again polio patients from all over Delaware County are happily splashing in the Morrow Pool on Harvard avenue. Sixty-five patients, ranging in age from 3 to 40 and including cases that date back to 1929, come to use this pool, reserved especially for them on Tuesdays, Wednesdays and Fridays from 2 to 4. Physiotherapists Mary Lou Wilson and Henry S. Kern, give treatment and instruct while volunteers, one for each patient, stand by to help. Sports and water toys remain on shore with chatting parents and volunteer drivers, for these swimmers, paddlers and floaters take their "recreation" seriously as they strive to use and exercise muscles paralyzed by the polio virus.

With all the noise and gaiety, all the splash and activity going on, it is difficult to tell which is the patient and which is the volunteer, who ordinarily wears a leg brace and who uses crutches. One learns with surprise, for instance, that Jerry, floating comfortably in his tube midway between the deep and the shallow ends, two years ago was a respirator case. He spends his spare time with inventions, and incidentally, proceedings have already begun on patenting his shower bath for handicapped people; and now he is working on an automatic crutch. Another patient, a pretty dark-haired girl, pops in and out of the water with an occasional belly-flop or two, perfecting her dive. On the shallow end a little girl, supported by her bathing suit straps, firmly held by a volunteer hand, kicks her way from one side of the pool to the other. A little boy learns to put his face in the water. Others, having overcome their fear, are practicing deadman's float or paddling noisily back, and forth across the pool.

Progress Achieved

The progress made through these hydrotherapy treatments and the efforts of the patients themselves is exciting and rewarding to the polios, the parents, the volunteers as well as to Miss Wilson and Mr. Kern. Any stray parent executive secretary or helper may stop to point with pride to eleven-year-old Jean who as a result of the treatments last year at the pool, was able to exchange one of her long leg braces, which reach to the thigh, for a short one to the knee; or to the little boy who, one day this

PARK NAMED TO DENMARK POST

Mr. and Mrs. William M. Park of Harvard avenue will sail next Wednesday on the Queen Elizabeth for Southampton. After a week's stay in London they will go to Copenhagen, Denmark where Mr. Park will be Commercial Attache to the American Embassy. Mr. Park's appointment as a Foreign Service Reserve Officer of the Department of State came after he had served as Regional Director in Philadelphia for the United States Department of Commerce for the past 17 years.

Mr. Park has had a long and distinguished career in government service both foreign and domestic. He has just completed 31 years with the Bureau of Foreign and Domestic Commerce.

Educated in the public schools of Springfield, Missouri, his home state, and later specializing in foreign trade at the University of London and the University of Pennsylvania he was engaged in private business as purchasing agent and export manager of a paint and varnish manufacturing company in St. Louis, before joining the Bureau in 1917. His first ten years were spent at the United States Embassy in London where he served as Assistant Trade Commissioner and Trade Commissioner.

During World War I, having resigned to enlist in the military service, Mr. Park was attached to the military personnel of the Assistant Secretary of War. He accompanied the Hon. Edward R. Stettinius, Sr. to France as Liaison officer and French interpreter, the year that Mr. Stettinius was American Representative on the Inter-Allied Purchasing Commission with headquarters in Paris.

Completing his ten years' service in London in 1929 he returned to this country and served in Washington as Assistant Chief of the Agricultural Implements Division. In 1930 he was appointed Commercial Agent to the New York Regional Office, the next year being transferred to Philadelphia where he has served successively as Assistant Manager and Manager.

The Parks' two children, Philip and Winifred, both born in England during Mr. Park's tenure of office at the London Embassy, will continue to reside in Swarthmore. Philip is working for a Ph.D. degree at the University of Pennsylvania and Winifred, now Mrs. H. P. Fry, Jr., who graduated from the University of Delaware with honors a few years ago, lives on North Chester road.

Anyone who would like to contribute his or her services for part or all of these afternoons, 12:30 to 5 o'clock, should call Swarthmore 4567.

DON'T LET YOUR CHILD HAVE DIPHTHERIA

Despite the fact that a way to prevent diphtheria was discovered many years ago, thousands of children have diphtheria every year. Much of this is due to the indifference of parents. They know that their children should be immunized, but they just don't get around to it. Make a resolution now to have your children treated. The treatment is simple and safe. Ask your doctor about it at the first opportunity.

Here are the improvements and changes to be made in your transit service this month

PTC is ready for another fall and winter season—ready with improvements and changes in service which will make it easier for you to take advantage of the time-saving, economy and convenience of streetcar, bus and subway-elevated service.

The improvements and changes listed here are effective September 12th, except reduced school fares which started September 1st, and the shoppers' subway service to Erie ave. which begins September 29th.

New Fall Schedules

New fall schedules, based on riding volume on individual lines, will become effective throughout the system. They have been carefully prepared to provide adequate service on all lines. They are not an economy measure. Such changes are regularly made each spring and fall by all transit companies to adjust schedules to increases or decreases in riding volume. PTC's new schedules call for 314,000 vehicle-miles of service on the average weekday, an increase of 15,700 miles over present schedules.*

New Routes and Route Extensions

A new bus line, Route 88, will go into service to give the people of fast-growing Mayfair and the Winchester Park section direct connection with the Frankford Elevated.

A second new bus line, Route 89, will bring better transportation to residents of Richmond and North Philadelphia.

Bus Route 87, serving veterans and their families in Northeast Village, will be extended farther into the Village.

Bus Route 71, serving Delaware County communities and the big Westinghouse plant at Lester, will be extended on its southern end.

More New Streamliners

41 brand new streamlined streetcars, representing an expenditure of \$1,100,000 for riders' comfort and convenience, will go into service on Route 5 between South Philadelphia and Frankford. Route 5 is the third PTC line to be completely equipped with new streamliners during the past three months.

Special Service For Shoppers

Through service for shoppers, on evenings when stores are open, will be resumed between 8th & Market and Broad & Erie via the Ridge-8th and Broad Street subways. In Camden, the eastern section of Broadway Station of the Bridge Line, presently open during peak hours only, will be kept open at all hours when the line is operating.

Reduced School Fares

Reduced school fares enable parents of public and parochial school children to save up to \$9 a year in transportation costs for each child.

★ ★ ★

PTC has placed in service more than 1,500 modern streetcars, buses and trackless trolleys at a cost of \$22,700,000 since 1940. During this same period the company has also established 16 new routes, extended 40 existing routes, built modern terminals and made numerous other service changes which have greatly improved Philadelphia's transit facilities.

PTC will continue to make your transit service better and more useful.

*Transit riding in virtually all cities throughout the United States is lower than last year—the average decline for companies serving areas of over 1,000,000 population being more than 5%. This is the result of several factors, including an increase in the number of automobiles in use, a substantial fall in Saturday riding following more widespread observance of the five-day week, and losses in traffic after rate increases. Passengers this year on the PTC system are about 9% less than last year, and the new schedules therefore require the operation of less mileage (about 3%) than the fall schedules of 1947.

PATIENTS ATTEND MARROW POOL

(Continued from page 1)
summer, climbed out of the pool and started taking experimental swings at Miss Wilson, a boy who had not swum at any one before, even in fun, because his muscles wouldn't permit it; or to numerous other patients, children of three or four who last year were afraid of the water, are this year paddling around like experienced ducklings.

For years, since its organization in 1939, the Delaware County Chapter of the National Founda-

tion for Infantile Paralysis had been searching for a pool in which to practice hydrotherapy on a large scale, and it was not until last summer that the search was rewarded by the generous offer of the William Morrisons. The summer of '47 is therefore a red circle year for the Foundation and its hydrotherapy cases.

Polio Parents Club
The summer of '47 is important too in the founding of the Polio Parents Club, a vital organization in the lives of patients and their families. The Club was organized and established at the pool through the inspiration and efforts

WOMAN'S EXCHANGE

The Woman's Club is having another Exchange The third week in September this year. They want you to bring what you no longer need: Someone else may think it just dear.

The pants Junior grew out of so soon.
The coat little sister can't wear.
Will fit some little boy and wee girl.
And make them a fine looking pair.

With the money you get, you can buy something else;
Your house will be neat as a pin.
The Club will have money it needs very much,
And we'll all go 'round with a grin.

So dig out your attic and closets—
You really have nothing to lose.
Bring dishes, furniture, books, and clothes.
In fact, anything but hats and old shoes.

CLASSES BEGIN SEPTEMBER 20

of Mrs. Richard R. Bennett of Benfield. Mrs. Bennett, mother of three children, two of whom are polio cases, came each day to the pool last year, and, for the first half of the season plunged into the water, helping and encouraging in the best volunteer manner, conversing with the parents and drivers at odd moments between flutter kicks and deadman floats. It was the discussion with the parents and their problems that gave Mrs. Bennett her ideas, so that, by the second half of the summer, between floats, kicks and conversations, she was organizing the club for polio families with the full cooperation of the parents at the pool.

Mrs. Bennett's spare time has now merged with the time spent for the Club, for the membership has grown from the handful of parents and interested volunteers to 197 polio families and 300 other families who have shown a desire to join—a total of 1200 members. Mrs. Bennett is president, with Mrs. Lester Lines of Media as treasurer, Mrs. Charles Doyle of Chester as recording secretary, and Miss Ann Keay of Clifton Heights as corresponding secretary.

The purposes of the club is for recreation and rehabilitation and all medical matters are referred to the National Foundation, now located in Media. There is no collection of dues, and all contributions are strictly voluntary to the extent that donations are not even solicited. The Club, its name and its members are protected by its recent incorporation, achieved through the efforts of George W. McKee of Parrish road.

The Polio Parents Club Incorporated, of Pennsylvania is the first of its kind in the country. Montgomery County is the second, and Philadelphia is now in the process of establishing the third chapter.

Classes Conducted
The work of this comparatively new organization is immense. Last winter it was sponsoring shorthand and typing classes, and was lending out its own typewriters to polio members. This spring there were two Braille classes, one conducted in Swarthmore under Mrs. J. S. Bishop of Harvard Avenue, which extended into weekly tea parties and included trips to Longwood Gardens and Atlantic City. The eight students, after they complete 40 pages of transcription, will be certified transcribers and will do work for the Volunteer Service for the Blind. Classes in shell jewelry, conducted by Ann Keay, leathercraft by Jerry Chapin, and sewing classes by Mrs. Bennett. This fall classes in rug-making and ceramics will be added to the list. Materials for these various projects are generously supplied by interested people or bought with funds from the Club's treasury; all the teachers are volunteers, sometimes the patients themselves like Jerry and Ann, or people already busy with families and patients of their own. The Club has no interest in the work produced by the classes, except in the pleasure derived in seeing its boys and girls, men and women earn money where they never had been able to before.

In addition to its other numerous activities the club also puts out a monthly newspaper. The material is gathered, written and edited by the patients.

At first the typing and mimeographing of the letter became a project of the business courses of the Haverford High School; but it required only the gift of a mimeograph machine, and the Club's own typewriters for production to be moved to a family basement, where all the work is done by the patients, from the stencilling right down to creasing the pages and licking the stamps.

All Who Need

Although the Club and the Foundation work closely together, the two are entirely separate organizations. The Club is open to all who are interested, the only requirement for membership being a genuine and sincere desire to help. The list of volunteers and helpers in Swarthmore alone is

too long to mention here. The National Foundation offers medical and financial assistance to "all who need." Anyone having polio in the family should call Ruth Palmer, Executive Secretary of the Foundation, at Media 6-2890.

The League of Women Voters of Delaware County presents a program every Sunday evening at 7 o'clock over Station WFWA in Chester, 1590 on the dial. The next two programs will be handled by the Media League and will cover the platform of all four parties.

Mr. Izumi and son Lewis attended the International Piano Teachers' Convention at Erie.

LAST CALL FOR SWIMMING POOL

Deadline Falls Wed.
For Community
Project

The Swarthmore Swimming Pool Committee has issued its "last call" for members, in view of the September 16th deadline which has been set for the project. If an insufficient number of families have signed up by this date, the land, which has been held for the pool, will be released for other purposes, and all sums paid in will be refunded.

Another group of approximately twelve families joined within the last week, but more than fifty more would be required even on a minimum basis, according to John W. Seybold, president of the group.

Seybold said that he wasn't very optimistic at this point, but that it was still possible for the venture to succeed. He urged that interested families read the literature which is on display at the bank and look at the architect's sketch of the pool which may also be seen there.

"We feel that we have done the best we can," Seybold stated. "It's up to the community."

The Swarthmore Schools began this week with an enrollment of 818 pupils, an increase of twenty-three over the number of pupils in the classes last spring. Fourteen of this increase are in the elementary grades. Kindergarten to sixth, and nine in the high school.

The College Avenue school enrollment is larger than the Rutgers, having 207 pupils against 177 at Rutgers Avenue. The largest classes are in kindergarten and first grade, showing the same trend as is true all over the country in the larger number of children of the younger ages. The total enrollment in both schools in each grade is as follows: Kindergarten 64, first grade 66, second grade 44, third grade 52, fourth grade 45, fifth grade 57, sixth grade 56.

In the high school there are 434 pupils as against 425 last spring. The smallest class is the seventh grade with 41 and the largest is the ninth grade with 92. There are 79 pupils in the twelfth grade which will be the graduating class. The grade distribution is as follows: Seventh grade 41, eighth grade 75, ninth grade 92, tenth grade 78, eleventh grade 69, twelfth grade 79.

Born in Melrose, Scotland, Mr. Dadds settled on the Main Line fifty years ago where he became a Landscape Architect. He retired in 1928 but had continued his interest in floral arrangements. He was on the New York and Philadelphia Flower Show Committees and was well-known in Swarthmore as a judge for the Woman's Club flower shows. He planned the landscaping of the clubhouse.

He is survived by four children, Mrs. Ewing of Swarthmore, Mrs. Anthony Argue of Jenkintown, John P. Dadds, of Abington and Harry H. Dadds of Philadelphia.

Benson Harer, President of the Delaware County Unit of the Cancer Society stated.

REGISTRATION IN 2ND WEEK

Local Draft Listing
Continues
Light

With the second of three weeks of registration for the draft drawing to a close, the reports from the Swarthmore registration center at the high school gymnasium indicate that the registration has been light. According to Frank R. Morey, serving as chief registrar, the registrars the first week were far from busy and had much time when no registrants were waiting.

The total registration is as follows: Monday 16, Tuesday 32, Wednesday 23, Thursday 18, Friday 24, Saturday 29. The second week, beginning on the seventh of September will be but a five-day week, and the third week, continuing to the eighteenth of September, will be a full six-day week.

Because the registrars are not at all busy, they are urging that any youth who must register come at the earliest convenient time for him so that the process of registration may be completed. It is not necessary, in Swarthmore at least, to adhere to the schedule announced by the Draft Board.

The actual work or registration is conducted by volunteer registrars. An expression of gratitude is extended to all who volunteered their services—those who served and whose names are listed below, and the many others who offered but whose assistance was not needed. These registrars include the following:

For the first week, August 30 to September 4: Mrs. Grace Witter, Eugene Udell, Mrs. Edith Kenney, David Watkins, Miss Mabel Ewing, Mrs. R. P. Bradford, Miss Dorothy Bradford, Miss Alice Blodgett, Mrs. Rainey.

The second week, Sept. 7 to 11, the registrars are as follows: Mrs. John H. Bennett, Mrs. Joseph Storlazzi, Mrs. Robert Arnold, Mrs. Leroy Wright, Mrs. Lewis Tanguy, Mr. and Mrs. Gibson, Mrs. J. A. Turner, Mrs. Roger Russell, Mrs. Donald Crosset, Mrs. Alban Rogers, Mrs. Ethel C. Mos-teller, and Miss Nancy Hook.

The third week, September 13 to 18, they are: Mrs. Harold Ogram, Mrs. William Hobbs, Mrs. N. Hilbert, Mrs. T. A. J. McCormack, Mrs. F. R. Long, Mrs. Thomas W. Hopper, Mrs. LaRue Hendrixson, Mrs. Alban Rogers, Mrs. Herman Bloom, Mrs. Henry D. Bevan, and Miss Peggy Little.

Without the devoted and competent help of these people who voluntarily gave their time, the task of registering the youth of Swarthmore and Morton, who were assigned to the high school gymnasium center, would not have been possible.

ASK COUNCIL FOR TRAFFIC RELIEF

Citizens Decry Chestert
Road Condi-
tions

In session Thursday evening of last week Swarthmore Borough Council was entreated by 20 citizens to devise and provide relief of the present traffic condition along Chester road which the citizens protest is very bad and apt to be further aggravated by the construction of overpass at the Sprout road trolley crossing, scheduled to begin next Monday.

Residents cited the speed and noise of oil transport trucks which drive through the borough all hours of the day and night, as the greatest nuisance.

George M. Ewing president of Council named two Councilmen, John Pearson and William Gehring and five citizens, Thomas Hopper, George McKee, Peter E. Told, Elwood Chapman, and Dr. Horace H. Hopkins as a committee to be chairmanned by Dr. Pearson for study of the problem.

Council meanwhile promised a rigid enforcement of traffic regulations along the highway, including the 25-mile-an-hour speed limit, and to request the State Highway Department to paint white lines down the middle of the road and impose a "no passing" rule within the borough.

The suggestion that a by-pass around Swarthmore be considered met with the reply that possible routes for such a by-pass have already been surveyed but that the State Highway Department has not given favorable consideration to establishment of a new route.

Girl Scout Training

Course Starts Thursday

A Girl Scout Leaders Training Course will start next Thursday, September 16, in the Swarthmore Woman's Club lounge. Sessions will be on Tuesday and Thursday mornings from 9:30 to 11:30, and the following dates, September 16, 21, 23, 28 and October 5 and 7 have been set aside for the completion of the course. Anyone wishing to take this training should register her name with Mrs. Robert Hilbert, at Swarthmore 2953-R.

The course is designed for new leaders and will include Background and History of Girl Scouting, Troop Management, Program Planning, Program Techniques and Girl Behavior. Miss Ruth Smith, Director of the Baltimore Pike District and an alumna of Swarthmore College will be in charge of the course.

Other training courses are being offered in the afternoon and evenings at the Chester and 69th Street offices. Anyone finding the Swarthmore dates or hours inconvenient may attend either of those courses.

Scout Workers are always in demand and directors are seeking members of the community who have had training or experience in this field. Anyone who would like to join the group and assist with a troop, serve on a troop committee, or offer their particular talents should phone Mrs. Hilbert at the Swarthmore number.

Mr. and Mrs. Howell Lewis Shay, Sr. of Cornell Avenue entertained their son-in-law and daughter, Mr. and Mrs. William M. Conron, Jr. of Boston, Mass., over the Labor Day weekend.

The bride was attended by her sister-in-law Mrs. William F. Swann of Rochester, N. Y. and the best man for the groom was Mr. Leon S. Weiss of Philadelphia.

A reception for the immediate families was held at the home of the bride's parents.

Mr. and Mrs. Briggs will be at home after September 14 at 348 South 16th Street, Philadelphia.

Mr. Eavenson attended Swarthmore College. He received a B.S. degree in Civil Engineering and an S.B. degree in Business Administration and Industrial Engineering from the Massachusetts Institute of Technology.

The couple plan to live in this vicinity as Mr. Eavenson is a food broker in Philadelphia.

BECOME BRIDES IN DOUBLE CEREMONY

Miss Bonny Jean Morse and her sister, Miss Betty Ruth Morse were wed in an impressive double ceremony performed in the Swarthmore Presbyterian Church at 4:30 on the afternoon of Labor Day, the 25th anniversary of the marriage of their parents Mr. and Mrs. Birney Kellogg Morse of Harvard avenue.

Bonny Jean was wed to Mr. Oliver Rickson son of Mr. and Mrs. Bert Rickson of Springfield, Mass. and Betty Ruth became the bride of Mr. John Walker McCoubrey son of Mrs. John Walker McCoubrey of Watertown, Mass., and the late Mr. McCoubrey.

The ceremony was performed by the Rev. Joseph P. Bishop new pastor of the church, in a floral setting of cybotium fern, sunburst of white gladioli and chrysanthemums, and ivy entwined candelabra.

Both brides were given in marriage by their father.

Bonny Jean Morse wore a gown of ivory slipper satin made with tight bodice, featuring an off-the-shoulder neckline with a bertha of the satin edged with Chantilly lace, long sleeves, and full skirt with train. Her fingertip veil of illusion fell from a cap of the heirloom Chantilly lace. She carried a cascade bouquet of gardenias and stephanotis over white tulle.

Miss Katherine Margaret Downing of Riverview road as maid-of-honor wore a gown of gold colored brocade taffeta embroidered with gold and yellow flowers made with a tight bodice, sweetheart neckline and full skirt with bustle effect. The mits and old fashioned bonnet tied with a bow were of matching taffeta.

Miss Adrienne Northan of Stony Creek, Conn., Miss Patsy Corr of Milwaukee, Wis., Mrs. A. David Speers of Rutledge and Miss Elizabeth Marshall Lee of Swarthmore were bridesmaids. Their gowns were the same as the maid of honor's. They wore small bonnet hats of the taffeta tied under their chins, and matching mits. They carried cascade bouquets of gold colored daisy chrysanthemums and ivy, tied with bronze ribbons.

Clifford Rathbone Hendrix of Greenwich, Conn., was best man

for Mr. Rickson and his ushers were Lawrence Mathew Walheim of Asbury Park, N.J., Marill Berge of Syracuse, N.Y., Charles Cornelius Heister of Haverford, and his brother, Kenneth Bertil Rickson of Springfield, Mass.

Betty Ruth wore a gown of ivory satin made with tight bodice with a folded satin bertha with embroidered edging, long sleeves with button trim, full skirt with a front embroidered panel and a long train. Her full length veil of Brussels heirloom lace was caught with orange blossoms. She carried a cascade bouquet of gardenias and stephanotis and natural foliage.

Mrs. Wilfred Baily Brown of College Park, Md., served as matron-of-honor for her sister. She wore pale green brocade taffeta embroidered with yellow and green flowers, fashioned in the same manner as the gowns of the other wedding party. Mits of the taffeta and old fashioned matching bonnet completed her costume.

The bridesmaids were Miss Flora McLeod Lee of Swarthmore, Miss Roberta Ann Speirs of St. Louis, Mo., Miss Ann Elizabeth Moore of Houston, Texas, and Miss Nancy Corr of Milwaukee, Wis. They all wore gowns of pale green brocade taffeta, matching mits and tiny taffeta caps tied under their chins. They carried cascade bouquets of pale yellow pomspons florets of gladioli and ivy tied with yellow ribbons.

David Lawrence McCoubrey of Watertown, Mass., was best man for his brother and the ushers were Charles Boyle, of Boston Gene Sands, of New York City, James F. Silva, of Chesney Downes and Wilfred Baily Brown, of College Park Md.

The brides' mother chose a gown of tulle colored crepe, a brown feather hat and brown accessories and corsage of green and brown cypripedium orchids.

Letters to the Editor

Entreats Poisoners
To the Editor:
Within the last four weeks four dogs in one neighborhood have died of various forms of poisoning (either rat or insect). To those of us who have seen our pets suffer such awful death it seems almost unbelievable that such carelessness and thoughtlessness on the part of those using poison can be so prevalent.

Surely there are ways harmless to other animals, of ridding ourselves of pests. Too, we must think of our children who can also be innocent trespassers. There isn't one of us who would care to be responsible for the death of a child even though he be in the pest class. Can't we be more careful?

"Cabbage is beautiful!"

Remember the old farmer in Edna Ferber's story and how he laughed when the new school marm told him she thought the rows of gleaming cabbages they were driving by were beautiful? The displays at the club were colorful and varied, ranging from an armful of gorgeous blooms to minute vases, holding a tiny flower or two. The containers too were interesting. There were copper kettles, vases of pottery and glass, wooden bowls and trays. Each entry was placed in a certain category and supposed to conform to the specifications laid down for that special group. First, second and third prize and in some cases "honorable mention," were awarded in each class.

The Judges, Mr. Gustave C. Balenberger, president of the Old York road Garden Club, Mrs. Arthur T. Cameron, Director of the Old York road Garden Club, and Mr. Arthur R. Redgrave of Vassar avenue, looked for various qualities such as perfection of bloom, color harmony, balanced arrangement, proper proportion between content and container, in making their awards.

"Sometimes it was very difficult," said Mr. Redgrave, "to come to a decision. There would be four or five entries which were all good, with just a shade of difference between them."

PENN STATE TO OPEN MONDAY

New Courses Planned
In Literature,
Painting

Activities for the 1948-49 terms at the Pennsylvania State College Center at 855 Harvard avenue are under way. Considerable building renovation has been completed in order to accommodate the more than 800 Pennsylvania State freshmen who will begin their college careers on September 20 when their orientation week starts.

Arthur K. Meyers, Administrative Head of the Center, reports that improved facilities and new regulations are expected to alleviate the difficulty arising from the parking problems during the previous term.

In addition to the freshman group, the Center will accommodate 50 full-time Institute students in three curricula, Business Administration, Industrial Electricity and Machine and Tool design. Enrollment in the Evening Technical Institute is expected to approximate that of last year, when there were 40 students furthering their education in business and engineering subjects.

A new service which is proving of interest to residents of the area is a course in elementary shorthand, meeting two evenings a week. Evening courses popular in the past with Swarthmoreans and now to be continued include Public Speaking and the Institute of Modern Languages. Courses are being formed in Elementary French, German and Spanish. It is contemplated that courses in oil painting and literature will be offered in the near future. Opening dates for these courses will be announced soon.

The chemistry and physics laboratories of the Center will again be in use day and night. Courses in General Chemistry and Introductory and Analytical Chemistry will be continued as well as courses in the field of instrumentation. In the latter the College is cooperating with the Educational Committee of the Philadelphia Branch of the Instrument Society of America.

Registration is being continued this week for the evening classes and the day-time Technical Institute program.

Piano Needed

Trinity Episcopal Church needs the gift of a grand piano for the children in the Church School. The instrument will also be used for training the boys in the Boys' Choir School. Does someone desire to make such a gift? The Rector would appreciate hearing from anyone.

Holds Open House

The Keystone School of Business Administration at Swarthmore will hold "Open House" for the students, their parents, and former graduates and students Friday evening, September 17.

Leave Swarthmore

Dr. and Mrs. William T. Ellis returned last week from their summer camp Blue Heron Point in Lyndhurst, Ontario. This week they vacated the house at 502 Walnut lane which they built 39 years ago. The house was sold to Dr. Vincent Lathbury. The Ellis' moved on Monday to an apartment in York, Pa. York is the home of Mrs. Ellis' relatives and the Ellis' daughter Mrs. E. E. Pierce, Jr.

LWV TO MEET
The fourth meeting of the League of Women Voters Workshop on the United Nations will meet Monday afternoon, at 2 o'clock at the home of Mrs. William R. Huey, at 313 Dickinson avenue.

ASSIGN DENTISTS TO HIGH SCHOOL

T. B. Association
At H. S. Gym
Sept. 30

Swarthmore Schools have received a report from the Department of Health at Harrisburg that the dental examiners have been assigned to examine the teeth of the school children of Swarthmore in accordance with the annual dental examination plan. The program calls for an examination, by a dentist, of the teeth of all children in grades 1, 3, 5, 7, 9, and 11. The examination will probably begin the latter part of September.

The examiners appointed, all from Swarthmore, are the following: Dr. Peter E. Coste, Dr. Fred A. Patman, Dr. Stanley Pearlman, and Dr. Henry P. Stamford.

Plans are being perfected by a joint community council for the establishment of a dental clinic one day a week to be held in the dental hygiene room at the College Avenue school. The participating communities are Swarthmore, Springfield, Morton, Rutledge, Ridley Township, and Ridley Park. Mrs. Francis Forsythe of Thayer road, is general chairman of the group and representative of Swarthmore. It is believed that this dental clinic, the first in this area, will be of great service in providing implementation for the dental examination program.

The general health examinations of school children will begin early in October according to an announcement just made by the State Department of Health. Dr. Richard M. Irwin of Media has been appointed medical examiner to make the examinations of children in grades 1, 3, 5, 7, 9, and 11. Parents are invited to be present at these examinations and discuss with the doctor any findings which he may make.

On the afternoon of Thursday, September 30, the Delaware County Tuberculosis Association will have its equipment at the high school gymnasium to provide chest X-rays for all juniors and seniors and athletes and other children in the school who may profit by such examination. X-rays will also be taken of teachers and other members of the school staff.

Jr. Club Makes Plans

The board members of the Swarthmore Junior Woman's Club met recently to draw up a calendar of events for the months of October and November.

An Open House was planned early in the season to welcome new members, and it was hoped that all interested young women in the community would attend.

Each member of the Club will act as hostess once during the year for the monthly bridge parties which will be held in the Clubhouse lounge this year, rather than in the individual homes, as formerly.

Plans are already being made for the Thanksgiving Informal Dance to be held in the Clubhouse, while movies, gift wrapping demonstrations, handwork and bridge parties are other programs to be scheduled.

1032 STUDENTS OPEN COLLEGE

Registration Below
Last Year's
Peak

With the arrival Thursday of 219 freshmen for Freshman Week, Swarthmore College neared the beginning of its 80th year of instruction. Classes start Monday, when the coming of upper class students is expected to bring a total enrollment of 1032.

To borough residents this news means a deluge of trucks at the railroad station and crowds of students in the drugstores. But the fall registration figure is 43 below the all-time high of 1075 set last year.

Like many other colleges, Swarthmore is now over the peak of veteran enrollment. Its present large size is due to swollen junior and senior classes. The freshman class of 115 men and 104 women is considered a normal-sized one. The ratio of men to women, however, continues nearly two to one, for present figures indicate there will be 644 men and 388 women.

The program for Freshman Week, conducted by the Office of the Deans with the aid of about 30 upperclassmen, includes course advising, physical examinations, a welcoming address by President John W. Nason, a picnic in Crum Woods, a skit presented by upperclassmen, a dance and a tea given by President and Mrs. Nason.

Returning students are finding that the college has been busy during the summer. A dial telephone system has been installed for all on-campus calls and Magill walk has been resurfaced.

Letters to the Editor

WHERE IS THAT SWARTHMORE SPIRIT?

Dear Editor:

Since early this year John W. Seybold and a group of enthusiastic workers have given unparagoning of themselves to make a success of the Swarthmore Swimming Pool project.

Many of these folk gave this time—this effort—when they really didn't have it to give... when the demands of their own business or personal affairs were so great that it was almost Herculean to attempt more. But they gave nevertheless... and the rest of us sat blithely and selfishly by, descending to "go along," if and when the success of the pool was assured. And I was one of them.

This very week decides the success or failure of this essential project. This very week decides whether Swarthmore shall have its pool and the opportunity it presents for recreation and the children of our friends and neighbors must "do without," or make use of distant and in all too many cases unsatisfactory, unsanitary and dangerously antiquated swimming facilities.

If the cost of this highly desirable program were such as to limit it only to the wealthy, our failure to put our shoulders to the wheel would be understandable. But this is not so. The cost of a family membership is only \$220, and of a single membership only \$125,

and this cost can be paid over the period of a year. Such a plan is certainly within the means of most of us. Don't forget that if sufficient subscriptions don't come in to assure full financing of the pool, all funds will be returned.

What are we going to do about it? Are we going to let the community down? I have yet to meet a Swarthmorean who wasn't public-spirited. To all public-minded Swarthmoreans I propose the following:—Today—now—this very minute—drop a note to John Seybold at 216 Yale avenue and say—"Count me in—if a mutually agreeable program for paying for my membership can be worked out."

IN ADDITION—What 20 Swarthmoreans will join with me in buying 2 to 5 memberships each—with the understanding that these will be the first ones sold to new members?

Don't write, but WIRE John Seybold—"Put me down for 2 or 3 or 5 memberships". Then let's get that pool started—right now—so we can all enjoy its cooling and refreshing waters, and the wholesome recreation and neighborliness such a pool provides. Unless we start construction AT ONCE, the pool will not be available next summer.

before Margaret Amelia was born. A familiar sight in the neighborhood was Franklin and McKinnon and their friends on their way to school leaping over two small blue spruce trees at the entrance of the pathway, leading to the house. Those trees have since become landmarks in the community and stand like sentinels towering above and guarding over the old home.

The long role of memory recalls many and varied episodes in this home which is now moving from Swarthmore. From time to time William Ellis would go in interest of the religious press on wide journeys, sometimes alone, sometimes accompanied by Margaret or one of the sons. Upon his return he shared generously with neighbors the fruits of his travels. Prominent men and women have passed through the Ellis home as guests over the years. Many of us were privileged to enjoy opportunities for conversation and fellowship with some of these visitors around the hospitable fire-side.

The Ellis family were known for some unique customs. One of these was the entertainment annually of the college YWCA the last Sunday evening before the Christmas holidays. Lighted, early for that particular occasion the grand old pine tree appeared in all its Yuletide glory of heavenly blue array as the carol singing of the girls around it heralded their approach.

Then again while the rest of us were going off to celebrate our own family festivities on Christmas day, the Ellis family were on their way to bring happiness and cheer into the lives of others than their own. They had their Christmas dinner at Sleightrain Farm where William was invited to give the annual Christmas sermon. Memories of many such instances typical of the Ellises crowd upon us as we contemplate what they have meant to this community. Our best wishes followed the vans to York and with them prayers of gratitude that we have had such neighbors and friends for over 40 years. They may no longer have their abode in our community but wherever they are they will be always and affectionately known as the Ellises of Swarthmore.

H. S. TO PLAY DARBY TONIGHT

Teams Meet For Opening Game Of Season At Darby

An unproved Swarthmore High School football team will open the 1948 season with Darby High on the latter's grounds under the lights tonight. The squad will contain many new players, and even the starting lineup is somewhat problematical as game time approaches. Head Coach Miller Robinson is certain of only one thing: the boys have a lot of spirit and a will to win.

Graduation thinned the ranks of last year's all-victorious eleven. No team can lose such players as Warren, Huey, Harry McGilberry, Bray, Childrey, Patton and Collins and not feel the effects. The squad reporting this fall is large in numbers and contains some players of potential ability, although a high percentage of them are lacking in actual playing experience. This is especially true of the backfield and ends. The line is big and rugged, with notable strength at the guards and tackles.

There is considerable speed in the backfield but only Larry Dalton and Jack Houtz, shifted from center to fullback, have had much conference football. If Dalton's proneness to injury can be overcome and some of the fast but untied backs come through, it can develop into a pretty well-rounded backfield. The reserve strength, however, is unknown. With both of last year's first string ends gone, two new flankers will be making their start. Fred Campbell and Dick Terry have all the physical qualifications for first class ends, but how they will perform under fire is still to be determined. Bill Froebel, who has grown some in the past year, is pretty certain to see some action at one of these positions. A strong array of both starting and reserve talent is available at the guards and tackles. At center Bill McHenry and Bob Bradford have been waging a battle to occupy Jack Houtz's shoes, with the husky McHenry having an edge.

The job of quarterbacking the team will fall on Dana Swan, who played in some of the games last year. Dana will share the passing duties with Larry Dalton, with the latter likely to do a major share of the kicking.

Squad Players
The following players comprise the 1948 Swarthmore squad:
Ends: Fred Campbell, Dick Terry, Bill Froebel, Arthur McCormack, Teddy Bogardus, Tom Simpkins, Ray Denworth, Dillman Furey.
Tackles: Captain Ave Blake, Don Fetherolf, Jack Dodd, Tom Hopper, Bill Crouther, Paul Tarr, Clarence Willis.
Guards: Arthur Barracough, Dick McCray, Whit Bird, Milton Helmuth, Jim Streeter, Steven Snow, Franklin Conly, Dick Bur-tis.
Center: Bill McHenry, Bob Bradford, Harlin Jessup.
Quarterback: Dana Swan, Sandy Ford, John Snape, Carroll Adams, Bill McGilberry.
Right half: Don Dickinson, Alfred McGilberry, Bill McIntire, Jack Streeter, Dick Smallwood.
Left half: Larry Dalton, Walter Dickinson, Nicky Stuart, Dick Follett, David Killinger, Bob Crowther.

NANCY HOOT HIT BY CAR SATURDAY

Local Teacher Has Fractures of Both Legs

Nancy Hoot, daughter of Mr. and Mrs. Henry I. Hoot of Lafayette and Princeton avenues is in Taylor Hospital, Ridley Park with a compound fracture of the right leg below the knee, a fractured left leg near the ankle, a four-inch laceration, and possible internal injuries suffered when she was struck by an automobile on Swarthmore avenue Saturday evening.

According to authorities Miss Hoot, who was the second grade teacher at the College avenue school, had crossed the street to enter the car of Mr. and Mrs. Walter Douglass of Coatesville, parked on the west side of the street, between Benjamin West and College avenues. An oncoming car driven by James M. Horsey, son of Mr. and Mrs. Roy Horsey of Swarthmore avenue, a graduate of Swarthmore High School last June, skidded into the victim. The accident occurred about 9:20 P.M.

Horsey was held in \$800 bail on the technical charge of assault and battery by automobile. Magistrate Morris E. Smith set a further hearing for October 2 pending outcome of injuries.

Named to College Position

G. Hurst Paul has been appointed business manager at Green Mountain Junior College at Poughkeepsie, N.Y. He will also be director and chief instructor of a new Department of Journalism which he is initiating this fall, and will be director of the College's public relations.

Mr. Paul has just returned to the United States after five years of military service in Europe, in which he attained the rank of full Colonel in the Air Force. His wife, Mrs. Dorothy Paul, and two daughters Joann and Patricia were with him in Munich.

During 1938-40, when the Paul family lived on Yale avenue, Mr. Paul was associate editor of the Philadelphia Inquirer and owner of the Marcus Hook Herald. A reserve officer, he requested active duty after Pearl Harbor.

Mrs. Paul plans to remain in Swarthmore where she has a large class of piano pupils. Joann is enrolled at the University of Rochester, N.Y. and Patricia at the Eastman School of Music at Rochester.

TO GIVE FREE CHEST X-RAY

County Tuberculosis Unit Coming Thursday

Free chest X-rays will be given those in this area, 18 years of age or over who present themselves at Swarthmore High School on Thursday, September 30, between the hours of 3:30 to 5 p.m. and 6:30 to 8 p.m.

This public health service is part of the Fall mass chest X-ray survey program of the Delaware County Tuberculosis and Health Association and is made possible through the Association's annual sale of Christmas Seals. Coordinating chairman here is Mrs. Elizabeth Groff, director of the Community Health Society.

Even those who were given X-rays two years ago when 682 were given the service locally, would be wise to take advantage of the opportunity again as tuberculosis is a communicable disease which can strike at any time, and like many other illnesses is more easily combated if detected in its early stages. The last five-year report issued by the Association reveals that out of a total of 44,400 adults X-rayed, 1.2 per cent had tuberculosis in some degree and that the X-rays also revealed another 1 per cent with significant findings other than tuberculosis such as non-tuberculous infections, silicosis, old emphysemas, tumors and various types of abnormal hearts.

At 10 o'clock on Friday morning October 1, a trip to the oldest historic sites in the state will begin at the Benjamin West house marker on the college campus. Sponsored by the Historic Shires Committee of the county, The Women's Association and the Soroptimist Club, the trip will take place as part of the Pennsylvania Week celebration being held from September 26 to October 2.

Reservations for the trip are easily arranged as interested persons have only to make up a party and drive their own cars.

From the starting point at the Benjamin West Marker the tour goes South on Chester road to Front and Penn streets, Chester, to Penn's Landing Place on the Delaware river. From there the trip will continue on to the Caleb Pusey House on Race street in Upland, and will include the Chester Colonial Court House, the grave of John Morton at Old St. Paul's burial ground, John Morton's birthplace on Darby Creek, and the old Quaker Meetings—Blunston House and Haverford where Penn preached. The site of Old St. Dennis, one of the oldest Catholic churches in Pennsylvania, and the Log Cabin at Addingham in the Darby ravine back of Clifton, will conclude this Delaware County tour of some of the oldest historic spots in Pennsylvania. Picnic lunches may be enjoyed at the county's beautiful Smalley Park beyond the Memorial Arch at Crum Creek.

All interested persons are invited to join the trip requested by club women and new residents of the county, which will line up next Friday morning, weather permitting.

Mary F. Dickinson of College avenue and Joan Medford of Strath Haven avenue are enrolled as freshmen at Earlham College in Richmond, Ind.

Wistar Lukens has returned to her home on Maple avenue from a month in Wyoming.

THE GREAT FIRE OF LONDON

The London Fire broke out 2 o'clock Sunday morning, September 2, 1666, near an oven of the King's baker. The houses along the narrow lanes had projecting stories and were coated with pitch. With alarming speed the flames spread. The people were helpless... because they lacked an adequate water supply.

Cathedrals, warehouses, bridges, guild halls, public buildings and homes became a charred, smoldering mass. After four days only one-sixth of the city remained. 100,000 people were homeless and most of medieval London was obliterated. 436 acres of ruins... 13,200 houses... 10,730,500 pounds damage, a sum equal to at least \$200,000,000 today. Fire engines were unknown. The only water to be had was at the neighborhood pump or well. Gun-powder had to be used to stay the flames.

Today you are protected against such a calamity by a vast supply of water maintained by the Philadelphia Suburban Water Company. 3,800 fire plugs are strategically placed throughout suburban Philadelphia. Day and night all the water you need is ready when required.

This is the tenth of a series of narratives which graphically tell the story of water. Look for the next in this paper in a subsequent issue.

Pool Project

(Continued from Page 1)

one membership might be resold.

The land on which the pool was to be constructed is presently held jointly by five families, and these owners have agreed to hold this land for an additional period of two weeks, or until October 11, in the event that some person or group might wish to acquire it for the same purpose. Since this particular plot of land appears to be the only feasible site for a pool in Swarthmore, the hope was expressed that possibly a number of persons might wish to raise a sum of approximately \$4,000 in order to keep title to the land and to meet the necessary taxes and upkeep costs for a few years, if necessary, so that it would still be available as a pool site.

In closing its statement, the committee requested that any person or group wishing to explore the possibilities of carrying on with a pool project in the immediate future, or holding the land over a longer period for this purpose, should so notify Oliver E. Rodgers, 425 Riverview Avenue, (Swarthmore 3293-W). Rodgers has consented to coordinate any efforts that individuals might care to make toward either of these ends.

WINTERIZE NOW!

With colder weather almost here—there are some things that should be taken care of NOW:

Cooling system should be thoroughly cleaned and made leak-proof

Pay special attention to the electrical system—cold weather puts a heavy burden on the battery, spark plugs, and wiring. Your battery particularly must be full of power. A stalled car on a bitter cold night is a tough situation.
