Families To Host AFS Students Visitors Will Arrive Monday For 2-day Stay

Eighteen Swarthmore families will be in the high school parking lot Monday, July 6, at 5:30 p.m. to meet the bus bringing 36 American Field Service students representing 26 countries to Swarthmore to spend the next two days in their homes and in the community. During their stay the teen-age visitors will be treated to a full schedule of activities planned by the local AFS committee, and the host families.

The students, 23 girls and 13 boys accompanied by two chaperons, are winding up a year's study in high schools throughout the Detroit-Michigan area with a three week tour of a number of states prior to their departure for their homelands. They represent:

Germany, Philippines, Brazil, England, Iceland, Denmark, Japan, India, Thailand, Norway, Sweden, Argentina, New Zealand, Turkey, Chile, Ethiopia, Spain, Ecuador, Egypt, Australia, South Africa, Uruguay, Finland, and Peru.

To Meet President

The students will visit Washington, where President Johnson will receive them, and from Washington they go to a final meeting of all this year's American Field Service students to evaluate their stay in the United States before they all disperse to their own countries.

These final bus trips are designed by AFS to introduce the students to communities and regions of the United States other than those where they have lived for the school year. The trips also give an estimated 100,000 Americans a chance to meet boys and girls from all over the world. There are 73 buses making two or three day stops in 10 communities each, all over the United States.

Under the direction of Mrs. Oliver Rogers, vice president of the Swarthmore AFS chapter, the following young people have planned the activities for the visit - Sue Carroll, Bruce Cratsley, Mary Van Urk, Dorothy Gatewood and Linda Jones. Sue and Bruce are former AFS students who participated in the Americans in Germany Abroad program in 1961 and 1963.

Plan Sightseeing Trips

Monday evening the young visitors will have supper with their host families and have time to get acquainted. Tuesday there will be sightseeing in Swarthmore and the Philadelphia area. Tuesday afternoon Dr. and Mrs. Richard Oakoy of Moylan will welcome the students and their host families for a swimming party. Tuesday night there will be a teen-age party from 8 to 11 at the home of Mr. and Mrs. Frederick Van Urk on Thayer road.

Walker Penfield has made all the housing arrangements with the following host families:

Mr. and Mrs. John W. Carroll, Mr. and Mrs. Joseph Donovan, Mr. and Mrs. R. A. Enlon, Mr. and Mrs. James Evans, Mr. and Mrs. Paul Gay, Mr. and Mrs. A. W. Hawkins, Mr. and Mrs. Robert Hayden, Mr. and Mrs. Edmund Jones, Mrs. Raymond Lassalt, Mr. and Mrs. Dan Morse, Mr. and

The local Board immediately set a meeting for 8:30 p.m. next Tuesday for dispatching a new petition to the State Board of Education, in its appeal against enforced combination of this district with any other.

One overall outline will be used but each teacher will be responsible for teaching one area to all sections of the grade. JULY 4 PARADE BEGINS 9 A. M.

LIONS SET FOR GALA MORNING

The Borough's Annual Fourth of July Celebration will get off to a brisk start tomorrow, at 9 a.m. sharp. Traditional starter will be the parade, and all entrants, ambulatory and wheeled, are asked to report at the borough parking lot at Borough Hall 15 minutes ahead of time, so that the sponsoring Lions Clubmembers can arrange the order of march.

Judges for the occasion, valiantly provided by the Woman's Club, will be posted in front of the clubhouse to face the difficult task of selecting first, second and third prize ribbon winners from the impressive array of gaily decorated bikes, trikes and trucks (large or small) and costumed marchers (by groups or singles).

At 10 a.m. at the high school, pony rides will be available for children seven and under, while the older children may compete for ribbon prizes in a special series of games and contests.

And at 11 a.m., those far-seeing Lions will be dispensing popcicles to whet and cool those overheated whistles. And finally, at noon, will be the annual Fourth of July Firemen's Demonstration to be staged at the borough parking lot. Newcomers are primly advised that this phase of the morning's activities, practically without fail, ends in a down and out, much anticipated water fight. Instant People who dissolve on contact should come prepared.

THE SWARTHMOREAN

VOLUME 36 - NUMBER 28

SWARTHMORE, PA., FRIDAY, JULY 10, 1964

\$5.00 PER YEAR

Mrs. Kurtzhals Receives Lions Club July 4th Award

Mrs. Charles Kurtzhals, 144 Park avenue, is the second recipient of the Swarthmore Lions Club Fourth of July Honor Award. This 1964 award was made during the borough's annual Independence Day Parade Saturday morning in front of Borough Hall. The engraved plaque reads:

"To Leslie Osgood Kurtzhals in recognition of her many years of gracious hospitality and unselfish encouragement to so many, this plaque is presented with grateful appreciation by the Swarthmore Lions Club, July 4, 1964."

Mrs. "K," as she is affectionately known, has been owner-proprietor of the Inglenook Tearoom since 1916, and over those 48 years has been an understanding benefactor to many a hungry college student, an understanding replenisher to fresh young "businessmen" and accommodated many another patron in need.

L. C. Hastings, Lions Club member and master of ceremonies who presented the award, commented that in his wide travels he has found that Swarthmore is noted for its fine college and "the place where you get good food."

The Lions' first such award was made just a year ago to Mayor Charles G. Thatcher. Early Start

The Fourth of July festivities, sponsored jointly by the Lions and the Swarthmore Business Association, was launched shortly after 9, with a whole bevy of young paraders, sorted out and lined up by Parade Chairman George Myers, assisted by fellow Lions.

Animated by music provided by trim bandmen from the Senior-Junior High School, the parade participants marched or wheeled by the judges posted in front of the Woman's Club, to Harvard avenue where they again lined up to await the judges' hard-won decisions before their return trek for the awarding of the coveted ribbon awards. The day was cool, the band was lively, the audience was enthusiastic and the paraders were charming.

List Bandmembers
The band, conducted by Bob Van Ravenswaay, numbered 26 in all and included:
Kristen Peterson, Steve McCoubrey, Vikki Church, Alex Buhayar, flutes; Larry Burnett, Linda Stanton, Bert Tibbette, clarinets; Warren Kitts, Bob Harvey, Ken Walsh, saxophones; Robert Weiss, Bill Titus, Dan Burroughs, Jim Campbell, Patty Piccard, Scott Johnson, trumpets; Beth Pinkston, Sander Petrol, French horns; Allister Bell, Graham Kerr, trombones; Eric Peterson, Bill Clark, Ray Alexander, basses; Kippy Kippax, Mike Burroughs, Scott Forbes, drums.

The Lions Club gave each band member a commemorative Kennedy half dollar as a souvenir in appreciation for their service - an invaluable one as any longtime Swarthmorean who has witnessed a bandless parade can well testify!

Parade Winners
Also receiving the souvenirs were the judges Mrs. Frank Chapman, Mrs. Robert Fudge, Mrs. John Pinkston, Mrs. W.

ATTEND ANNUAL PICNIC

Those attending the annual Fourth of July picnic at the summer home of Mr. and Mrs. Paul Algers on Lake Ponchartraine near Bridgeton, N. J., were:

Mr. and Mrs. Fred Bell, Mr. and Mrs. William Bell and family of Swarthmore and Mrs. Bell's mother Mrs. Callius of Wilmington; Mr. and Mrs. Neal Bell of Nether Providence, Mr. and Mrs. Richard Bell and family of Kennett Square.

Also Mr. and Mrs. Percy Gilbert, Mr. and Mrs. Thomas Chew and family of Swarthmore, Mr. and Mrs. Earl D. Knox and family of R. Tree; the Algers' and daughter Mr. and Mrs. Paul Ford and three daughters of Easton, and Mr. and Mrs. Richard Lappe and three daughters of Newtown Square, with their house guests Mr. and Mrs. Eugene Lappe and son Mark of Atlanta, Ga.

Swimmers 'Tour' Fair

A group of Swarthmoreans will be swimming their way from exhibit to exhibit at the World's Fair during July and August under the 1964 adult ten-laps-a-day program which opened this week at the Swarthmore pool. Anyone over 21 may participate. Those who get a late start may catch up by doing extra laps. A bonus is granted for laps done on Saturdays.

SUMMER CLUB ENROLLS 201

The Summer Club is off to a resounding start with a total enrollment of 201 boys and girls. As the second week gets underway, enthusiasm is mounting for the activities and programs being planned by the staff.

The 31 four-year-olds spent the first week getting acquainted and making preparations for the "Fourth" by means of creating hats and flags with paste, crayons and paint. A parade climaxed the activities in the kindergarten, 33 youngsters studied animals, making ducks and rabbits as their "handi-crafts." At the present they are learning all about Indians and are fashioning teepees and headbands.

Decorated bicycles - Holly and Beth Cokely, Ginny Cottman, all firsts; Mary and Karen Starrett, Bob Mallory and Tim Johnson, sharing seconds; Nancy Collins, Amy Williams, Brenda Perkins, all thirds; honorable mentions (if we heard the M.C. right) to all the rest of the contestants.

Decorated Tricycles - Susie Cottman, first; Nancy Collins, Maule, Irwin Robert Boyle, seconds; Wendy Johnson, Ginny and Pamela Van Hart, thirds; Louise Mangelsdorf, Robin Calkins, Nancy Gorman, Peter Wehr, all honorable mentions.

Under Miscellaneous - Chris Mandelsdorf and his motor scooter, a blue ribbon; Dory Piccard on stilts, a red ribbon; Frank Starrett, as a living example of "Mother, Please, I want to do it myself!" a yellow ribbon.

In record time, paraders, bandmen and audience dispersed, many to reappear at the high school playing ground where youngsters awaited their turns for a ride on the ponies, or a faint in the pony cart; or to take part in the races. (Continued Next Week)

WORLD SERIES

A best of three game World Series will be played next Monday, Tuesday, and Wednesday (if needed) on Riverview Field to determine the winner of the overall Kneel HI league. For the past few years a one game series has been played, therefore the three game affair is an attempt to find if the series will be more effective in determining a true champion.

As to which teams will be involved, at this writing, it could be almost any of three teams from each league. In the National League the representative will not definitely be known until the Phillies and Braves meet in a replay. This could bring about a tie and another replay would be necessary over the weekend.

The Dodgers, having shown good strength, were in the running until last Tuesday evening when the Indians were victorious over the Green.

In the American League the Orioles and the Yanks will probably have decided the winner, or at least caused a tie, when they played last night. The Indians team cannot be counted out until the outcome of a game it is to play Saturday late afternoon.

During the second game of the World Series a most valuable player trophy will be awarded to each of the boys who were selected for such an award by their teammates. The awards will be presented by Bill Reese, Director of the Leagues.

W.R. Shoemaker Service Held Sun.

Riverview Rd. Resident Succumbed Thursday

A memorial service was held in the Friends Meeting House at 3 p.m. Sunday for Walter Rodman Shoemaker who died suddenly of a coronary occlusion last Thursday morning at the Swarthmore Medical Center. Interment was in Valley Friends Meeting Grounds, near New Centerville, Chester County.

Born 78 years ago in Yeasden, Mr. Shoemaker was graduated from William Penn Charter School in 1904 and Haverford College in 1908. In 1913 he married Emma Jane Wilson, moving to Swarthmore the same year. Mr. and Mrs. Shoemaker celebrated their 50th wedding anniversary on April 5, 1963 with a reception at the Meeting House.

After eight years at 316 Dickinson avenue the family moved to 510 Riverview road in 1961. In 1959 Mr. Shoemaker retired as partner of John R. Evans and Company, leather tanning firm in Camden, N. J., with whom he had been since 1918. He devoted himself thereafter to his gardens and distributing vegetables and flowers to many friends.

Surviving besides his widow are a son, David W., of Medford Lakes, N. J.; two daughters, Mrs. Louis W. Flaccus, Jr., of Scarsdale, N. Y., and Mrs. William H. Dietz of Columbus, Ind.; three sisters, Rachel Matthews and Bea Fawcett of Carmel, Calif., and Margaret Straub of Chatham Center, N. Y.; nine grandchildren and one great grandchild.

Mr. Shoemaker was a member of the Swarthmore Country Club and the Swarthmore Golf and Country Club. He was also a member of the Swarthmore Athletic Club and the Swarthmore Tennis Club.

TEENER ALL-STAR TO PLAY WEDS.

The Teener season closes next Wednesday, July 15, when the best of the Athletics and Senators play the representatives of the Pirates and Giants. The game is scheduled to begin at 6:15. The league has been closely contested and even though the Senators do not show many victories, this team has supplied stiff competition for its rivals and have gone down several times by only one run.

This league, too, could very easily wind up in a tie, and if need be, the All Star game would then be postponed until Thursday.

Trophy Awards
Most valuable player trophies will be awarded during the course of the All Star game. A selection was made by each team by the players. These awards have supplied each team with incentive to perform above average. Most of the games have been exciting and fun for both players and spectators alike.

BEREAVED

Mrs. Margaret Dermody, wife of John Dermody, died on Saturday, June 27, at her home at 508 North Chester road, after a month's illness. She is also survived by three grandchildren Jackie, Barbara and Richard Keefe.

COACH TO PRESENT ROTARY SPEAKERS

Millard Robinson, coach at the Swarthmore High School, will be in charge of the Rotary Club luncheon meeting to be held at 12:10 today at the Inglenook. He will present David Martin, Richard Wagstaff and Eric Peterson, the three high school boys who attended the Rotary Club's Leaders Camp.

Swim Club Loses To Upper Merion

Swarthmore Swim Club lost an exciting meet to Upper Merion 207-187 on Independence Day at the home pool. Tomorrow morning they journey to Ply-Mar for a final double dual meet which will also include Colonial Village.

The local seahorses led U. M. at the close of diving and backstroke events, skipped only slightly during the other strokes and, but for two heartbreaks in the final relays would have emerged with a score eight points in their favor; both senior boys teams had identical times but Upper Merion received the judges' nod; Swarthmore midget girls clocked just one-tenth second slower than U. M.

Molly Zuchowsky (one of six good swimmers by that name on U. M. set a new pool record of 28.7 in Junior girls freestyle, erasing the 29. one previously held by Mae Gerner of Swarthmore. Two new Swarthmore team records were also made - Jack Cushing 31.5 as he won intermediate boys backstroke (the old record of 33. was also his); and Cindy Draper 34.5 winning midget girls freestyle and replacing Ann Townes' 34.5 record which had stood for five years.

This was the second time the Board had discussed taking part in the suit. The subject was broached this time by Spencer who said a number of people, including several attorneys, had asked him to urge the local board to add its support to the test case.

The Board accepted the low bids of Concor Supply Company, Wilmington for a \$2060 dishwasher and Albert Hanson, Philadelphia for a \$2994 steam kettle for the high school cafeteria. Other bids for a walk-in refrigerator were discarded in order that this item might be incorporated into a more extensive rearrangement of the cafeteria involving a new serving line and storage space next summer.

Rutledge per capita taxes totaling 39 were approved for exoneration. Board Treasurer David Vint said most of them represented removals from the borough, several were serving in the armed forces and eight had taken affidavits of indigency.

Wade House Program To Conduct Poll Here

The Swarthmore-Wade House Study Program will be conducting a public opinion poll in Swarthmore during this and the following two weeks. Students from the program, accompanied by counselors, will spend several afternoons interviewing residents at their homes concerning their presidential preferences.

The poll is being conducted as part of an introduction to the social sciences. The students will analyze the results of their poll and compare their results with recent election returns in an effort to understand the concept of public opinion and its relation to politics.

The Study Program is being conducted on the college campus for area ninth-grade students of Junior high schools in Chester, Brookhaven and Media, to motivate young people from limited backgrounds to seek higher education and responsible careers.

The 12 participating college students are under the direction of William Cannady.

cut installation costs

with **GAS** HOUSE HEATING

Gas heating is usually less expensive to install than any other type of automatic heating equipment. Operating costs are low, too, because gas house heating costs no more today than it did in 1954. These economies make automatic gas house heating a saving and the number one house heating fuel in the nation. What's more, it's automatic—there's no work—because even, dependable gas heat puts comfort throughout the house. Install automatic gas house heating now for assured comfort next winter.

'With Deep Appreciation'

To the Editor:
Once more with deep appreciation I want to thank the Lions Club for the Plaque on July 4th, and to say again I don't deserve such an honor, but it has made me very proud and happy, and at the same time very humble.

It has been a great privilege to have worked for over 40 years in Swarthmore, where people are so gracious and kind. In 1918 I realized how very kind people can be. We had entirely outgrown the small house we had rented on Lafayette avenue in 1916 and I was at my wife's end when Mr. Little (Mark's father), made it possible for me, a stranger without security, to buy the old Thatcher house on Park avenue, which you now know as "The Inglenook Tea House." It was like a miracle which I will never forget.

You will notice that I say "me" instead of "us" for by that time my attractive partner, Mabel Elms had a dreamy, faraway look in her eyes that warned me that chicken and waffles - all you can eat for 50 cents - was no longer of vital interest in her life. I was so right!

In closing I want to say that I have loved and still love every minute living and working in beautiful Swarthmore. I want to thank The Lions Club, The Rotary, and the Borough Councils, and all you wonderful people for helping all the way. Leslie Osgood Kurtzthalz

Carl Gersbach and Bill McClarin starred as Aqua Mechanics and Dick McCurdy and Ted Fitzgerald as Coach and Protege in the lifeguards' annual routine of comedy dives which opened Swarthmore Swim Club's family Fourth of July program at 4 p.m. Saturday.

Joanne Dunn performing on the low board and Barbara Stuart and Gerry Sherwin on the high board followed with exhibitions of skilled diving. Swarthmore's first baby parade found three "glamorous" mothers pushing their "babies" (Miss Swim Club 1960, Miss Texas 1979, and Miss Swarthmore 1979) in decorated carriages (wheelbarrows) around the pool. A judges' panel consisting of Marcia McCurdy, Ruth Kurtz, Pat Hayden and Judy Costello declared Miss Swarthmore (Ted Fitzgerald) the winner. After

Knee Hi League Ends Season

As expected, the Orioles wound up its season winning the American League side of the Knee Hi League with an 8 and 2 log. The Phils and Braves, however, finished up tied and had to play-off. Last Saturday evening they met and played one of the most outstanding games in the history of Knee Hi baseball when they played a nine inning game to a standstill. The score was 4 to 4. Both teams played extremely well, and either deserved a victory.

Then on Sunday evening Wells Forbes' and Harry Benton's Braves met the Phils again. This time the Phils were victorious by the score of 4 to 0. Ironically coach John Trevaske was absent but Dale Knob and Bud Stein filled in beautifully. Two of the runs were scored by Jack Keefe, one by Dale Knob and the other Henry Herschel.

Phil's pitchers Rob Stein and Torrey Schmidt allowed but one hit by Scott Forbes. There were other baserunners, Jackie Benton, Dave Clark, and Dave Restrepo, but none were able to cross the plate. Tiny Jackie Reese went all the way on the mound for the losers allowing three hits but they all counted for runs.

With the National League division finally decided the Phils became ready to meet the Orioles in the Little World Series. Final Standings for the leagues were:

SRA Drama Club, Tennis Program In Fine Fettle

The Swarthmore Recreation Association's tennis program is running smoothly under the watchful eyes of Head Instructor Steve Belk and his assistants Frank Pierson, Deane Calhoun, Candy Cozine, and Pete Salom. With better than 180 children enrolled, the program has been divided into four groups designed as young beginners, older beginners, intermediates, and advanced.

Every morning, classes are opened with a clinic conducted by Steve on one phase of tennis before the classes split up into two groups. One group practices on the High School courts, while the other practices on the College Avenue courts.

When the tennis students feel that they can hit the ball, they may take an ability test on the various strokes. The three classifications are Amateur, Tournament, Player and Professional. Most have achieved the Amateur status.

Highlights of the first three weeks of the program have been a trip to the Pennsylvania Grass Court Championships at the Merion Cricket Club, and a team match against Springfield. Against Springfield, the boys triumphed 2-1 while the girls lost 3-0. Branch Coslett lost to Jay Taylor by a score of 8-6, while Tom Ison was defeated by Rick Valenti 8-1. Greg Carroll came through in a tough doubles match by defeating Bob Smith and Bob Fegen 8-6.

In the girls' matches Lillian Morgan beat Cathy Goldwater 8-6, Connie Burgess beat Marion Hunter 8-3, and then Connie and Lillian teamed together to beat June Rozby and Katie Tolles in the 8-1.

The former Mary Elizabeth Wortman, she was born in Canada in 1885. Her husband, who died in 1954, had been secretary of the Delaware County Chamber of Commerce and the Chester Business Men's Association.

Mrs. Delehanty was a member of the Swarthmore Presbyterian Church, the Woman's Club of Swarthmore and the New Century Club of Chester. Years ago, she was an active worker on the White Elephant Booth of Chester Hospital and has assisted at the Chester Day Nursery.

She is survived by two sons, Paul W. and William, both of Nether Providence.

Services were held yesterday in Chester with burial in the Chester Rural Cemetery.

DRAMA CLUB TO GIVE PROGRAM THURSDAY

The S.R.A. Drama Club will present a program of their work this summer on Thursday evening, July 30, at 7:30 in the High School Auditorium.

Some 19 high school girls and boys will give specialties and scenes from well-known plays. There will be a small admission fee.

One of the popular activities of the Swarthmore Recreation Program is the Drama Club for high school boys and girls. The group is in charge of Mrs. Barbara Graves, founding director of the Junior Theatre of the Community Arts Center, and has increased in size over last year when the idea was inaugurated. In addition to the fun they have just being "on stage" in the high school auditorium, much is being learned about voice and diction, interpretation and acting techniques.

The first weeks were spent improvising in pantomimes, musical interpretations, and original brief scenes. Later, "acting wings" were tried by experimenting with a wide variety of parts in well-known plays.

This week everyone was cast in "The Sound of Music," "Sara Crews," and "Of Thee I Sing," political satire of the early thirties (in recognition of an election year). The group, which plans to present a program of their work in the High School auditorium on Thursday evening, July 30, includes:

Lee Barford, Debby, Denise and Donna Boller, Peggy Hart, Margy Hay, Arthur Johnson, Graham and Holly Kerr, Lynn Kippax, David Maass, Susan McAllister, Don McPherson, Gary and Harold Morgan, Sheryl Polikoff, Melanie Seymour, Miriam Taylor, and Chrissy Whiteleather.

Fire Company Serves Boy Scout Jamboree

The Swarthmore Fire Company was one of the 38 Delaware County volunteer fire companies involved in giving around-the-clock fire protection to the 53,000 Scouts at the Boy Scout Jamboree. Fire Companies from Chester and Montgomery Counties were also represented.

Three Fire Stations were manned on a 24 hour basis, with each participating Fire Company sending a Pumper Truck manned by a Fire Company officer and five men. Each Fire Station had a 4,000 gallon water tank truck staffed by the participating company.

Swarthmore Fire Company served at the Jamboree on Wednesday, from 4 p.m. to 12 midnight. Participating members from Swarthmore included Chief Clarence (Hub) Hartman, Assistant Chief Horace Renshaw, Firemen Clifford Renshaw, George Froehle, Walter Reynolds and Allen Willis.

Tennis Club Holds Father-Son Tourney

The father-son team of Hilary and Rusty Conroy won the Parent-Child tournament held at the Swarthmore Tennis Club on Saturday and Sunday. They defeated the team of Harry Coslett and his nephew Ned Coslett, by scores of 9-7, 6-2, in the finals held Sunday afternoon at the club courts.

This was the first tournament of its kind held at Swarthmore and attracted a total of 18 teams predominately parent-child, but with several variations and substitutions. All matches prior to the finals were settled by the "pro set" in which the winning team had to win eight games.

Enroute to the finals the Conroys defeated the Clarksons 8-6; Ed and Ray Boyer 8-5; Virginia Coslett and Weemle Toland 8-4, and Ed and Branch Coslett 8-0. Harry and Ned Coslett defeated the Van Ormer's 8-2; Gil and Chad Herrickson 8-4.

In a consolation tournament held for teams losing in the first round, Tad and Pete Salom defeated Lloyd and Conn Sloan 6-3, 6-4 in the finals. The Saloms were victims of the Boyer's in the first round by a score of 8-3, but then went on to defeat Brook and Jane Bunting 8-6 and Stu and Debbie Torrey 8-4. After losing 8-5 to the Herrickson's, the Sloans defeated Bolling and Lyn Clarke 8-0 and Curt and Janine Wallin 9-7.

Rutledge Requests Change In Busing School Board Hopes To Start Ele. Addition

School Board Tuesday night received a petition bearing 54 Rutledge residents' signatures requesting a change in the company providing bus service for their children coming to the elementary school in Swarthmore. The petition complained of long waits in all kinds of weather and drivers using wrong streets.

School Superintendent Harry Kingham told the Board that the William Forwood, Jr. bus company had failed to follow the school calendar on several occasions. He said the wait thus occasioned would not injure the children physically but might interfere with their progress by delaying their arrival at school. The Board asked him to investigate the possibility of securing more responsible service from another bus company.

Dr. John Wigton, board secretary, suggested that Springfield might be willing to supply service as its bus comes through Swarthmore while picking up its pupils in the township's sections near Rutledge and the other side of the Swarthmore school.

The Board decided to request preliminary permission of the State Department of Public Instruction to proceed immediately with construction of an addition to the elementary school, waiving immediate reimbursement in order to expedite matters but retaining the right to apply for it later when the project is approved. The Board is having private meetings with an architect. A \$150,000 library, administrative-office, team teaching room connection between the two existing buildings on Rutgers avenue is contemplated. It is expected financing will be by short term loan.

Dr. Kingham announced six air-conditioning units for the district and high school offices had been purchased at a total cost of \$1000.

Mrs. Mary J. Mitchell, graduate of Bowling Green State University, Ohio, was elected first grade teacher. She previously taught in Ohio and in Collingdale. Mrs. Ruth O. Smith, Secane, was appointed secretary in the school district office.

SUMMER CLUB AT HALF-WAY POINT IN VARIED ACTIVITIES, PROJECTS

The activities for the first half of Summer Club have been numerous and varied. Under the sponsorship of the Swarthmore Recreation Association, six age groups enjoy programs planned by the staff.

With the help of Mrs. Marjorie Wood, the four year olds have made great progress in the first three weeks. Paper hats and fourth of July flags dominated the scene during the first week; Bert Benton, Robbie Goldberg, and Jennifer Perkins enjoyed the marching around to celebrate the "Fourth." At the second week rolled around, the Weatherford and Owen Phillips were especially interested in making policeman's badges and delivering mail in connection with the theme of "Friends."

After discussing the Postman, Doctor, Milkman, etc., their attention was turned to the seasons of the year. Making snowflakes and jack-o-lanterns was fun for Franka Brilliant and Jill Berger. At the half-way point of the program, playground is the favorite item for pastime with Mary Smith and Carolyn Worth.

Tricia Logue enjoys putting puzzles together and Richard Hameka likes to make block towers. Connie Worth and Mary Ellen Pollock keep the "home-making" corner active. For all the children, learning to follow a routine and directions has been the major development.

Kindergarten Activities
Under the direction of Joan McKinnell, the Kindergarteners have completed a busy three weeks. With the birthday of Scott McCallister, a treat of cupcakes for all highlighted the activities. Carolyn Behr, Alex Javians and Marshall James fashioned party hats, while Greg Rapp, Anne Gerber and Bobby Dolg enjoyed some games.

Currently, the focus of attention turns to transportation. Studying boats, Paul Rosier drew many of the different types, as Robin Berman and Arthur Hopkins related a few of their traveling experiences.

1st Graders Busy
Ann Hewes has kept the first graders active with a daily schedule of drawing, pasting, and outdoor recreation. They have also made paper puppets, created sponge painting, and attempted paper pictures. Records brought in by Joseph Doody, Susan Thompson, Livia Brilliant, and Robbie Henderson have added to the general atmosphere of sharing and fun.

The second graders, led by Mrs. James Phillips, have "visited" different culture groups each week. With appropriate projects for each "visit," they have studied the American Indians, Mexico, Alaska, and Hawaii.

In the game department each child has had an opportunity to pursue his or her favorite sport. Chris Haight, Martin Rudman and Greg Bird find baseball the most appealing. Jump-roping keeps Wendy Parlesano, Susie DeMirjian, and Elizabeth Fukushima active.

Lynn Wilkinson and Donald Sterned seem to enjoy checkers best. The arts and crafts program appears to interest David Rose and Elizabeth Taylor the most.

Young Handicrafters
A variety of activities planned by Lea Raynor has kept the third and fourth graders active. Hugh Hart, Richard Goldberg, Harold Rounds, and Donnie Henderson have spent the time constructing many useful objects from popsicle sticks. During the three weeks, pocketbook weaving has proven enjoyable to Nancy Aaron, Brian Spence, Barbara Hayden, Stephanie Haight and Janice Morgan.

When the opportunity to work with clay arose, Edith Weatherford, Robert Collins, Mark Rivello and Linda Munro eagerly became amateur sculptors. Basket and lanyard weaving has kept Luis Oliver, Scott

Thompson, David Fukushima, Paul Wilkinson, Ken Rudman, Stephanie Brilliant and Terry Benton busy. Raymond Hatan, Robin Juckem, Chris Leslie, Kate Koelle, Jeryl Hunt, Mimi Muhlenberg and David Plumer find felt projects the most appealing.

Ready For Carnival
In preparation for the Summer Club Carnival, the fifth and sixth graders planned, set up and operated several games. In charge of "Pins in the Jar" were Mark Hubbard and Sam Anderson, with Ken Moore and Jack Benton assisting in the making of "Pennies in the Ring." Carol Johnson, Carl Hanson, Chris Hay and Bob Bower assembled the "Ball and Pins," while Robert Freed and Andy Heller helped with the "Tic Tac Toe."

The Horseshoe Toss and "Lost and Found" were completed by Kobi Muhlenberg, Jack Hart, Bill Ricksecker, and Ariel Loftus. Beau Ricksecker, Steven Feldman, Susan Anderson, and Lall Sims worked on the marble animals and "Number Ring Toss." To finish off the Carnival, Sandra Spence, Connie Linton, Paul Silva and Jim Collins put together the fishing game and "Lions Mouth."

Competitive Games
A fifth and sixth grade softball team (composed of Carl Hansen, Chris Hay, Dennis Pollock, Eric Spence, Paul Silva, Beau Ricksecker, Ken Moore, Jack Benton, Jimmy Collins, Bob Bower, Mark Hubbard, Steve Rudman, Robert Freed, Andy Heller and Fred Spencer) will play Springfield, thus clinching many practices. Also in a competitive vein, Checker Champs Dave Fukushima Kobi Muhlenberg and Sam Anderson and Chess Champ Marge Kelly will have a playoff with Springfield.

The results of last week's Carnival found three top scorers from each age group:

Four year olds - Owen Phillips, Kent James, Franca Brilliant; kindergarten - Adam Nickles, David Nevins, Mark Sederman; first grade - Max Sutherland, Susie Thompson and Joseph Doody; second grade - Martin Rudman, Chris Haight, Greg Bird; third grade - Raymond Holton, David Nelson, Kevin Hubbard; fourth grade - Cindy Heller, Andy Sharpe, Steve Haight; fifth grade - Susan Anderson, Ariel Loftus, Lall Sims; and sixth grade - Carl Halsey, Dennis Pollock, and Jack Benton.

With three weeks more to go, the Summer Club staff has prepared a number of special events. Each week brings a movie and a square dance. Exciting events for the future include a lemonade sale, pet show, peanut hunt, and fire engine and pony rides.

32 Participate In 'Summer Studies'

Swarthmore-Wade Project Gives Report

Half-way mark has been reached by the Swarthmore-Wade House Summer Studies Program. For three weeks Director Bill Cannady and 12 Swarthmore College students have been running the program on the campus for the benefit of 32 ninth and tenth graders from the Chester, Media, and Brookhaven schools. The program is designed to motivate these highly selective children from non-college backgrounds to higher learning and to help develop their creative abilities.

The children have no exams and they do not study from texts. In each area of study a Swarthmore College professor lectures for an hour each morning. Small follow-up discussion groups are led by student counselors. After lunch, for a week at a time, the children spend an hour and 15 minutes in small groups pursuing the area of study of their choices with a counselor. The day ends at 4 after a game of softball and swimming.

This week began with fine arts. Professor Hedley Rhys compared a photograph to a painting of the same scene in order to illustrate how much more alive and exciting the painting is in comparison to the flat, lifeless photograph. The next morning he led a tour through the Philadelphia Art Museum.

Republican Convention week the children put on their own election. Each of two parties developed its own platform and nominated its own Mayor and two councilmen for a hypothetical town. Registration, a hot debate in which real newspaper reporters formed a press conference, and balloting then ensued. Intermixed with this election were lectures on local and national politics. In the afternoon interest groups, the children have been polling Swarthmore citizens on their presidential preference.

Thus the children are introduced to areas of learning on a professional, academic level through the Swarthmore College professors. Then they deal with these subjects on a more informal basis with the college student counselors. Most gratifyingly, the children tend to be extremely responsive to the lectures and whole program.

Financial support for this program has amounted to \$11,000 donated by the New World Foundation, Chase Foundation, Scott Paper Company and private donors. Car agencies in Media and in Prospect Park each donated a car

for the program to use in transporting the children. And the college professors have lectured without pay. A week ago a radio station televised the group for three minutes of an evening newscast.

"I wish the program would go on and on. This is the first time I've been with kids that think the way I do. And learning here is such fun," said one boy the other day. The counselors will run a follow-up program on Saturdays during college next year.

Explorers Cruise To Cape May

Members of the Swarthmore Sea Explorer Ship spent July 10 to 12 at Cape May. They sailed from "The Anchorage Marina in Essington Friday evening aboard their 45 foot boat S.E.S. Leo Marie II.

Saturday morning was spent in swimming in the Delaware Bay. About noon the boat docked at the marina in Cape May. After getting the boat shipshape, the Sea Explorers were given liberty.

Sunday morning liberty was granted to those Sea Explorers who wanted to attend church services in Cape May. About noon they cast off and started the homeward trip.

Those going along on the cruise were: Boatswain Bob Egee; Yeoman Paul Hulse; Quartermaster Gregory Boris; Crew Leader Roger Woodcock; and Crew Members Blake Rainey, Ken Struthers, Jim Womer, Gerry Womer, and Rich de Moll.

The Adult Advisors were Skipper George Thomas, Mate John Struthers, Committeeman Gar Rainey, and Skipper Neff of the Upper Darby Sea Explorer Ship "Pilot."

During the cruise all hands had turns at being Navigator, Helmsman and Galley Help. Jim Womer acted as cook and prepared all the meals aboard the boat.

HS Baccalaureate Sermon by Fry

Below is a continuation of the High School Baccalaureate Sermon delivered by the Rev. John R. Fry to the graduating class at Swarthmore High School. The first part began in the June 26th issue of The Swarthmorean. The second part ran last week, and the third part continues below.

"Members of the graduating class of 1964, the day has passed when you can ignore your obligations to the citizens of America — every one — or

the citizens of the world. You cannot hope to tread the paths of excellence alone; you have brothers and sisters with whom you are bound in strong constitutional bonds. Unless provision is made for all, that is, unless justice becomes the lot of all, you will fear officiate over the dissolution of American democracy, paying the full price for the sins of your fathers and grandfathers.

"It is a fateful crisis, one that obtrudes into the splendid old story we heard from the book of Joshua a few minutes ago. Once upon a time, before religion became a big time thing, the people came together only in critical situations, not nicely each Sunday or each

THE SWARTHMOREAN

Friday night or Saturday morning. They came together for one purpose alone, to confess before God that they had broken the covenant made with him by their fathers, and to renew that covenant. As Christians or as Jews, that is still what we do when we come together although the oak is sometimes shaped in the form of crosses. That is what we do even at baccalaureate services. Did Israel come together at Shechem in order to admire one another, or to hear prosperous fat words? By no means. They came together as surely we do in order to hear about their and our history, and the covenant made long before us, and about the Lord

of that covenant, whose name is Yahweh. Why was Joshua so exercised about worship of the Amorite gods? Why did he elaborate the holy history?

"Because of the covenant. The covenant embodies God's care for the living of all human life. The heart of the covenant is brotherly care that all men must display to all men. The doing of peace, the saying of true words, the production of a sheltered, secure existence, the caring for all creation; this is the content of the covenant. The structures of the law and the order it provides are directed toward one thing and one thing alone: reconciliation. This covenant was ratified by Jesus, expanded and reinter-

preted so as to include within its bounds the loving care of all men, not only the kinship group, but the stranger and sojourner also, — the neighbor — and more than that, the enemy himself. Hope for humanity is vast indeed, unimaginable, when the true covenants love their enemies, and the stranger, and the oppressed, the disadvantaged, the poor, the starving, as well as friends, relations, the family, and fellows in a graduating class.

PHILS WIN KNEE-HI WORLD SERIES

Chip Robinson Wins Special Director Award

Last Wednesday, July 15, John Treviski's Phillies won the Little World Series over Phil Robinson's Orioles 5 to 1. After finishing in last place in league competition the past two years the Phils came back strong this year to win the top spot. The Orioles, with an impressive 8 and 2 record during the season, showed the reason why, with fine organization, spirit and individual skill.

The Phils got started immediately in the second game, (and the deciding one), of the series by scoring two quick runs on Terry Irving's triple. This scored Jackie Keefe and Chip Robinson. In the second inning the Phils added one more when George Johnson socked a triple and ran home on a fielder's choice of Timmy Hines' ground ball. After that both teams played three scoreless innings, until in the final stanza, the Phils scored two additional runs when eight men came to bat during the rally. Chip Robinson and Terry Irving scored these insurance runs when Roy James and George Johnson hit a triple and two-bagger respectively.

The Orioles, not to be shut-out, got into the scoring column when Bill Stanton scored on a fielder's choice. This was all the Orioles could muster because a third inning rally by Mike Brennan, Mark Oliver, Charlie Parker, and Chris Morrison was nipped by the determined Phils. Mark Oliver and Pete Morrison pitched for the Orioles while Rob Stein, Dale Knob and Terry Schmidt appeared on the mound for the Phils.

Trophies Awarded
During the course of the game, League Director Bill Reese awarded the most valuable trophies. Receptions were determined by squad vote. Each Team represented as Dan McCoubrey of the Indians, George Lee of the Dodgers, Craig Coit of the Tigers, John Ricksecker of the Yankees,

Dave Restrepo of the Braves, Jack Keefe of the Phils, Bill Stanton and Chris Morrison of the Orioles, and Jamie Coddington of the Cards received their awards.

A special Director's award was presented to Chip Robinson as the Outstanding Player of the league. Chip's all around play both in the field and at bat won him this special recognition.

Seventh World Series
This was the seventh world series of S.R.A.'s Knee Hi league. As has been stated many times, league balance is of the utmost importance in creating an atmosphere of even competition. This is not always satisfactory for all teams all of the time, but it should be noted that no team has ever gone undefeated through a season (except the Indians Minors this season), and no team has ever gone completely without at least one victory during a season.

As far as the World Series play is concerned, seven of the eight teams have played in a World Series at least once, with the exception of the Yankees. Yet the Yankees, always a strong team, have finished in second place the past four years. From an over-all view point, and in reviewing the past seven years, the league gives the appearance of coming fairly close to the objective of balance, affording success and failure to all.

World Series History
The history of the World Series is as follows:

1964, Phillies over the Orioles; 1963, Braves over the Orioles; 1961, Cards over the Orioles; 1960, Indians over the Dodgers; 1959, Phillies over the Tigers; 1958, Indians over the Cards.

One final note - since 1961, whichever nation of the league (National or American) has won the annual All star game, the opposite section representative has won the World Series.

PAUL PAULSON DIED SUNDAY

Founded Rug Firm Here 50 Years Ago

Paul M. Paulson, founder of Paulson and Company and a resident of Swarthmore for more than 50 years, died Sunday in Taylor Hospital, Ridley Park.

Born on October 15, 1880, in Asia Minor, Mr. Paulson came to this country in 1910. Making his base in Philadelphia, he took trolley rides each day in different directions, to see his new country, and when he found Swarthmore, decided to make it his home. He moved here on July 25, just 30 days after arriving in Philadelphia.

He established a rug business here with a partner, later going to Conshohocken for two and a half years. He returned in 1914 when he founded his own rug business. After steady growth, the company expanded its showrooms in 1960 and is celebrating its 50th anniversary this year.

Unschooling himself, Mr. Paulson saw that all four of his children received a college education, an ambition he accomplished with the help of his wife Anna and the children themselves.

The Paulsons first home was at 9 South Chester road; they moved to the Park avenue address 1918. They celebrated their golden wedding anniversary in January of this year.

He was a member of the Swarthmore Methodist Church where he was a trustee and a Men's Bible Class teacher, and a member of the Methodist Men, Gideons Society, and the Delaware County Camp.

In addition to his wife and children - Michael of Drexel Hill, Paul of Media, Dorothy (Mrs. Wesley) France of Largo, Fla., and Louise (Mrs. Vane) Kuppelan of Chevy Chase, Md., - he is survived by a sister Mrs. Lena Hider of Albany, N. Y., and 13 grandchildren.

Services were held at 1 p.m. Wednesday at the Methodist Church. Burial followed in Valley Forge Memorial Gardens.

In lieu of flowers, the family suggested that contributions be made to the Memorial Fund, Swarthmore Methodist Church, or to the Greek Orphan's Scholarship Fund, in care of Rev. James Savides, treasurer, 2704 Keith street, Eau Claire, Wis.

The girls, the daughters of Mrs. Mary Morlan Hopper of Parrish road, are in Landes Kienkenhaus Hospital in Villach, Austria, with minor injuries.

The accident occurred near Klagenfurt, Austria; the girls were enroute to Yugoslavia. Dorothea Gerbes of Lexington, Mass., was killed in the accident. Her sister Angelica, who police said was driving the car, is reported in serious condition.

THE SWARTHMOREAN

CLUB'S LEAGUE, POOL CHAMPIONSHIPS END

Locals Place Seventh Among Thirteen Participating Teams

Swarthmore Swim Club stood in seventh place with a total score of 85 1/2 points at the close of the 13-team Suburban Swimming League championships held last Saturday. Other team scores were:

Colonial Village 386, Great Valley 242 1/2, East Whiteland 212 1/2, Martins Dam 162 1/2, Upper Merion 128, Ply-Mar 96 1/2, Marple-Newtown 79, Wallingford and Rose Tree Woods 52 each, Aronimink 51, Penn Square 48, Rose Valley 30 1/2.

Two League, seven pool, and one Swarthmore team records were bettered in July 19th's opening events here. The 32-1/2 girls backstroke winning the

of M. Zuckowsky, Upper Merion and L. Dittmars, Great Valley was a new League record and erased the former 34.6 pool record set by Swarthmore's S. Hosford last year. H. Stewart, Colebrook Village winning mid-

boys breaststroke 37.6 set a new League record and replaced the 42.3 pool record set by J. Ambers, Aronimink last month.

2-Year Record Broken
Stewart also brought the two-year-old 38.6 midsize boys backstroke record of K. Helm, CV up to 38. J. Shoemaker, CV moved the jr. boys backstroke record to 32.3 from 34.1 set last year by J. Rizzo of a Manhasett, L.I. team. P. Lawlor GV who set a 39.3 midsize girls backstroke record here in June moved it up to 38. S. Ferguson, Penn Square took jr. girls breaststroke in 36.5 erasing the 38.8 set by A. Michener, Swarthmore in 1962. B. Asay, CV and S. Winings, Wallingford reset jr. boys backstroke at 35.5; it had been 37.1 since J. Robertson, Martins Dam set it in 1959.

R. Daugherty's third place time in midsize girls breaststroke moved the Swarthmore team record to 40.4 from 42.1 held by S. Hosford since 1961. S. Hosford, T. McCurdy, S. Brown and M. Gerner placing third in int. girls medley relay moved that record to 2:14.6 from 2:15.8 previously held by B. Gerner, T. McCurdy, A. Townes, S. Brown.

On July 20 S. Hosford placed third in 200 meter freestyle rescaling her 2:37 team record at 2:30.6.

Records Smashed
More Swarthmore pool records were smashed on the 25th when the morning events had to be moved to Swarthmore due to a water condition at Marple-Newtown where they had been scheduled. At least half of the first place winners erased the old time mark - probably more will show when official results arrive from the League giving times on those which Swarthmore officials were not able to note during the meet's rush.

D. Phillips, CV moved L. Reppert, Ats 22.2 p. butterfly record up to 31.4; J. Harper, R.V. moved P. Lawlor, G.V.'s 36.4 midsize girl butterfly mark up to 34.2; S. Winings, W. reset S. Letzler, Manhasett, L.I.'s 27.5 jr. boy freestyle record (Continued on Page 5)

It was the third straight year of title for the first three and the second for McCurdy.

Midsize girl Cindy Draper came to within one point of tying Sue's 33 points for top swimming laurels, based on breaking or nearness of approach to existing records.

New records set by winners of the 1964 cups were:

Hosford - 220 yard freestyle 2:33.6 (had been Sue Brown's at 2:44.9); Cushing - 220 yard freestyle 2:32.7 (had been his own at 2:37).

Other Award Winners

Peter Torrey won the midsize boys plaque. Junior placings went to Marcia McCurdy and Rob Lamberson; Intermediates to Hosford and Cushing; senior to Peg Winch and Dick McCurdy.

Also presented at the picnic following Sunday afternoon's races were awards to those winning the highest number of points in their age groups during League meets and championships:

Letter to the Editor

The opinions expressed below are those of the individual writers. All letters to The Swarthmorean must be signed. Pseudonyms may be used if the writer is known to the Editor. Letters will be published only at the discretion of the Editor.

For the Record

To the Editor:
I have not seen the story myself but it was reported to me that a Swarthmorean news story said that air was let out of tires of cars in the railroad parking lot on July 3.

The vehicles involved were my car and the motor scooter of a young man. Two of my tires were flat and the rear one of his scooter. We first reported to the police that the air had been let out of which of course was the information on which your story was based. However, that evening the garageman sent to fix them said the tires were slashed; one of which had been purchased about a week before. A knife with about a 1 inch blade had been driven into the tires approximately one inch from the rim. The two tires slashed were on the side of the car near the path along the railroad in the corner of the lot and the car had been left there from 8:20 a.m. to 5:45 p.m. The cost of two new tires at a sales price for an English Ford plus service charge was over \$46. A full report was made to the police after the correct facts were determined.

I am sending this not as a correction because as indicated above your story must have been based on my original report. However, you may be interested in having the complete facts.

Very truly yours,
William B. Pugh, Jr.
Media, Pa.

McHENRY AUTHORS FOOTBALL ARTICLE

William D. McHenry, director of athletics and football coach at Lebanon Valley College, Annville, is the author of "Summer Conditioning Program for Football," an article that appeared in the June issue of "Athletic Journal," a publication for coaches and directors of athletics.

The article describes Coach McHenry's program of "moderate preparation" for the rigors of pre-season football practice periods. This program includes regular contact with the members of the football squad through letters from the coaches and the captains, an important psychological factor. It also includes instructions for four weeks of pre-season exercises for each squad member. These exercises are begun during the first week in August and are based on the assumption that the athlete has kept himself in good physical condition during June and July.

McHenry defends his summer conditioning program by noting that "Statistics show that most games are won or lost in the fourth quarter. If a player is not in good shape physically, then he cannot be expected to perform up to his capabilities. This affects his mental attitude; his determination to do the job with maximum effort is decreased, and he is based on the team morale is lowered. There is no easy road to success. Every player must work hard if the team is going to meet the measure of success that is desired."

A graduate of Washington and Lee, McHenry has been at LVC since 1961. Prior to 1961, he served for three years as freshman football coach and varsity lacrosse coach at Williams College. He is the son of Mrs. W. Rodman McHenry of Parrish road.

SEACOLTS BOW TO RIDLEY PARK

Ridley Park came to Swarthmore with a team of superior backstroke and butterfly swimmers last Friday to defeat the local Swim Club seacolt team by a final score of 103 to 93. Swarthmore's 37 points to Ridley Park's 16 in freestyle was not enough to offset their opponents' 29 to 7 in backstroke and 26 to 10 in butterfly. Both teams ran up 18 points in breaststroke.

Swarthmore took three out of the five relays - eight-and-under girls (G. McCurdy, L. and P. Sutherland, K. McCurdy) 10-and-under girls (B. Hayden, L. Jeavons, E. Logue, M. Weaver), 10-and-under boys (R. Jeavons, R. Koelle, J. Harmon, M. Murray).

Bell Tel. Introduces Touch Tone Phones

Touch Tone telephones were introduced in the Kingswood central office area on Monday. The Touch Tone phone uses buttons instead of a dial.

A. D. Rose, Bell Telephone manager for the Kingswood exchange, said 37 of the company's 577 offices have been selected for Touch Tone Conversion by the end of 1964. Other exchanges in eastern Pennsylvania scheduled for the new telephones this year are Ardmore, Ambler, Bethayres, Halboro, Jenkintown, Kirklyn, Media, Wayne and Willow Grove.

Touch Tone telephone instruments feature a rectangular keyboard in place of the rotary dial with three rows of these buttons and the "O" (Operator) button centered at the bottom. The customer taps out the desired number, as it would be tapped out on an electric typewriter, and each key sounds a musical note which triggers electronic switching equipment at the telephone central office where the call is routed to its destination.

Experience of customers in the market-test areas shows that Touch Tone calls require only two to three seconds for completion compared to the average nine seconds it requires to dial the usual local call.

"Touch Tone calling is the first step to what we might call the 'telephone of tomorrow,'" Rose said. "The next major step will be the construction of the electronic central office. When that day comes, a host of new services will be available to the telephone subscriber."

He explained that during the course of placing a call, it would some day be possible to tap out an extra code or two to turn on a machine or an appliance linked to a telephone line.

"In other words, a returning vacationer may stop at a roadside phone booth, dial his own phone and turn on the hot water heater. A housewife may turn on a roast in her oven from downtown or order merchandise from a store after the store has closed. Businessmen, of course, will be able to turn on data machines by simply making a remote phone call," Rose said.

TB ASS'N CALLS FOR XMAS SEAL DESIGN

A call for Christmas Seal designs was issued yesterday to Delaware County artists by the local Tuberculosis and Health Association.

Robert W. Bernhardt, South Princeton avenue, Executive Secretary, announced that the National Tuberculosis Association is offering an award of \$1,000 to the artist whose design is selected. This winning Seal will be used in 1966 and reproduced millions of times, appearing on letters and packages, in newspapers and magazines, and numerous public places throughout every part of the United States.

All details concerning the stamp design competition is compiled in a pamphlet titled, "A Call For Artists," which can be obtained by writing to the Delaware County Tuberculosis and Health Association, Ninth and Welsh streets, Chester or by calling TRemont 6-8297. Designs will be accepted by the National Association up to September 30, 1964.

Last year many local artists submitted Christmas Seal designs and are invited to try again. There are no limits as to the number of times that designs can be submitted.

Clinton Bradley of Wallingford was the designer of the Christmas Seal for the 1957 Campaign.

Aids Mental Health

Alfred H. Marsh of Columbia avenue and Mrs. J. H. Ward Hinkson of Wallingford are among Delaware County citizens currently volunteering many hours to a statewide mental health and mental retardation planning program.

The Commonwealth of Pennsylvania has a federal grant of \$400,000 for two years to study the State's mental health and mental retardation resources and needs. Hundreds of professional and lay leaders are donating their efforts to supplement those of a small State staff centralized in Harrisburg.

ELECT CRATSLY

Edward K. Cratsley, vice president (Finance) of Swarthmore College was elected a Director of the National Association of College and University Business Officers at their meeting in Chicago.

He serves from July 1, 1964 through the end of the National Association meeting in July 1965.

BOND PURCHASES

Purchases of U. S. Savings Bonds in Pennsylvania during May amounted to \$34.7 million, reports Charles S. Krumrine, state chairman of the Savings Bonds organization.

This brings the total for the year to \$184.4 million or 34.6 per cent of the 1964 sales quota and represents a decline of 13.7 per cent from a year ago. In Delaware county, May purchases of Series E and H Bonds were \$869,656. The total for 1964 is \$5,850,320. Frank X. Bruton is county chairman.

Cash sales for the Nation were \$367.8 million and topped gross redemptions by \$574,000.

The Philadelphia Suburban Water Company is very proud that it, too, was prepared to supply millions of gallons of Pure Springfield Water to the 52,000 Boy Scouts attending the Jamboree at Valley Forge. Almost overnight what has been described as the "20th largest city in Pennsylvania" sprung up on the historic hillsides where George Washington and his cold, hungry soldiers spent the bitter winter of 1777-78. Soon there will remain little physical evidence of the "tent city," which became the 51st community served by this Company. But it is certain that these alert, resourceful youngsters will leave lasting imprints on the face of America.

HS Baccalaureate Sermon by Fry

(Continued from Last Week)

The distinguished minority leader of the Senate and a great clown, Everett Dirksen by name, has been for many years practicing political magic on the Senate floor. He is dedicated as well as the major-

ity party to keeping America on the move, but one quarter of an inch at a time. His persuasive and intricate legislative maneuvers in the past two months are responsible for the possibility that the Senate this week (June 7) will finally invoke cloture and begin to vote on the civil rights bill. This Senator, the most elegant user of language in the Senate has for years been saying something that is even more profound than

funny. Says Dirksen: "The oil can is mightier than the sword." By this he means that political enemies need not go at each other with knives, hand grenades, intent on each other's destruction. Power rarely used produces anger, and an aroused loser who will sit both morning, noon, and night, in consideration of ways to get even. Thus: mediation, compromise if need be. Let us be artisans in the workshop of the possible,

he says. Let us attempt workable legislation. Let us oversee a consensus and not provoke rebellion, and bitter political warfare. I do not propose an opposition party Senator as a model to you admirers of Chairman Falcone, but I do propose that he is right. The oil can is mightier than the sword. So is the pen, the typewriter, the pencil, the council table, the ballot box, true words truly

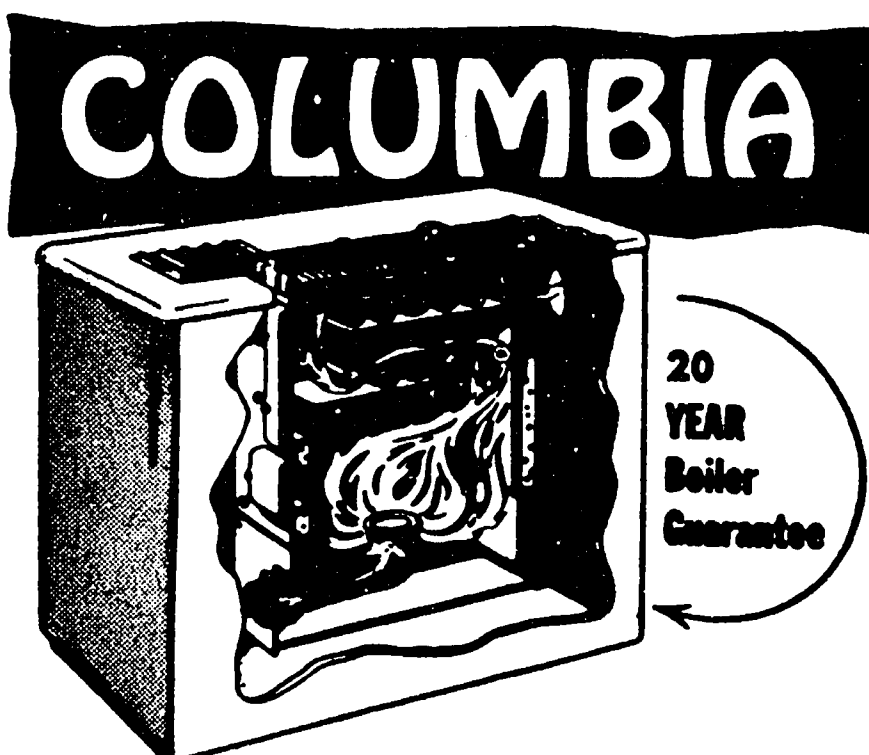

spoken, fair employment, equal education, compassion, trust, gentleness, patience, non-violence, simple regard for the dignity of every man -- all of these things are mightier than the sword. Because they witness to reconciliation and recall men from the brink of hostility. When we this day speak of the covenant, and of reconciliation let us be quite clear that we are using language which can conveniently become empty in

a matter of moments. Mention the vacant word God and some are sure to say, Oh, that's what he's driving at and turn off the receiver. All the more reason that we fill up this language with the specific content of reconciliation! that is, at the same time, full justice among all men. Perhaps if we spoke of reconciliation in terms of justice for ourselves we could find our (Continued on Page 7)

way into the center of this business. What really do you hope for? Recognition, I dare say; recognition of who you are, just you, for yourself, and treated for who you are, not the you someone wants you to be but the you you really are. Affection. Shouldn't you love to have people love you and be kind to you and yes to you each time you

asked? Wouldn't it be wonderful if from now on, for the remainder of your days not one harsh or discouraging word were spoken to you? Achievement. How nice if every one of you could have won the Phi Beta award last night? How nice if you all were offered just the jobs that you want and were to marry just the very right person, and were to live just where you want to live! Fulfillment. A circle of congenial friends, meaningful work, enough money, enough children (but not too many), good cheer, relaxation after

toil, cultural enrichment, and happiness. I'll say it again: happiness. If only we, your elders, might promise all that to you, if only we could promise that your hopes, some of your hopes would come true. But, of course, we can't. Only God can promise that to you. And he has. But in a curious way, no one can inherit such an earth unless everyone is included. The meek truly shall inherit the earth and it will not be inherited until all are meek. God has intended the best, the most prodigally hedonistic life imag-

inable but it strangely is not possible because of your stubborn disregard and antagonism, for those others who desire as ardently as we the good life. Hear that good news. Reconciliation evaporates when full, mercifully full justice is not the lot of every man. Hurt one man; Brind one man's face into the muck and the whole human race is endangered. I have hoped to enflame your passions for that full justice, yes, but far more, to invite your commitment today under these new oaks of Shechem to the Lord of the covenant and

the reconciled humanity which is its ultimate aim. What then do you say about the covenantal obligations that are laid on you this day? You have been seen dallying with the Amorite gods, toying with the possibility that you can escape the responsibilities of this still ancient world. So, whom do you choose? Say you plainly. Whom do you choose? We are your witness.
