SAM MATHEWSON DIES SUDDENLY

Co-op Manager Succumbs Saturday At Home

Born in Belfast, Ireland, the son of Scottish parents, Samuel Mathewson, Manager of the Consumers' Cooperative Store here, died suddenly at his home on 12 Park avenue, Saturday, February 26, of coronary thrombosis. He was 54.

Mr. Mathewson was a member of the Black Watch Regiment during the first World War, and was a member of Lodge 9, Free and accepted Masons. Before coming to the Swarthmore store in 1944 he was a manager of a chain store in Philadelphia. At the time of his death he was also supervising manager of Del-Co, a group of Delaware County Cooperative stores including those at Media, Chester, and Lansdowne. Well-known in the cooperative movement in this country he worked closely in recent years with Mary Arnold, one of the founders of the Consumers' Cooperative Society and the Eastern Cooperative Wholesale.

His managership of the Swarthmore store was highlighted by frequent improvements in the physical make-up of the store. The project under way at the time of his death was a plan for remodeling the store making a new entrance and installing new lighting.

Under his supervising managership the Del-Co group operated a pooling system of employee, bookkeeping techniques, inventories and operating knowledge. This was pioneering work and it was largely due to Mr. Mathewson's careful expertness that the system operated successfully. He leaves a wife, Elizabeth.

Memorial services will be held at 4, Thursday, March 3 at the Friends' Meeting House. The services will be under the care of the Reverend Webster Morgan, Pastor of the Baptist Church, Baltimore Pike, Philadelphia.

C.A.R.E. DRIVE TO OPEN FRIDAY

Activities Night Is First Event On Program

Swarthmore High School's C.A.R.E. plan is now known all over the country. Realizing the tremendous value of the program toward international relationships the government has sent a complete outline of the local drive to all high schools.

It is evident more than ever this year that the real value of Swarthmore's plan lies in the moral lift given to the recipients who previously were outcasts of the world with nothing to live for in their chaotic economic conditions. Now with the people of Swarthmore helping they are ready to fight to become a democratic people.

A former citizen of the adopted town Stade who came to this country in 1932 has received over 800 letters from people in Stade saying what a great boost it has been to know that Swarthmore does C.A.R.E. about their future. The school feels it certainly can't let down these people this year.

Current high school plans provide an even more extensive and thrilling program than last year. Bill Froebel as chairman has organized the drive into six main divisions providing a very efficient organization. A pamphlet printed by the publicity committee will give details and information necessary to basicaly understand the drive.

C.A.R.E. Week will begin March 11 with Activities Night at Clothier Memorial. A prominent speaker has been secured and all high school organizations will participate. C.A.R.E. Week itself will follow Activities Night and will be (Continued on page eight)

J. K. Robinson, Sr., Stores Founder, Dies

Founder and Director Of American Stores

James K. Robinson, Sr., one of the founders of the American Stores Co., died Sunday in Bryn Mawr Hospital. He was 75.

Mr. Robinson, who lived at 230 Highland Ave., Merion, was vice president and general manager of the American Stores Co. until April 21, 1941, when he retired, but remained on the board of directors.

With two brothers and a friend, Mr. Robinson was a partner in a South Philadelphia grocery business that grew into the nation's fourth largest food chain with 2,000 stores in five states.

Born in Ireland

Mr. Robinson and his brothers, Samuel and William M. M. of Paoli, were born in northern Ireland. As they reached manhood, Samuel, then James, and finally William came to the United States.

Samuel Robinson and Robert Crawford established a corner grocery store in South Philadelphia in 1891. On arriving here, James and William joined the firm and opened branch stores throughout the city.

In 1917 Robinson & Crawford was merged with the Acme Tea Co., the Dunlap Stores, the James Bell Co., and the Child Stores to form the American Stores Co., with Samuel Robinson as president and James as vice president.

A Noted Horseman

Mr. Robinson long was noted as a horseman. He bred and rode horses on a farm near West Chester, and was active in the Devon Horse Show and County Fair for many years.

He was a trustee of Bryn Mawr Presbyterian Church and a member of the Union League.

Besides his brothers he is survived by his wife, the former Kathleen G. Patterson; a son, James K., Jr., and two daughters, Miss Annie E. Robinson and Mrs. Kathleen G. R. Mackie, wife of Dr. George G. Mackie, of Water Forest, N. C.

Little Courtesies mean so much!

On party-line telephones too... little courtesies make a big difference.

There's nothing difficult about party-line courtesy. You're courteous when you keep calls reasonably brief... when you space calls so that others may use the line in the intervals... and when you answer promptly.

These courtesies are returned, too. This means better service for all concerned!

MAKE Application NOW for GAS HOUSE HEATING!

Philadelphia Electric Company can now supply gas for house heating, in all but a very small portion of its gas service area, to a limited number of additional homes. Get in touch with your plumber or heating contractor at once or make application to our local office immediately to be assured of gas for next winter.

Gas is ideal for automatic house heating. With modern gas equipment, you have no mechanical troubles—no worries about fuel ordering and deliveries. It is a clean-burning fuel and does not require storage space. Best of all, gas house heating equipment is usually less expensive to install than any other type of heating equipment, and the cost of operation is comparable with the cost of other fuels.

Ask Your Plumber or Heating Contractor to Explain the Many Advantages of Gas House Heating

CARE DRIVE OPENS

(Continued from page one)

The main part of the drive. During this week there will be interesting activities including a good old-fashioned country dance run for townspeople in particular on the 19th.

Another project is a technical movie of Swarthmore showing the borough's daily life the year round. This will be shown to the people of Swarthmore and then sent to State.

The College Theatre which has just provided a benefit for the program will also carry a big display in its lobby.

The Players Club will run a benefit night on March 7. Swarthmore College and the Penn State Center are planning to give dances and contribute the proceeds to C.A.R.E.

A goal to \$4,000 has been agreed upon. This is only \$300 more than the \$3,700 raised last year. The sponsors are sure with a little more effort the goal can be reached. The money however is only a means to an end, the end being the establishment of good feeling and better international relations between a town in Germany and a town in the United States of America.

All of the plans and activities promise a successful drive but it can be successful only to the degree that everybody participates in it, students remind boroughites in urging them all to give as much as they can and to take part in all the activities.

JR. MUSIC CLUB MEETS

The Swarthmore Junior Music Club met at the home of Robert Keighton on Cedar Lane Sunday evening, February 27. After a short business meeting the program was introduced by Priscilla Rogers.

Robert played a three-part invention by Bach, "Prelude" by Scriabin for left hand alone, and "Waltz" by Chopin. Harold Ogram played "Fancies" by Rudy Wiedoynt on his saxophone, accompanied by Mrs. Morris Potts on the piano. Carol Ann Mosteller then gave an exhibition of baton twirling.

A musical quiz completed the program, and refreshments were served.

The next meeting is scheduled for April 3 at the home of Claire Hendrixson at 845 North Chester road.

TO ADDRESS WIL GROUP

At the second in a series of four meetings on Latin America, sponsored by the Women's International League, Mrs. Emily Cooper Johnson of Chestnut Hill, will report on her extended trip to South America last year, illustrating her talk with slides collected during her travels. Mrs. Johnson is a member of the Executive Board of the American Friends Service Committee and a member of the Advisory Council of the Swarthmore College Peace Collection.

The meeting will be held at the home of Mrs. Roy McCorkel, 222 Cornell avenue, Tuesday evening March 8 at 8 p. m. A cordial welcome is extended to all interested women in the community.

Health and Welfare Sponsors Luncheon

Speaking on Public Assistance and Current Legislation at the first of a series of luncheons held at the Strath Haven Inn, on February 25, Frank A. Robbins, Jr., secretary, Department of Public Assistance, Commonwealth of Pennsylvania, reviewed some of the pending legislation to provide larger grants for persons receiving a blind pension, to enable aliens to receive general assistance, and other measures.

This luncheon meeting was the first of a series to inform the general public on current state health and welfare legislation and was sponsored by the Health and Welfare Council, Delaware County through a special committee under the chairmanship of William Charles Hogg, Jr., Esq., of Wallingford and Chester.

The second luncheon in the series will be held on March 11 at 12 noon at the Strath Haven Inn and in addition to a report of activities in Harrisburg by Jack Thompson, Hon. Harold L. Ervin, president Judge of the Delaware County Courts, has been invited to speak.

Request For Clothing

According to reports received by Mrs. Elliott Richardson of the Monday Sewing Group and Mrs. F. W. Lippincott of the Wednesday Sewing Group of the Swarthmore Friends Meeting, the need for clothing abroad is increasing every month.

Although there has been an increase in the amount of shoes and clothes received in the last two years, and thousands of pounds of clothing were contributed to the American Friends Service Committee in 1948 in the Swarthmore area alone, there is still not nearly enough.

Contributions from Swarthmore are brought or sent by members of the sewing groups, their friends, and other interested boroughites to Whittier House where they are sorted and packed in the Service Committee's workroom, and are distributed abroad by Quaker volunteer field workers in cooperation with local officials.

Evening Courses In Public Speaking

Applications for an evening course in Public Speaking scheduled to begin March 7 are now being accepted at The Penn State College Center, 855 Harvard avenue. Entitled "Practical Speech," the class will meet each Monday evening at 6:45 o'clock for 16 sessions.

According to Penn State faculty members who set up the course, the instruction and practice not only enables a person to make a more effective speech but also develops the ability to enjoy speeches. Other factors to be derived are the acquisition of a new and larger self-confidence, the development of concentration, and the attainment of a more pleasing personality.

The instruction will cover the principles of making and assembling the parts of a speech, the use of action and gesture, the increase of an effective vocabulary, and the best use of the voice in successful speaking.

Students will present a speech at most class meetings. The instructor will submit a written criticism for every speech the student makes. The instructor will also lead the class in drawing out oral criticism from the audience so that a student will learn quickly his faults and receive instruction for correcting them, thus making a more effective presentation.

Students may enroll in the course for college credit. Further information may be obtained by phoning the Penn State Center in Swarthmore 3340.

Jr. Assemblies To Meet

On Saturday evening, March 5, the seventh, ninth, and tenth grades of the Swarthmore Junior Assemblies will meet for their sixth dancing class of the season.

The seventh grade will be chaperoned by Mr. and Mrs. William Thomson, and Dr. and Mrs. Kenneth Crothers.

At 7:30 o'clock the ninth grade will dance until 9:15 p. m. Mr. and Mrs. Robert Allison and Mr. and Mrs. James Bullitt will be assistants for that grade.

Tenth grade chaperones will be Mr. and Mrs. Robert M. Pittman.

In Shooting Tournament

The Swarthmore High Varsity Club sponsored its second annual Delaware County Foul-shooting Tournament last Saturday. Haverford High converted 206 out of a possible 250 to capture team honors, and three Haverford boys took three of the five top positions.

Avery Blake, president of the Varsity Club, was ably assisted in running the tournament by Charles Barr. Bill McHenry, in charge of awards, and the rest of the Varsity Club, were all instrumental in the success of the tournament.

Haverford received the large team trophy and the five top individuals also received trophies inscribed with their names.

Following is a list of team totals in the order of their finish: Haverford 206, Glen-Nor 190, Darby 184, Collingdale 180, Lansdowne 176, Media 176, Eddystone 172, Sharon Hill 171, Ridley Park 163, Springfield 159, Marple-Newtown 151, Swarthmore 149.

MANY WELCOME SHAW REVIVAL

Players Club Cast Acclaimed In "Candida"

The Players Club revival of George Bernard Shaw's "Candida," which plays its closing performance to night and tomorrow night, gives genuine pleasure to the true lovers of good theatre in this vicinity.

One of the happiest of Shaw's plays, it is a demonstration of his theory that the function of an artist, the showing of the clash between the present and his presentiment of the future, "raises dramatic art above imposture and pleasure hunting and enables the dramatist to be something more than a skilled liar and pandar."

Billed by the Players Club News as a comedy of character, Candida is directed by William Price who also plays the Reverend James Morrell. The cast is of high calibre and the production is eloquent with sincerity and devotion to an ideal. The rector's staging is most effective.

Isobel Price stars in the title role, one noted for its scope and gentle beauty. Mrs. Price is a lovely Candida, her maturity giving depth to sympathetic lines and tender understanding. Her diction is nice, her appearance charming. Dorothy Haworth plays Proserpina Garnett in the most delightful manner and with sharply contrasting emotions. She does a superlative job with her role, one which she played formerly at Hedgerow. Her Prossy is reward for dry theatrical moments.

Robert Ackart plays Eugene Marchbanks with the zest and dramatic heights and depths of the 18-year-old poet. He looks the part. When he despair, his stance is more eloquent than his words: when he triumphs, he is aflame with it. What he does to the humble onion with his voice is indescribable. This role is warmer than that of Henry Higgins which he played admirably.

(Continued on page eight)

That's right! When you must walk on the highways in rural or suburban areas, always walk on the left side of the road—facing traffic.

There's plenty of reason for this. Last year for every person killed facing traffic, three were killed walking with traffic. 269 Pennsylvanians lost their lives on rural roads. Most of them were walking the wrong way instead of facing oncoming cars. For every daytime fatality there were twice as many deaths during the dusk and dark hours. Of those injured only one out of three ever saw the car before it hit him.

Never assume you are safe when walking on the highways—many times you are hard to see. Then, too, the despicable hit and run driver is still at large—his numbers and victims increasing. Don't bet your life against these car cowards.

Remember—for your own sake—on highways, always walk on the left, facing traffic—be alert to danger—be alive tomorrow.

TO GIVE TOWN MOVIE THURSDAY

All Swarthmore Cast In CARE Show At Club

The Swarthmore C.A.R.E. campaign opens at 8 p. m. tonight with "Activities Night" at Clothier Memorial, available through the cooperation and generosity of Swarthmore College. It will be a grand program put on by the student organizations of the high school.

On Thursday night March 17 two showings of the color film "Swarthmore" will be held at the Woman's Club. The film with its narration as a contribution by Robert Johnson and musical background by Alice Blodgett and Robert Holm, all aided by a student committee, is something all Swarthmoreans will want to see and hear. It is the result of the students' desire to show the people of Stade the type of town we have, all built around the very active life of our children.

The two showings, at 7 p. m. and 8:30 p. m., will be given to take care of the crowd indicated by the advance ticket sale. Already the picture has been requested for showing to several organizations in New York and elsewhere.

1949 RED CROSS FUNDS MUSTER

Annual Drive To Cover Year's Relief

R. T. Bates chairman of the current Red Cross drive reminds boroughites:

"During the month of March the Red Cross turns to the American people for funds to carry on its work. It is the only time during the year when funds are solicited. The Red Cross will always be there, prepared and scientifically mobilized, so long as the American people do their share to keep it there."

"During the rest of the year the students' house-to-house campaign. Another \$1000 was contributed to Activities Night, nearly \$1000 by community organizations, and the fullest cooperation of their teachers, to study European countries and their needs. This study culminated in an assembly program at which student speakers from eighth to twelfth grades presented needs of the nine neediest countries, Austria, Belgium, Czechoslovakia, France, Germany, Greece, Holland, Italy, and Poland. Germany was chosen by student vote as the country to be aided and the city of Stade was assigned by C.A.R.E."

Of the \$3700 raised by last year's activities, \$1000 came from the students' house-to-house campaign. Another \$1000 was contributed to Activities Night, nearly \$1000 by community organizations, and the fullest cooperation of their teachers, to study European countries and their needs. Now, in 1949, the letters are again being written by local grades to Stade grades, scrapbooks of elementary school life in Swarthmore are filled with drawings and photographs for Stade elementary students; local organizations are communicating their greetings and letters the backing of the money gift by sharing through community living will be sent to Stade. The musical background is arranged by Alice Blodgett and Robert Holm, school music instructors, and by a student committee. The pictures are from the film camera of Guenther H. Froebel, whose son Bill, chairman of this year's C.A.R.E. committee, has helped with this work, in addition to his many capably discharged duties. Proceeds from the preview of the film "Swarthmore" next Thursday will increase the campaign yield.

A newspaper clipping sent to Russell Snyder from Berlin announced the fact that high school children in Swarthmore, Pennsylvania, were to send food packages to Stade, American churchmen enroute from Stade in order that he might send his thanks directly to Swarthmore. Out of this personal contact with Dr. and Mrs. William Barrow Pugh came a sewing project by local churchwomen which is already enroute to Stade. Who can tell how far the Swarthmore High School-Stade experiment in world friendship will reach its warming, friendly way?

In honest tribute, therefore, there is no limit to the support adults of this community must give the high school students who are paving one direct path to world peace via Swarthmore to Stade. Let's fill Clothier Memorial tonight with enthusiastic and generous grown-ups, generous with Stade and generous with appreciation of the vision and faith of our young world prescient high schoolers, who give themselves with their gift.

Women in the community are cordially invited to attend a meeting sponsored by the WIL at Whittier House next Wednesday March 16 at 3 p. m. to hear Mrs. Gladys Walsler of New York tell "What Women's Organizations Can Do to Serve the United Nations." Mrs. Walsler became field representative for the Women's International League at Lake Success when the organization was accorded consultative status with the Economic and Social Council of the United Nations.

To her work as field representative Mrs. Walsler brings a background of many years' experience in international problems, for she spent many years in Japan with her husband Theodore D. Walsler under the Board of Foreign Missions of the Presbyterian Church. While in that country, Mrs. Walsler served as industrial head of the Kakohan Social Settlement in Tokyo and taught in three women's universities in that city. Upon her return to the United States in 1942, she began her close association with the WIL serving as

Swarthmore Youth Movement

Swarthmore High School's second campaign for C.A.R.E. Packages to be sent to Stade, Germany opens tonight in Clothier Memorial when students will present a variety program which they name "Activities Night." The campaign will continue throughout next week in order that as large a sum as possible may be raised for the town in the British zone between Hamburg and Bremerhaven which the school aided last year.

The students' first C.A.R.E. week which raised \$3700 for aid to Stade was unique in its planning and for that reason, as well as for its successful conclusion, has brought credit and praise to Swarthmore High School, from the outside world. To all Swarthmoreans who were privileged by association with the students to watch the growth of an idea become action, the achievement of last year's student campaign was heartwarming proof that a generation which has never known economic, industrial, social, or political peace could see the need of a world, act to alleviate that need, with careful planning and energy which refused discouragement.

The first appeal of C.A.R.E. followed other student drives which, like those in the borough, sometimes reduce giving to "mechanical response." In the words of high school teacher Henry Hoffman, "Too frequently, the mechanical response was extracting an additional nickel, dime or quarter from dad, to be inserted in any one of the number of multi-colored containers which appear on the teacher's desk throughout the year. In return for this meaningless contribution the pupils receive a medalion, pin, or card which they hold with meaningful regard."

Last year's C.A.R.E. campaign was different. Once it was decided by the students that raising funds for C.A.R.E. was an opportunity for Swarthmore High School to "aid in helping to solve one of the gravest problems of the world," social study classes began, with the fullest cooperation of their teachers, to study European countries and their needs. This study culminated in an assembly program at which student speakers from eighth to twelfth grades presented needs of the nine neediest countries, Austria, Belgium, Czechoslovakia, France, Germany, Greece, Holland, Italy, and Poland. Germany was chosen by student vote as the country to be aided and the city of Stade was assigned by C.A.R.E."

CLUB TO BECOME CLOCK WISE

Women Bill Timepiece Historian For Tuesday

On Tuesday, March 15, at 2 p. m. Mrs. Birney K. Morse antiques department chairman will present Dr. Arthur E. James, who will speak on old clocks and their makers. Dr. James, who lives in West Chester, is professor of chemistry at the Temple University School of Pharmacy, vice-president at Chester County Historical Society, and president of West Chester YMCA. He is the author of two books, "The Potters and Potteries of Chester County" and "Chester County Clocks and Their Makers," and is in demand as a speaker on local history.

On the same day, the chorus will rehearse at 10 a. m., and there will be rug making in the lounge. At the stated meeting on March 8, there were a number of reports, including one from the nominating committee. Mrs. C. H. Jeglum, legislation chairman, introduced Mrs. William R. Huey who spoke on pending legislation relating to education. His concerns teacher salaries, pensions, and the consolidation of schools in order that there be a greater equality of educational advantages throughout the state.

Mrs. R. G. E. Ullman then delightfully reviewed "Natchez on the Mississippi" by Harnett T. Kane and showed pictures taken in that locality.

TO REINSTATE ASSESSMENTS

1949 Tax Rate Increase Voided In Most Cases

Swarthmoreans who some weeks ago were a bit perturbed over increased assessments will be happy to know that after completing an extensive study the Delaware County Board for the Assessment and Revision of Taxes announces county homes will have their assessments reduced to 1948 levels except where there has been a conversion to apartments, recent improvements, or where equalization is justified.

The County Board reached the end of its tremendous task of reviewing 1949 assessments upon all homes, commercial and industrial properties only after weeks of intensive study of more than a hundred thousand assessments. Commercial and industrial assessments will be increased above 1948 levels but only to the extent necessary to more nearly equalize assessments throughout the county. The increase however will be less than that proposed by the local assessors.

EXONERATED

Samuel H. Harbison, Jr., of Riverview road, who was arrested January 22 because his car was parked near the scene of a burglary was exonerated Wednesday by the grand jury and the costs placed on the county of Delaware.

In Appreciation

Swarthmore has lost one of its finest citizens in the passing of Helen Lukens Cresson, widow of G. Warder Cresson. A member of one of the oldest families of this community she graduated from Swarthmore High School in 1906, and, four years later, from Swarthmore College.

Helen always took an active part in the life of the town and the College, and made many lasting friendships. As a member of the Swarthmore Meeting she served on many committees, and did much philanthropic work with the Community Health Society and in connection with her fraternity, Kappa Kappa Gamma.

Loyal devotion to her husband, family and friends was her outstanding characteristic. There was great sweetness in her personality and steadfastness in what she knew to be right. Life brought her many joys and sorrows, but these she bore with the smiling courage which betokens the finest character. Her untiring efforts to make her home a place where her friends loved to be, mark her as a person whose absence from our midst will be keenly felt.

The HAVERTOWN UNIT

THE HAVERTOWN UNIT of Temple University was opened in September 1946 to provide an opportunity for students in the suburban area to go to college at a time when colleges everywhere were overcrowded. Through the cooperation of the Haverford Township Schools, the club house formerly occupied by the Brookline Square Club was made available for this purpose. It has been entirely remodeled to provide excellent facilities for four or five hundred men and women students. Well lighted classrooms, fully equipped laboratories, a library, a comfortable lobby, and a large gymnasium make possible a full program of academic work and recreation.

Courses are offered by the College of Liberal Arts and Sciences, Teachers College, and School of Business and Public Administration. At the end of one or two years, students may transfer to the main campus to complete their courses.

Instruction at the Havertown Unit is provided by regular members of the Temple faculty, and the same standards are maintained as at the University. Classes are usually small so that students beginning college work can receive individual attention and counsel. A guidance counselor and a full-time nurse are members of the staff.

There is a wide variety of recreational and other extra-curricular activities: a newspaper, dramatics, debating, a chorus, sports, motion pictures, and dances. The intramural sports program also includes basketball, softball, touch football, and rifle teams for men, and basketball, softball and bowling teams for women. Horseback riding is available through an arrangement with a nearby riding academy, and tennis is also available at nearby courts. Table tennis and badminton facilities are provided on the campus.

Havertown students who wish to try out for varsity activities and teams may do so on equal footing with all other Temple students. In the past, Havertown students have played on varsity teams and in the Temple Band. Students have the privilege of using the services and facilities of the University: health, psychological clinic, library, and counseling.

Thus a student at the Havertown Unit enjoys the unique combination of advantages afforded by both a small college and a large university. Because of the small size of the Unit, he becomes acquainted with his fellow students; even as a freshman he may play on teams, take part in debates or dramatics, or work on the school paper. He gets to know his instructors intimately, and yet he has all the wide variety of courses, services, and activities that only a large institution can provide. Beginning as part of a small group, he is able to discover his aptitudes and develop his skills so that in his junior and senior years he may specialize wisely and take his place in a larger educational community.

All applications for admission are handled by the Registrar, Temple University, Philadelphia 22, Pa. Prospective students and their parents are always welcome to visit the Havertown Unit, where they may inspect the facilities and discuss educational problems with the director or guidance counselor.

Replies To Questionnaire

The following statement has been issued to The Swarthmorean by Congressman James E. Egan:

The response to my questionnaire, recently directed to the citizens of Delaware County, has been voluminous, highly interesting, and very helpful to me as your representative at the seat of our National Government.

I want to gratefully acknowledge the splendid cooperation of the many county newspapers that gave valuable space to printing the questionnaire, thus bringing it to the attention of a far greater number of our citizens than could have been possible through the use of any other medium.

Of particular interest to me—is the fact that so many questionnaires have been returned accompanied by letters and separate statements on a number of the measures listed. This clearly indicates a very general concern with respect to the fateful decisions that will be made by this Congress.

Further returns are being received daily, but we find that the pattern of the answers tabulated seems to remain constant. We are, therefore, releasing the results.

In view of certain requests and queries directed to me, I give the following assurances, together with my thanks to all who have cooperated in this survey:

1. Original questionnaires returned to my office will not be open to inspection by any other than a member of my office staff, and names of signers will not be disclosed for any purpose.
 2. Responses sent to my office as a result of a radio questionnaire program have been very heavy and most welcome, but are not included in the results published herewith, since that survey dealt with one measure only.

Born March 26, 1872 at Rutland, Vt., the son of Rev. William Henry and Emily (Graves) Collins he was educated in the public schools of Brattleboro, Vt., graduating from the Brattleboro High School in 1899. During 1898 he served as page in the Vermont House of Representatives. He graduated from Trinity College, Hartford, Conn., with the degree of B.A. and was awarded the M.A. (honoris causa) by the same college in 1943. He was Phi Beta Kappa at Trinity and for many years a member of Hope Lodge No. 124, F. and A.M., in East Orange, N. J.

Mr. Collins was reporter and assistant city editor on the Springfield Republican from 1894 to 1896. He was executive editor for the Worcester Mass. Evening Gazette for three years and literary editor of the Hartford Courant for one year. From 1900 to 1919 he was assistant city editor, city editor, literary editor, war correspondent and special writer on the Newark (N. J.) Evening News. In recent years he had contributed to various magazines and newspapers, especially the New York Sun, his newspaper work being largely editorial in nature.

For many years Mr. Collins was a member of the Vestry of St. James Protestant Episcopal Church of Upper Montclair, N. J., serving a considerable time as chairman of the Vestry's finance committee. His wife, Alice Dertia Howes Collins, to whom he was married in Utica, N. Y., in May, 1900, died in Montclair on January 6, 1937. He is survived by a son William Howes Collins of Whiteboro, and three grandchildren.

Services were held Wednesday at the Ninth St. Peter's Episcopal Church in Brentwood.

Welfare Luncheon Today
The Care, Treatment and Rehabilitation of the Sexual Pathological will be the subject of the

second Legislative Luncheon sponsored by the Delaware County District of the Health and Welfare Council to be held today at the Strath Haven Inn at 12 noon. Judge Harold L. Ervin, President of the Delaware County Courts, will discuss House Bill 88 of which Honorable Louis A. Bloom, Chester and Honorable James N. Robertson, Media, are joint sponsors and which deals with this subject of legal, medical and wide community interest.

Another in the series of panel exhibits in Parrish Hall, Swarthmore College, is the display of bridges and buildings by the Swiss engineer Robert Maillart. The exhibition, consisting of 21 panels and six Maillart's technical drawings, will be at the college from March 4 to March 25, through the courtesy of the Museum of Modern Art in New York City.

This, the first display of the engineer's work, includes descriptions of his three-hinged arch bridge, stiffened arch bridge, and his use of reinforced concrete.

After leaving Swarthmore, the exhibition will continue on a tour of the country.

Health Board Meets
At the February meeting of the board of the Community Health Society of Central Delaware County, held recently in Borough Hall, Mrs. Charles Fischer, chairman of the supply closet, announced the contribution of a hospital bed by the Thimble Group of Swarthmore. The Society now has three of these beds which may be rented or loaned for private use. Mrs. Fischer also announced a gift of five nurses' aprons made by the Sewing Group of the Presbyterian Church.

Mrs. F. A. C. Vosters, chairman of the milk fund, said that the milk bottles, placed in stores for collection of money for the fund, would be temporarily removed until early summer.

The next meeting of the board will be held on March 24.

Mr. and Mrs. Earle P. Yerkes of Princeton avenue entertained at a dinner party Friday evening.

Vail To Speak At Wellesley Benefit

James Vail will give an illustrated talk "Cape to Cairo" about his recent trip to Africa Monday evening, March 21 at 8 o'clock at the Swarthmore Presbyterian Church for the benefit of the 75th Anniversary Fund of Wellesley College.

Mr. Vail is a prominent chemist and a leader in the American Friends Service Committee's work. He is at present chairman of the Foreign Service Section. He has been associated with Quaker Relief work since World War I when he assisted in the child-feeding program in Germany. Because of Mr. Vail's long and active service in Friends' relief work throughout the world, it was very fitting that he be invited to speak at the first Yearly Meeting of the Friends of the Union of South Africa last year. Mr. and Mrs. Vail (Ruth Russell of the Class of '09 at Wellesley) after attending the Yearly Meeting were able to travel extensively, seeing Victoria Falls, Kruger National Park, and many other places of interest. Mr. Vail, as a chemist, was especially interested in Nagadi Lake which is an important source of soda and salt. They flew from Nairobi to Cairo where Mr. Vail worked with the United Nations and Count Bernadotte on the truce for the Holy City.

SPEECH COURSE AT PENN CENTER OPENS

During the course, which will run for the next 15 weeks, the class will learn the basic principles of public speaking, the basic and special types of public speech, and the guidance of group discussions, including parliamentary law for informal groups.

In developing the art of "thinking on one's feet" the group will make use of voice recording machines and study microphone technique from the auditorium of the Penn State Center.

Interested personnel are invited to visit the Center this Monday evening at seven o'clock in the Registrar's Office for information on late registration.

To Present "Lord Quex"

The Little Theatre Club of Swarthmore College will present "The Gay Lord Quex", a comedy by Arthur Wing Pinero, as its 1949 spring production. Under the direction of Mrs. Barbara Pearson Lange the play will be given March 17, 18, and 19 on the college campus.

Bill Donaldson as Lord Quex, Lois Kelly as Sophie, Anne Pearson as the Duchess of Strood, Dave Shearer as Sir Chichester Frayne and Bill Gifford as Valma, a professional palmer, will lead the cast.

The LTC is continuing its policy of presenting plays which are seldom produced but have an important place in dramatic literature. "The Gay Lord Quex" was first produced in 1899 and is a comment on English society of that time. Pinero has been called the "dean of the well-made" play for his skill in plot construction. His better known plays are "The Second Mrs. Tanqueray" and "Trelawny of the Wells."

There will be a special performance for high school students on Thursday, March 17, at 7:30, in Ciochier Memorial. Regular performances will be held at 8:00 on Friday and Saturday, March 18 and 19.

CANDIDA ACCLAIMED

(Continued from page one)

for the club last year, and to have seen him in both is a privilege. Reverend Morrell is ably played by Director Price, who aptly displays Morrell's "talent for preaching" the ideals of Christian Socialism, but just as aptly portrays the man whose self assurance is badly tested in one dramatic day.

Ted Selmes as Burgess is also very able. His pronouncements of lower class wisdom are done so rightly, his certainty of his son-in-law's madness is shown with such disarming satisfaction, that his playing is quite indispensable to the production's success. Ronald Porter as Lexy Mill the young assistant curate is nicely unobtrusive and complements the cast ably.

The patterned curtain call was a great pleasure as was the entire production. Discriminating theatre lovers will not fail to see it and all who do lose a rare pleasure.

MOTHERS STUDY INFANT CARE

Specialist Heard At March Club Meeting

"Babies Are Fun" was the topic on which Dr. Beulah Sundell, practicing pediatrician, spoke to the Swarthmore Mothers' Club on Thursday evening, March 10, in the Woman's Club.

Dr. Sundell discussed the low infant mortality rate of the present crop of infants, as compared with the death rate of a generation ago. She attributed the increase in live infants to present day knowledge of infant feeding, infant immunization against many dangerous diseases, and the precautions taken to avert fatal accidents. She touched briefly on the ever-present problems of feeding, weaning, thumb sucking, and toilet training.

Two silent films were shown to emphasize certain points in child care. The first, an Encyclopedia Britannica film made at Yale University School of Medicine Clinic of Child Development showed the different methods of feeding the young infant. The second, "The Conquest of the Spoon" demonstrated proper techniques for feeding the older baby.

A short business meeting preceded the speaker. Mrs. Thomas J. Prather, Jr., chairman of the Player's Club benefit announced that tickets will be available for the nights of Friday, April 1, and Monday, April 4, for a benefit performance of "Life With Father," under the direction of D. Malcolm Hodge. Tickets may be obtained through Mrs. Prather and will also be on sale at Michael's College Pharmacy.

Refreshments were served by Mrs. James Stephens and her committee.

H. S. BASKETBALL DINNER TONIGHT

Boys Squad To Hear St. Joseph's Coach

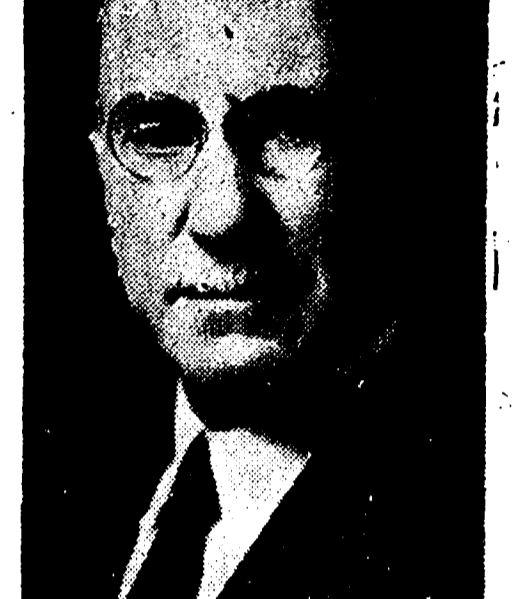

The annual dinner honoring the Swarthmore High School basketball squad will be held at the Rolling Green Country Club Tuesday evening, March 22. Oliver G. Swan will preside and the chief speaker will be Coach Billy Ferguson of St. Joseph's. Coach Ferguson has a dual reputation—as one of the best known basketball authorities in the Philadelphia area and also as one of the most interesting talkers among the coaching fraternity.

The 1948-9 season marked quite a turn for the better in the High School's basketball record. The team won nine of the 17 games played, splitting even in Conference games with five won and five lost. It also broke even in its Kiwanis Tournament appearances, defeating Collingdale and losing to Eddystone.

A steak dinner, beginning at 7 o'clock, will open the recognition program. Coach Bill Reese, who deserves the credit for the improvement in Swarthmore's basketball fortunes, will award silver basketballs to members of the squad meeting the requirements. The dinner, given annually by the Swarthmore Citizens' Athletic Committee, will be attended by squad members, fathers of players, coaches, members of the committee and a few special guests.

EDW. B. TEMPLE DIES SUDDENLY

Noted Engineer-Banker Lived On Maple Avenue

After funeral services held Tuesday afternoon in the Swarthmore Friends Meeting House, Edward B. Temple was laid in final rest at a private burial in Eastlawn Cemetery.

Mr. Temple, who lived at 315 Maple avenue and is believed to have been a bank president longer than any other banker in the state, died suddenly of a heart attack at his home on Saturday, with Mrs. Temple, he had driven to a wedding at the Philadelphia Navy Yard and then to the reception.

Three doctors who were guests at the reception pronounced him dead after he was stricken. Born on a Concordville farm and receiving his early education at two rural Delaware County institutions operated before public schools were generally available, Leggett's School and Maplewood Academy, Mr. Temple went on to Swarthmore College where he was a classmate of the late William C. Sproul who later became governor of Pennsylvania and the late A. Mitchell Palmer attorney general in Woodrow Wilson's cabinet during World War II. He graduated with honors, was the commencement speaker of the class of 1891, and since the death of Mr. Palmer had served as president of the class. In 1915 Mr. Temple was elected to the board of managers of the college and since 1939 he had been its treasurer. For the past three years he had devoted much of his time and energy to the \$5,000,000 endowment campaign of the college.

During his undergraduate days Mr. Temple played on the college football team and was a member of the famous tug of war team of Phi Kappa Psi. In 1942 he was sent in the Marine Corps to Franklin and Marshall, Lancaster, Pa., leaving there in the spring of 1944 for Paris Island where he received his commission in October of that year. He left this country for overseas duty in December, 1944.

In addition to his mother he is survived by three sisters Mrs. A. Spencer Cobb, Catherine, and Anna Mary, his grandmother Mrs. Job T. Pugh, a niece and nephew Shirley and Arthur Spencer Cobb, Jr.

Interment was made in Woodlawn Cemetery in Philadelphia.

TONIGHT'S DANCE ENDS CARE WEEK

Novel Event Aimed To Please Adults

In order that CARE week may be culminated in as good fashion as it started, a big "country fair dance" is set for this evening Friday March 18 at the high school gym. The CARE committee states this is not just another ordinary dance, but totally different. Planned since last fall it has been developed into the most unique and spectacular dance Swarthmore has ever seen. One of the main features is that it has been planned especially to please the adults. As one comes in the door tonight this is the impression that he or she will receive!

The gym is not the same old basketball floor. No, instead it's like a big fair held in the country on a Friday evening. The floor is covered interminably with booths, colorfully decorated and selling all sorts of things. Fathers and sons alike are playing games and having a mighty swell time. The atmosphere is very gay and there are just as many adults enjoying themselves as children. Everyone seems to be dressed as they please, and all are laughing, playing, talking, or dancing. Not only the students are square dancing, but the parents are joining in with them and having a great time. You can't venture any distance without running into one of your friends from down the street, who hasn't been to a dance like this since he or she came to Swarthmore. Everyone in the town seems to drop in during the evening to help merrymaking along.

The CARE Committee stresses this surely is a great way to end CARE week; with a novel event that comes to town only once in a life time, where you can go and support the CARE program and have a terrific time on it. "Is it worth-while?" say they. "Why sure it is. Don't you dare miss this big 'country dance' that is going to wind up the 1949 CARE drive. Let's everybody turn out and support all the work that the high school has put into the dance and drive as a whole."

CLUB TO SPONSOR ANTIQUES FAIR

Fourth Annual Event To Cover Five State Area

The Swarthmore Antiques Fair, the fourth one of these popular events to be sponsored by the Swarthmore Woman's Club, will be held this year on March 28, 29 and 30. The Antiques Fair Committee is hoping to make this year's Fair more interesting and worth while than any held thus far. On Tuesday morning at 9:30 the committee chairman and all workers on this important project, numbering more than 100 club members, will meet in the lounge of the woman's Club to report on the progress being made and to make final plans for the successful launching of this year's show.

Twenty-three dealers, who represent a five state area and can be relied upon to present exhibits of both artistic and antique value, will display their wares at the fair to the Antique-minded public. Several dealers will feature fine pieces of old furniture in which the beauty of the early craftsmanship is so clearly exemplified.

Collections of early glass and antique china will interest all persons who enjoy the historical associations so definitely emphasized in these relics. Jewelry, prints, lamps and lampshades, clocks, old pewter and brass, and a wide variety of objects will be exhibited which will reveal in many different ways how life was lived in the days of long ago.

The Fair will be open to the public from 1 p.m. to 10 p.m. Monday, March 28, from 10 a.m. to 10 p.m. on Tuesday, March 29, and from 10 a.m. to 10 p.m. on Wednesday March 30. Lunches and dinners will be served in the lounge of the Clubhouse.

On March 23 at 9:30 a. m. at the Woman's Club, a training course for Girl Scout leaders will be started. Leaders are greatly needed in Swarthmore and vicinity and anyone interested should contact Mrs. R. N. Hilkert, Swarthmore 2953-R.

MRS. EDWIN D. JOHNSON

Mrs. Edwin D. Johnson died Sunday, March 13 at the home of her daughter Mrs. George Schobinger of Philadelphia, formerly of Swarthmore.

Born Gertrude Lockwood, Mrs. Johnson was of a pioneer Michigan family. She and her husband were active in the Morgan Park Baptist Church in Chicago, and for many years Mrs. Johnson was on the board of the American Baptist Home Mission Society. She was also chairman of the interdenominational Committee of Women for Missions in the Central West.

Mrs. Johnson is survived by her daughter, four grandchildren and four great grandchildren. Dr. Rose of the First Baptist Church of Philadelphia conducted the memorial service Tuesday evening at Mrs. Schobinger's home on Moravian street.

Possibility Of Peace Will Be Topic

Under the auspices of the Peace Service Committee with Mrs. T. D. Maher, chairman, and Mrs. R. S. Latimer, co-chairman, the Woman's Club will hear Dr. Raymond Kistler, D.D., L.L.D., president of Beaver College in Jenkintown, next Tuesday afternoon.

Dr. Kistler is an ordained minister of the Presbyterian Church, having held pastorates in Pennsylvania, New Jersey and New York State before going to Beaver College. He has traveled widely and has an international outlook. His address will be "The Possibilities of Peace."

On March 23 at 9:30 a. m. at the Woman's Club, a training course for Girl Scout leaders will be started. Leaders are greatly needed in Swarthmore and vicinity and anyone interested should contact Mrs. R. N. Hilkert, Swarthmore 2953-R.

On Thursday, April 7, there will be a dessert bridge at 2 p. m., at the club house for the benefit of the veterans through the local Camp and Hospital Committee of the Red Cross. Mrs. John Good is chairman.

On Tuesday, March 15, Dr. Arthur E. James gave a very interesting program on old clocks, tracing the history of clockmaking from the earliest forms—sun dials, water glasses, sand glasses and time candles used long before the time of Christ—down to mechanical clocks in their modern forms.

Scouts Celebrate 37th Year At Club

At a joint meeting of all Swarthmore Brownie and Girl Scout troops held Monday, March 14, at the Woman's Club, the girls enjoyed a special program celebrating the thirty-seventh anniversary of Girl Scouts in America.

The Reverend Aaron Manderbach, rector of the Saint Faith Church in Haverford, presented a "Chalk Talk" on Juliette Low's first Girl Scout troop and its growth into all parts of the world. Penny Wolcott, a student at Swarthmore College who was one

of the delegates from America to the International encampment in Switzerland in 1948, was the second speaker on the program. Her beautiful pictures and descriptions brought the spirit of international friendship to all who heard her.

The meeting closed with the singing of the Chalk Song and Taps. Each troop brought to this meeting its contributions of hard candies, gum and sewing materials for the children of Sted, Germany.

Dick Bullock of Cedar Lane arrives home today from George School for the spring vacation.

IN MEMORIAM

Whereas: Edward Brinton Temple, alumnus of Swarthmore College in the class of 1891 and for many years a distinguished citizen of this Borough, was called to his Great Reward on Saturday, March 12, 1949; and

STADE
Home of Lower Saxons

By Heinz Pagels
Stade the town of many invasions has been invaded again. Not by a Conqueror with fire and sword but by young people from Swarthmore whose weapons are friendship in the spirit of true Christians.

These young men and women shattered the walls of distrust which an utterly defeated people had erected around themselves. They cast a new light into the darkness of overcrowded misery and frustration and proved that there are people who care.

The question, whether the people of Stade deserve this care is a justified one in view of the occurrences during the past 10 years and I will do my best to answer it as objectively as I can although I must confess that I still love this little home town of mine and may therefore be prejudiced.

Like other people, the Stadians are the product of their past. Let's therefore take a brief glimpse at their history.

The ground on which Stade is built was first settled some 20,000 years ago, and for the past 6000 years Germanic people called this part of the country their homeland. Stade grew from village to fortified market place, and during its greatest period into an Hanseatic City of greater importance than even Hamburg. The citizens of Stade had through shrewd negotiations and by taking advantage of every opportunity, increased their personal freedom and the independence of the town. They were free men in a feudalistic world. At all times, however, did they subordinate their own independence to the requirements of their community. Without the community they could not survive.

The famous "Stader Statut" of 1279 reflects the relationship between citizens and city government and provided not only that serfs settling in Stade would be free after one year's residence but also that no man could dispose of his property and wealth without the consent of his wife—a proof that German women have always taken a keen interest in the affairs of their menfolk, and that the men, then, as today, acknowledged it.

Another remarkable document is the treaty of commerce with the British merchant adventurers the approximate counterpart of the Hanseatic League, for it granted the British merchants residing in Stade the right to worship according to their own beliefs, a grant

which other cities on the continent had denied them.

Although there isn't a single recorded instance where Stadians went forth to conquer new lands and to dominate other people, it had to struggle for its own independence.

Time and again the town was besieged, captured, looted and partly reduced to ashes but the citizens always rebuilt their community. Great floods of the Elbe River destroyed everything within their reach, and epidemics reduced the population. Time and again were their liberties taken and regained.

No, Stade's History is not a beautiful story of abundant living. It is the story of a long and difficult struggle in which frugal existence is the normal and the periods of secure living the exception.

The many attacks by man and an often unfriendly climate on his existence has no doubt contributed a lot to the formation of the Stadian's attitude towards others. He certainly is not the fellow with the ambition to conquer the world and if the Imperial and Hitler governments had such ambitions they certainly did not let him know about it. The Stadian went to war in order to defend his country and community.

I have tried to give you a glimpse of Stade's background, and I did so in order that you may better understand the character of its people. The people are typical low German, closer related perhaps to the Scandinavians and the Dutch than they are to Germanic people in the South. They are conservative, very persistent, hard, patient workers and above all, extremely conscientious. They will do the things in which they believe even though it may ruin them, and they struggle for their lives. The people of Stade may be down; they will never be out; and the friendship of people such as these will prove to be more effective fortifications against the evil that comes from the East than the earthen fortifications which the rulers of the past built around Stade in order to maintain their power or to enrich themselves. The people of Stade have never been serfs; to the contrary, if there is anything wrong with them, it may be that they are too individualistic. They will make fine partners in a free world.

In discussing Stade I have purposely avoided mentioning the cultural activities in Stade throughout the ages for fear of not doing justice to their achievements within the range of this article.

A few words, however, should be said in regard to Stade's present problem. The town has again become a haven for refugees. This is by no means the first time for in the 16th century Hollanders, escaping from religious intolerance settled in Stade. French Huguenots were befriended by them, and when in 1914 the Russian armies overran part of East Prussia, hundreds of homeless people found a home in Stade. But at no time did the refugees outnumber the Stadians two to one and never before did this little town have to care for so many people under such depressing economic and political conditions. These thousands of refugees share the homes of the Stadians and they share their food. A matter of the lame leading the blind.

Imagine Swarthmore's population increased by some 8000 destitute people and the industries of Philadelphia, Chester and Wilmington destroyed, with a large percentage of this population unable to perform work and the country bankrupt, and you have Stade's present problem in a nutshell.

I, for one have faith in these people of mine. They will gradually bring order into their existing chaos. Yes, they will go beyond that and again peacefully penetrate the East and preach Western culture with the help of God and your kind support, they will fulfill this mission.

I'm immensely proud of all of you, my countrymen and women, for having demonstrated to my folks the finest virtues of good Americans and true Christians.

Mrs. George E. Davison of Vassar avenue motored with friends from Haverford to Dickinson College Sunday and visited her daughter Joan a college freshman.

New Plymouth on Display

Plymouth's new special deluxe four-door sedan (above). Throughout the new Plymouth line beautifully streamlined bodies are lower and narrower, seats are wider and headroom greater. At the same time overall exterior dimensions are reduced, but wheelbase has been lengthened to 118 inches and glass area is increased. Horsepower is raised to 97. Although fenders flow gracefully into the body they are detachable for ease in repair.

New Plymouth Features Beauty, Performance, Safety and Comfort

Brilliant new styling is combined with outstanding riding comfort, increased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles. Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road stability, but less front and rear overhang for easier parking and garaging. While the silhouette has been lowered and the width decreased, there is more head and leg room and seats are wider. Typical of Plymouth's many refinements is the ignition-starter combination, with which a turn of the key starts the engine. The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which empha-

size the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace. The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 118-inch wheelbase, one inch longer than last year's. Special deluxe models are: four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban. The 97-horsepower engine has im-

proved performance and efficiency with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster throttle response. Body styling which produces greater passenger room without excessive bulk also increases visibility. V-type windshields have 37 percent more area and provide excellent vision without distortion. Windshield wipers clear 81.5 percent greater area and the rear window is 35.4 percent larger.

WIL To Hear Talk On Postwar Germany

Harold Schmitz, who came from Germany in October to attend Swarthmore College, will be the guest speaker at March WIL Day to be held at the home of Mrs. Duane Terry, 503 N. Chester road, on Thursday, March 24, at 1 o'clock. Mr. Schmitz will speak on "Postwar Developments in Germany." He recently spoke to the International Relations Club on the same subject.

The Work Day will begin at 10:30 in the morning and will last until 3 p.m. Those whose stay through the noon hour will bring a box lunch. Members will gather to sort and pack material to be sent to the Heidelberg Branch. Since printed matter is so expensive to ship, people are asked to limit their contributions in that line to Peace Literature. Other needs are clothing, sewing materials, and food suitable for use at WIL meetings and teas in Heidelberg. Five more boxes of clothing and one of Peace Literature were sent last month.

Guests are welcome at any portion of the day's program.

Scouts Thank Patrons

Swarthmore Brownies and Girl Scouts are most grateful to everyone who bought cookies during the recent sale. Aside from the profit for Camp Elizabeth Borton, the local troops will receive a rebate of two cents per box for their hard work.

To Present Public Concert

The Bowdoin College Glee Club of Brunswick, Me., will give a free concert in Irvine Auditorium, University of Pennsylvania at the northwest corner of 34th and Spruce streets, Philadelphia at 8:30 Friday evening, March 25. The 150-year-old glee club, now consisting of 80 male voices, furnishes music of a high level.

Among the Bowdoin alumni who recommend the program to local music lovers are R. T. Bates of Yale avenue, H. W. Huse of Vassar avenue.

The Borough of Swarthmore will receive \$15,023.81 from funds paid to the fourth class school districts of Delaware County out of the legislative appropriations for the support of public schools.

that first won Swarthmore's name a place on the intercollegiate cup. Mr. Temple retired as chief engineer of the eastern branch of the Pennsylvania Railroad in 1939 after having directed many important projects for the railroad such as the elevation of the tracks through Chester, electrification of the lines, and the building of 30th Street Station, Philadelphia.

He was the second president of the Swarthmore Bank, having succeeded Arthur H. Tomlinson founder of the Swarthmore Preparatory School who served from 1904 when the bank was organized until 1911. He was a member of the Union League, Phi Kappa Psi, and the Pennsylvania Historical Society.

Surviving Mr. Temple are his widow the former Evelyn Smith of Moylan; a son Charles of Bradley Beach, N. J. and a daughter Elizabeth (Mrs. R. Floyd Plank) of Blackburg, Va., children by his first wife Lucy Bartram who predeceased him by 27 years, and six grandchildren.

TOWN ENJOYS ACTIVITIES NIGHT

With Don Rose, noted Philadelphia columnist as Master of Ceremonies and a varied program of well-executed skits, musical selections, dance routines, the Swarthmore High School students' C.A.R.E. Activities Night, presented for the benefit of the townspeople of Stede, Germany, was a grand success.

Held last Friday in Clothier Memorial through the courtesy of Swarthmore College, the evening's entertainment opened with four numbers by the High School Band, directed by Robert Holm, which played "Men of Action", "Salutation", and "Two Moods" featuring a muted trumpet solo beautifully rendered by Larry Frank, and "Winds of the Army" to which the Drum Majorettes strutted and twirled. The color guard, in full regalia, brought in the flag as the band concluded their part of the program with "The Star Spangled Banner".

Bill Froebel, chairman of the C.A.R.E. drive, after speaking briefly on the aims of the students, introduced Mr. Rose who then took over his official duties.

Against the colorful background of a gypsy wagon and dressed in gay costumes the Junior High Girls Glee Club directed by Alice Blodgett presented their musical act. Introducing the songs with short dialogue, the girls sang "The Life of a Gypsy Lad", "Romany", and accompanied by the fine playing of violinist David Spencer, "Romany Life". A Spanish Gypsy dance performed by Priscilla Rogers, Mary Ellen Hopper and Judy Pennock highlighted this enjoyable skit, and was a complement to Eleanor Wolfe Legg's excellent direction.

Routines and square dances, directed by Virginia Allen and Alice Putnam were varied, well-planned, and colorfully costumed. The cheerleaders' dance rustling with crepe paper skirts of pastel shades was marked by its precision and the rhythm of the tambourines. The Senior girls showed proficiency and full enjoyment on the part of the performers. The ninth grade girls' really straight line dance was further enhanced by the striped pink, green, brown and blue costumes. The Italian Tarantella was another lively dance by the eighth grade girls enjoyable for its color, execution and the rhythm of the tambourines. The Senior Girl's rendition of "Those Good Old Days" was a humorous illustration of the gym classes that mother used to attend. Complete with bloomers, middies, ties, head bands and the reluctant and struggling athlete as portrayed by Lois Linton, the girls did some impressive setting up exercises.

Athletic tableaux by the Varsity Club, under the direction of Millard Robinson was comprised of a series of athletic poses, most effective in composition and lighting, climaxed by the famous "Raising of the Flag on Iwo Jima." The Blackfriars' presentation of "Pinafore", was a well written skit by Bruce Godfrey ably directed by Henry Hofmann and

niciely narrated by Jerry Steinfield. Mary Knabb, a particularly charming Buttercup, Art McCormack, a captain who could not keep his sword straight, Bicky Thompson, a demure daughter and heroine, Ray Denworth, the underestimated hero, and supporting sailors of proper enthusiasm and well-timed cheers, all made this playlet a delightful take-off indeed of the Gilbert and Sullivan operetta.

Choral numbers by the High School Chorus included "Hallelujah Psalm 150", the spiritual "Climbin' Up the Mountain" and the old Swarthmore Prep School Song, selections demonstrating the excellent work of the members and the fine directing of Miss Blodgett. Popular musical interludes by the Garnet Serenaders, topped by their own arrangement of their feature number "Rhumba Fantasy" added zest to the evening's performance, while Mr. Rose enlivened the brief intermissions with pertinent comments and won the hearts of his audience completely with his public recognition of "Mom" as the chairman in charge of costumes.

A short talk by Dr. David McCahan, president of the School Board concluded this second Activities Night for Stede, a most enjoyable evening that netted \$754.90 for the hard-working C.A.R.E. committee and organizations of the high school.

PRELUDE TO ACCIDENT - Injury - - - Death!

Every violation of the center line of safety is a potential prelude to accident.

Crossing into the danger zone can occur at the approach to the top of a hill-on a curve-going into an underpass, or even on the straight highway. That's reckless, dangerous driving! Accident records show that about one half of all fatal traffic accidents result from bad driving habits such as these.

It's your responsibility to yourself, your family and to others who share the road to avoid these "Pass-Pockets" where lurk injury-and death.

Don't let impatient driving tag your conscience with being one of those who contributed to the maiming or death of the hundreds of thousands who will be auto accident victims this year.

You can be a safe driver if you will. It's up to you.

Club Committees Set For 3-Day Event Next Week

Final preparations for Swarthmore's Antiques Fair which opens Monday at 1 p. m. have been completed and the committee chairman and workers are ready to be on the job during the three days of the Fair. Manning the admission desks at both the Rutgers and Harvard avenue entrances, acting as hostesses, serving as waitresses and cooks during lunch and dinner hours, the members of Women's Club are prepared to do whatever tasks that have been assigned them in the organization that has been set up for the purpose of putting over a successful show.

The decorative posters on display in local stores are the result of a poster contest which was held among high school students. Twenty-two posters were submitted and were judged by the following committee: Mrs. Alban E. Rogers, Chairman, Mrs. J. Frank Beatty, Mrs. Ross W. Marriott, Mrs. I. R. MacElwee, Mrs. Avery F. Blake. Winner of the first prize in the contest was Betty McCahan; second prize, June Reynolds; first honorable mention, Ted Carey; second honorable mention, Gwen Watkins.

Hopeful For Peace
On Tuesday, March 22, Dr. Raymond Kistler, President of Beaver College addressed the club on the "Possibilities of Peace". Dr. Kistler has an optimistic viewpoint basing his judgment on the fact that the United States, the only nation capable of waging a full scale war, does not want it; that Russia does not want war either, and a dictator never goes to war unless he thinks he can win. He urged the spreading of faith to counteract the pessimism so prevalent today.

No Chorus Rehearsal
There will not be a chorus rehearsal next week.

L.W.V. LUNCHEON SET THURSDAY

Local Women To Take Part In Panel Discussion

The League of Women Voters of Swarthmore will have a membership luncheon, Thursday March 24 at 1 p. m. at the Whittier House.

"The Forty Billion Dollar Question" will be the subject of a panel discussion in which Mrs. S. M. Viele, Mrs. Herbert Fraser, Mrs. Clair Jeglum, Mrs. Helen Goodwin and Mrs. Burris West will take part.

For the past month members of the Swarthmore League have been studying with Dr. Herbert Fraser, Professor of Economics at Swarthmore College, the subject of federal taxes and expenditures. The League has become increasingly concerned about the economy of the United States and is convinced that the problems of inflation and the high cost of living cannot be remedied by a few isolated measures. The panel discussion on Thursday will give the members a good start in the study of federal taxes and expenditures in order to understand and support such fiscal policies as make for a stable domestic economy.

BORO FILM CAN BE RESHOWN

Those Who Missed CARE Project Should Write H.S.

The two showings of the sound moving picture of Swarthmore in color, given at the Woman's Club Thursday night of last week, proved a delight to all. Presented in connection with the high school's C.A.R.E. drive for the benefit of its adopted town, Stede, Germany, the project raised \$205 which however lacked \$95 of meeting the \$300 expense of preparing and presenting the movie which will later be sent to Stede to depict the everyday life of this borough through the four seasons of the year, to the people of the similar village in Germany.

Many of those who attended were able to pick out themselves and their special friends in the lovely scenes of Swarthmore going to school, attending football games and other borough and private events, and in leisure time pursuits. The young children who attended the early performance were charmed by it, and the older folks lost in the glamour of the film, forgetting for the moment that they already lived here, yearned to move to this paradise which floated on the screen before their eyes.

Since, doubtless, many who would have liked to view the film were unable to attend the night it was shown, and some who saw it once might like to see it again being better able to pick out parts of special interest to them through a familiarity with the sequence, another showing can be arranged for Thursday evening, April 7. Those who would be interested in having the film presented again should drop a line to the C.A.R.E. Committee at the high school.

Gaiety echoed throughout the town Saturday evening from the country dance sponsored by the C.A.R.E. Committee in the high school gym. This event cleared \$350 for the current year's drive in this international relations venture of the local school which has received national attention and commendation.

Even the littlest children have found a delight in participation in the drive, the kindergartners set out last week to see who could do the most toward "cleaning up" worn-torn Stade by contributing the largest number of cakes of soap to go along with the 1948 shipment of goods.

AN ANCIENT PROFESSION

● Pharmacy is one of the oldest of all the learned professions. It had its beginning more than four thousand years ago, and has been practiced in one form or another ever since. The modern drug store bears little resemblance to the apothecary of old. Yet, today's pharmacist is inspired by the same honorable principles that governed the conduct of his forebears. The pharmacist's chief interest, now as then, is the relief of suffering and the prolongation of life. Prescriptions come first in our store. Your doctor may not like to recommend any particular pharmacy, but he will never complain if you bring his prescriptions to us.

4th SWARTHMORE
Are you feeling bored?
Does the house look drab?
Are you tired of dust?
Does it drive you mad?
As you polish chairs
And make tables shine
Do you crave a change
From this same old life?
Now if that's your mood
You should spend a day
At the Antiques Fair
Coming Swarthmore way.
Buy a cheerful print.
A fine picture plate.
Or a mellow chest
Of an ancient date
They will brighten your home,
Boost your spirits, too.
The antiquing bug
Will start biting you.
You will find it soothing
And destroys the blues.

LATHBURY HEARD ON LWV PROGRAM

Dr. Vincent T. Lathbury, practicing psychiatrist, spoke on a radio program Sunday March 6 with members of the League of Women Voters of Swarthmore. He emphasized the need for public interest and concern in the Mental Health Program in Pennsylvania.

Dr. Lathbury emphasized that in any sound Mental Health Program prevention should be the first consideration. Prevention would relieve the increasing burden of custodial care. Since the seeds of mental illness are sown in childhood Dr. Lathbury thinks that the security of a happy home with both parents training the children to be responsible and self-reliant individuals is the best preventative of mental illness. But if a child or adult is unable to adapt himself to his environment it is imperative that early psychiatric help be obtained to prevent more serious illness. Beside private psychiatrists, there are in Delaware County three places where help will be given; The Child Guidance Clinic in Media, and clinics for both children and adults at the Chester and Delaware County hospitals.

Dr. Lathbury commended the provision for a 15-man board of trustees representing the University of Pennsylvania Women's Medical College, Temple University, Hahneman and Jefferson Medical colleges.

Present Bible To Trinity

Mr. and Mrs. H. Bardwell Lincoln, Jr. have presented Trinity Church with a new Bible for use on the Lectern in memory of Blanche B. Hill and Agnes D. It will replace the Bible which has been in active use here for over 55 years—the Bible used by the famous Bishop Phillips Brooks while Rector of Holy Trinity Church in Philadelphia. The new Bible will be blessed at the 11 o'clock service.

FUSCO AND ALSTON

Chester and Fairview Roads

The Swedes called it CROOKED CREEK

No. 2 in the series "Your Historical Heritage." Watch for the next in an early issue of this paper.

Johan Printz—a giant of a man weighing 400 pounds—nicknamed "The Tub" by the Lenni-Lenape.

The mouth of Crum Creek is within a stone's throw, so to speak, of the spot where Johan Printz landed on Tinicum in 1643 to found Pennsylvania's first white settlement. From there, the stream winds inland to its spring-fed sources near Malvern and Paoli.

Johan Printz, himself, may have explored the tortuous course and called the stream *Krok*, the Swedish word for "Crooked." But this name failed to endure—giving way

to the Swedish *Crum*. Similar to *Krok*, it means "Curved" or "Curving." Perhaps some poetic Scandinavian thought *Crum* a more pleasant name.

Certainly the stream deserves a pleasant name, for there is none more attractive in all Pennsylvania. And, fortunately, its upper reaches are fresh, clear and sweet-tasting, as in the days of Printz: making it one of the safe, dependable supply points of today's Pure Springfield Water.
